**JULY
2023**

MESSAGE FROM THE MAYOR:

Greetings all, after one of the best winters in years as far as snowfall. We also broke a record just under 300,000 skier visits. This symbolizes a major milestone for Brian Head. The Resort's goal has been 250,000 and we have blown past that. Our little town is growing, and as summer arrives and one of the most beautiful green years we have seen in some time, we are entering into a busy construction season.

UDOT will be doing several projects on 143 which includes surface and drainage improvements. There's also a lot of building and construction traffic up and down the mountain. The town will be doing a sewer line improvement project in several areas in the canyon along with a long list of other projects we have going on. Please use caution when traveling up and down the canyon and be patient and be safe.

I hope to see you out there.

Thanks, Clayton
