Board of Canvasser Minutes:
November 3, 2026
Town of Scott Town Hall (2621 Jody Drive)
The Board of Canvassers, along with Deputy Clerk Julia VandenLangenberg and Clerk Jaime Fuge meet on Election night after the polls closed.
Roll Call:

Election Inspectors	Present	Not Present
Kathleen Anderson	X	
Denise Gaumer-Hutchison	X	
Jeanne Heuer	X	
Monica Leach	X	
Bonnie Malone	X	
Alan Paal	X	
Debbie VandenLangenberg	X	
Joe Thibadeau	X	
Cari Langenberg	X	

There were no members of the public present.

The absentee ballots were examined and opened during election day:

- The Election Inspectors rejected one absentee ballot due to no voter signature, witness signature or witness address. The Deputy Clerk left a message and sent an e-mail to the voter on Friday, October 30, 2026 when she received the ballot in the mail. The voter did not correct the certificate with their witness before 8 p.m. on Election Day.
- The remaining absentee ballots were approved and processed, the names and addresses were read out loud, and voter numbers were assigned in the poll book. This was done throughout the day.
- The absentee ballots were then processed in the DS-300 election precinct counter throughout the day and completed by 8pm.

The polls closed at 8 p.m. on November 3, 2026.

- Two DS-300's processed and tallied the election results.
- The tapes of the election results were printed off.
- The results were modemed to the County Clerk's Office at 8:10 p.m. The Clerk called and confirmed the results modemed successfully for the election.
- On the machine that processed the absentee ballots, the number of voted ballots, the poll book and the tabulator on the DS-300 reconciled at 723.
- On the DS-300 that tabulated the ballots of voters that voted on Election Day, the number of ballots voted, the poll book and the tabulator on the DS-300 were all 1328.

The Board of Canvassers reviewed the ballots for write-ins. There was one registered write-in that was added to the tally sheet. Additionally, they counted the number of ballots to confirm the number of ballots matched how many the machine processed. The numbers matched.

The EL-104 was filled out, and the voted ballots were sealed into the ballot bags, which were returned to the deputy clerk/clerk and securely stored.

There were no provisional ballots issued for the November 3, 2026, election and an additional meeting was not needed.

The meeting adjourned at 9:30 p.m.

Jaime Fuge
Clerk
