Subject: Connect Communities Attendance Reminder

Follow Up Flag: Follow up
Flag Status: Flagged

Good morning!

You are receiving this email as a participating Connect Community that has attended only one of your two required annual events. For your convenience, I am listing the scheduled events between now and the end of our fiscal year on June 30th. We hope to add a few other options to this list but feel free to register for any of these events now to ensure that you meet program requirements.

If none of these topics interest you, we allow one of the two events to be a viewing of a previously recorded session, which can be found here: www.wedc.org/downtownresources - under Recorded Trainings. You will need to send us an email letting us know what training you watched to receive credit.

Also, a friendly reminder that we will send out the required annual survey in the next month, which will ask you to report on activities and investments in your downtown in the past year. That survey will also be due in June. If you have any questions about the Connect Communities program or feel you have attended events but not received credit, please reach out anytime!
