

Attachment 1

I have reviewed the Camping And Overnight Accommodations Section of the City Ordinance (Chapter 159) and find that the following provisions are relevant to the recent discussion at the City Council Meeting.

1. Camping may only occur in the back yard of a parcel.
2. Camping is only allowed for three (3) successive nights without a permit from the City. However, permitted camping cannot occur under any circumstances for more than seven (7) consecutive nights.
3. Connection to the City's public water supply and connection to the City's sanitary or storm sewer is prohibited.
4. The penalty for violation is a fine of not less than \$75.00 nor more than \$750.00 plus all related court costs with each day constituting a separate violation.
