CEO Brecker replied that it is for a separate application. Attorney Trask asked if two businesses can run on the same property. Brecker stated he finds nothing in the code that prevents it. Attorney Trask then stated this discussion should be held during the Public hearing.

CEO Brecker then spoke about the Renaldo Special Use permit for Milestrip Rd. The Board asked if the applicant will be servicing the public with the repairs. CEO Brecker stated he will be fixing his own propane trucks and trucks from other businesses. The Board then responded that this means he will be servicing the public. Attorney Trask then spoke of the letter he read from Renaldo's stating they need Town approval to be able to obtain a DMV license to perform repairs and inspections for the public. Trask noted that Renaldo's are not properly zoned to handle the public repairs. The Renaldo's are zoned agricultural, and motor repair shops are only permitted in Commercial districts.

Trask spoke of two options for the Renaldo application: 1) An application for a rezoning of his property. 2) He can apply to the Zoning Board for a Use Variance.

Attorney Trask advised the Supervisor to call Mr. Renaldo to discuss the application. Supervisor DeCarlo noted that he will call Mr. Renaldo.

BARBARA J DANIEL

BRANT TOWN CLERK

Discussion:

Code Officer Gary Brecker spoke first. The Boat, and vehicles have been removed according to the Planning Board requirements. Attorney Trask asked if there is a site plan that shows where the fence is required. The Town Clerk was asked if she had received the items being presented at this time. She noted that the items being presented tonight were not the items that were given to her. At that time the Town Clerk made copies of the site plan being presented to the Town Board. Each Board member then received copies of the hand drawn site plan.

Councilwoman Giancarlo stated that the Planning Board should have presented the full application file to the Town Board to allow them to make an informed decision. None of the paperwork was given to

the Town Board. *[clerk's note: the Planning Board secretary brought all application documents to the Supervisor's office to submit to Erie County, and copies should have been submitted to the Town Board at that point]*. Applicant Andrew Lonkey expressed frustration. He noted several Planning Board meetings that were cancelled. CEO Brecker stated the Health Dept has approved the Septic System for the property. Lonkey noted that his parcel is zoned Commercial for 500 feet back, and he is only going back 300 feet. Trask noted that the Planning Board recommendations from January 4th states that a handicapped parking spot should be clearly marked, and that should be clearly shown on the site plan.

He also noted that no specifications were given for the storage area fence, such as height, gates, etc. Councilman Muffoletto stated they need for detail on the site plan. Fence height, fence length, storage area location, etc.

At this time, Supervisor DeCarlo asked for public comment. Patty Friend spoke, asking if the Board could approve the application temporarily. The Town Board replied that they simply need more details. Attorney Trask recommended the Town Board amend the Town Code to state what a satisfactory site plan should look like.

At 7:59 PM, Supervisor DeCarlo motioned to close the public hearing, seconded by Councilwoman Marien. 5 ayes, 0 nays. **MOTION CARRIED.**

TOWN HISTORIAN REPORT: Patty Friend presented her February Historical meeting report. On the 25th of March the Town will be 183 years old. The bi-centennial post is still available. Supervisor Decarlo motioned to approve the report, seconded by Councilwoman Marien. 5 ayes, 0 nays. **MOTION CARRIED.**

DOLLY HUFFNAGLE RESENTED THE 6 SUMMER CONCERT BAND NAMES:

July 11 Busted Stuff
July 18 Rockabilly Steve & BR3
July 25 Pure Country
Aug 1 Heard of Buffalo
Aug 8 Bleeding Hearts Band

Councilwoman Ross noted that she will be sure to have the police presence for any parking issues at the concerts.

SENIOR'S REPORT: Tabled

OLD BUSINESS:

EASTER EGG HUNT REMINDER: Councilwoman Ross reminds everyone to bring their children to the upcoming Easter Egg hunt on Sunday April 9th at 1:00 pm at the Brant Town Park.

COUNCILWOMAN ROSS DISCUSSION: Councilwoman Ross then spoke regarding the Highway departments great job with the plowing this year. She then noted that someone had posted on Facebook about nails lying in the road at the corner of Brant Reservation and Milestrip Rd. She stated when she called Daryl at the Highway, they were already at the corner sweeping them up. [the Police chief began to clear his throat]... Councilwoman Ross then spoke about recent Facebook posts

complaining about mailboxes being taken down by the Town Highway plows. Councilwoman Ross did not see the damage when she drove the road. Resident Kristen Podkulski spoke that 4 mailboxes were knocked down. Councilwoman Ross replied that if anyone has a problem with any department, she requests that the complainant contact the department directly to address the problem instead of putting the problem on social media. Highway employee Daryl Novoa spoke regarding mailboxes, and he advised that a lot of the mailboxes are rotted at the bottom. He has been taking pictures, and any problems are reported to their supervisor.

Supervisor DeCarlo then motioned to approve the following resolution regarding NYS Senate Bill Number S7602:

**State of New York
County of Erie
Town of Brant
March 8, 2022**

Whereas, the Brant Town Board acknowledges the importance of parents and donor-conceived persons knowing the medical, educational and criminal felony conviction history of individuals who have donated reproductive tissue to a reproductive tissue bank for the purposes of an artificial insemination or assisted reproductive technology procedure and disseminating this history information to a recipient and donor-conceived person upon request upon request, if any; and,

Whereas, the Brant Town Board further acknowledges knowing the medical, educational and criminal felony conviction history of a donor will provide recipients with the necessary information to make informed decisions regarding the process of artificial insemination or assisted reproductive technology procedure and for donor conceived persons to obtain essential medical information, which may reveal any genetic or mental health disorders; and,

Whereas, the Brant Town Board finds that reproductive tissue banks, including semen banks, oocyte donation programs and embryo banks have a duty to collect and verify medical, educational and criminal felony conviction history information provided by donors on donors self-reported medical, educational and criminal felony conviction histories and during the donor screening processes and to keep detailed records of such for use by recipients and donor-conceived persons, if any, prior to a procedure and in the future,

Therefore, be it resolved, the Brant Town Board fully supports the passage of NYS Senate Bill S7602, sponsored by Senator Patrick M. Gallivan, and supports further efforts to insure both parents and donor conceived persons have access to verified medical, educational and criminal felony conviction histories for all donors.

Councilwoman Ross seconded the motion. 4 ayes, 1 opposed. Councilwoman Giancarlo opposed the resolution. **RESOLUTION ADOPTED.**

OTHER SPECIAL INFORMATION:

- **2022 TOWN & COUNTY TAX COLLECTION STATUS:** (See attached) The total warrant amount for this collection is \$1,972,382.16. A check will be given Thursday (March 10th) to the Supervisor in the amount of \$817,607.78. Those who have not paid yet, have until March 15 to make their payment without penalty. I am filing an extension request to be able to collect out of my office throughout June.
- **TAX ENVELOPE ORDER:** I am joining in with other Towns who have created a massive envelope bid request. In an effort to keep the cost of future tax mailings down, combining orders with other Towns will give us the best envelope pricing. The recent order for envelopes was astronomical as there was an envelope and paper shortage. This explains the fluorescent colored #9 return envelopes that were sent with the tax bills.
