New Councilmember James (Jim) Hauver Sworn in by Mayor Robinson

Road repair discussion. Clerk to look for options and follow up with some contractors as this was put out to bid a few years ago and no response was received as Jobs deemed too small.

Mason Drake Asked Council to consider using his New Trash Removal Business.

Councilmember Matt Morris pointed out Burkittsville has a current contract with J & J and there is no cause to break that contract at this time.

Mayor and Council would be interested in considering Mason Drake's proposal when the contract comes up for renewal.

Pond is still leaking; resident Bill Susa suggested the town put up the money for repairs. It was explained that it was not a money issue, it is a lack of pond repair professionals. Council Member Matt Morris volunteered to contact state resources in hopes of getting some direction.

Shelby Beaver Announced that on June 29 Burkittsville Union Cemetery Board was hosting a Grave Diggers Ball with Music. More information to follow
