The library will have a new roof in Spring 2026. We are pursuing grants and donations to help us with our solar panel project. We will use 96 panels and 96 micro-inverters to offset an average of 85% throughout the year, with project completion by July 31, 2026. So far, we have been awarded \$22,000 in grants. There are two other grants opening this Spring that we will apply for. Thank you to the city of Black River Falls for their support of the project.

Bonnie has been working diligently to clean up library records behind the scenes, so that we can be ready for inventory this year. Inventory involves scanning every item in the library to determine missing items, found items, and to evaluate item condition. This will be the first inventory with our new software. Bonnie has been continuously running data reports, fixing errors, and will pull in one or two other staff to help her scan library items. Once inventory is completed, we will run reports, fix item records, and delete records no longer in use.

The library's DIY book bedazzle event received positive feedback. Participants brought in their own books to cover with Rhinestones. Due to popular demand, we will host another soon.

Fire Chief Statement:

2025 was another busy year for the Black River Falls Fire and EMS Department. We completed our first full year of providing 24/7/365 coverage with a full-time EMS crew. In addition, we continue to rely on a dedicated group of part-time staff who help cover the second staffed ambulance.

In 2025, we completed 358 interfacility transfers, compared to 93 in 2024. With your support, we were able to order two new ambulances and four LIFEPAK 35 monitors. Having additional crews at the station has also allowed us to complete more maintenance projects around the building and grounds.

Our commitment to training and development remains strong. Two members will complete paramedic classes early this summer, and three additional members are currently enrolled in the two-year paramedic program.

Several leadership and operational milestones occurred in 2025. Mark Nordahl was selected as Fire Chief in June. Tyler Rush was promoted to Assistant Chief, and Mathew Brauner was promoted to Captain. Fire Department call volume decreased by 27 calls compared to 2024, largely due to having two ambulance crews available to handle lift assists. We responded to 284 Calls for Service. Our Top Run Maker for 2025 was Captain Michael Osegard, responding to 100 calls.

Truck 13 was placed into service at the beginning of 2025. Department members also built a wildland fire skid unit for the UTV to enhance our wildland fire response capabilities. In June, the department hosted a bed build event in partnership with Sleep in Heavenly Peace.

Fire and EMS attended many community events which include the Jackson County Health Wellness, Several Community Parades, Jackson County Fair and National Night Out.

Thank you for your support in 2025 and we look forward to 2026.

STREET SUPERINTENDENT'S REPORT

To the Committee of the Whole

January 2026

Prepared by:

Darryl Nelson, Street Superintendent

Snow Removal

Over the past month, the Street Department has been actively engaged in snow removal operations throughout the city. Crews also addressed multiple freezing rain events that created extremely slippery conditions on city streets and sidewalks. The City of Black River Falls maintains approximately 4.5 miles of city sidewalks.

Christmas Tree Collection

The Black River Falls High School FFA once again assisted the community by collecting discarded Christmas trees following the holiday season. Trees were picked up curbside as part of the FFA's annual community service project.

Grease Trap Inspection Sheets

All grease trap inspection sheets have been submitted as of January 12, 2026. These inspection forms are completed by vendors whenever maintenance is performed on restaurant grease traps and are required to be submitted to the Street Superintendent by January 10 of the following year. The purpose of these inspections is to ensure that grease does not enter the city's sanitary sewer system.

Tree Cutting

The Street Department, working in coordination with the City Electric Utility, will continue to remove trees within the city right-of-way that have been identified as safety hazards and deemed unsafe to remain standing.

Gravel Grinding Bids

The City of Black River Falls received five bids to grind the city's recycled material pile into 1¼-inch road base for use in upcoming street projects.

The lowest bid was submitted by PGA Inc. of Weston, Wisconsin, at a cost of \$4.60 per ton with a \$5,000 mobilization fee. The City plans to grind approximately 12,000 tons and has \$75,000 budgeted for this project.

It is my recommendation that the City Council accept the bid from PGA Inc. for grinding the recycled material pile, not to exceed the approved budget of \$75,000.

Action Item

2025 Street Department Highlights

- Purchased a 2025 GMC Pro pickup truck for Street Department operations.
- Completed a joint project with the City Electric Utility to replace the bases for decorative lighting along Main Street in the downtown area.
- Selected Cedar Corporation as the engineering firm for the bridge replacement over Town Creek at the intersection of 3rd and Jefferson Streets, replacing the failing twin 13-foot culverts (Bridge No. 027-0703).

December 2025 REPORT OF DEPARTMENT ACTIVITY

Date Prepared: January 14, 2026

Budget:

The overall 2025 budget is good.

Personnel:

We are currently fully staffed. All Officers are off field training and on sole patrol.

Training:

There were no training events that took place in December 2025

Events:

Has reported last month Police Department participated in decorating cookies with children for the Christkindle Festival. Officer Shaffer took part in a soup-judging contest, and the parade proceeded successfully with no issues.

Chief's Notes:

I would like to continue to remind everyone that winter night parking regulation will be coming in effect starting on December 1, 2025, and running through April 1, 2026. This means between the hours of 10:00pm and 6:00am the following day, vehicles shall be parked only on the even numbered sides of streets on those nights having an even calendar date, and on the odd numbered sides of the street on those nights with an odd calendar date, except where parking is normally permitted on one side of the street, vehicles may be parked on that permitted side every night. This means whatever the date is at 10:00pm it will determine the odd or even side of the street needed to be parked on.

Action Items:

There are no action items currently. We are still waiting for EVS (Emergency Vehicle Systems LLC) to put together our 2026 Silverado purchase. They were still waiting on some parts for the vehicle, but they should be starting the installation soon. The vehicle should be out patrolling within the next few months.

This is all that we have to report at this time.

Respectfully submitted,

Travis Brown
Chief of Police/Investigator
