The Village as an Employer:

Our Goals and Service Philosophy

The following long-term goals have been established to guide you in providing Village services. It is important that you understand why you are doing your job, you become familiar with these goals, and you always strive to provide services in a manner consistent with them.

- ▲ Provide quality, economical, efficient, and effective services in an equitable manner.
- ▲ Involve citizens in the decision-making process and be responsive to their input.
- ▲ Provide professional management in a fiscally responsive manner with the highest standard of integrity.

Similarly, we recognize a management philosophy that puts the citizen first. Citizens are the focus of all of our services. Therefore, it is important that you support the efforts of the Village Board and the Village Administrator/Clerk/Deputy Treasurer in governing the Village, and always maintain ethical conduct.

Commitment to Customer Service

When you have contact with citizens, you are expected to promote the Village's best interest and build citizen goodwill. When you come in contact with a member of the public, you are the "Village," and the only employee with whom a citizen might talk. The citizen judges the character of the entire Village government based upon the way you perform, your attitude and appearance.

Please listen carefully to customer inquiries and complaints and then respond in a courteous, professional manner. Take a sincere interest in a customer's questions and never lose your temper, even if a customer

should become inconsiderate with you.

If a controversy with a customer arises, attempt to explain Village policy clearly yet respectfully. You cannot know all the answers, but you may refer the citizen seeking information to the right source. If a customer becomes unreasonable and you cannot resolve the problem, refer the customer to your supervisor. This assures that both you and the customer remain satisfied.

~~The same customer relations policies that apply to in-person customer relations also apply to telephone contacts. Answer the telephone promptly and be courteous and friendly to the caller. If a call is misdirected to your phone, determine the correct destination of the call and arrange for its transfer.~~

EMPLOYMENT POLICIES

~~The Village of Cambridge is an Equal Opportunity Employer. It is our policy to administer all of our employment policies in a nondiscriminatory manner without regard to race, color, religion, sex, age, national origin, physical disability, or any legally protected group.~~

At-Will Status of Employees

~~As a matter of policy,~~ the Village does not enter into written or oral contracts or agreements guaranteeing employment or compensation for any particular period of time with any individual employees. No employee is authorized to make guarantees of employment or compensation. Employment with the Village is at-will - that is, employment may be terminated with or without cause and with or without notice at any time by the employee or the Village. ~~Nothing in the employee manual or any other document or statement shall limit the right to terminate employment at-will. No provision in this handbook or any other communication – written or oral – shall be construed to modify the at-will employment relationship or restrict the employer's right to terminate employment at any time, for any lawful reason or no reason.~~ No express or implied agreement to the contrary may be made unless it is made by the Village Board and only if the Village Board does so in a formal written agreement that is signed by both the Village President and the employee.

Physical Examination

~~Upon offer of employment, the Village may require the selected candidate to undergo a physical examination by the Village physician, at the Village's expense. The purpose of the physical examination is to assure that the candidate is physically fit to perform the essential job duties and functions of the position as detailed in the job description.~~

Federal Controlled Substances and Alcohol Use and Testing Rules for Employees with Commercial Driver's Licenses

~~In accordance with Federal Register 49 CFR Part 382, the Village will request alcohol and controlled substances information from the previous employer of any employee who possesses and is expected to use for Village business a Commercial Driver's License (CDL).~~

Personnel Records

It is important the Clerk's office has current information on you in case of an emergency and for administrative needs. You are responsible for keeping the office informed of any change in your name, address, marital status, number of eligible dependents, or beneficiaries, and for providing appropriate Federal and State withholding information; accurately completing your time cards; and reporting absences.

Wisconsin State law has established that public employee disciplinary or personnel records are not exempt from disclosure under the open records law unless the public interest in Keeping the records confidential outweighs the presumed substantial public interest in disclosure of the records. A Village employee whose privacy or reputational interests will be impacted by disclosure of information requested under the open records law has a right to notice and judicial review of the custodian's decision to disclose the information, regardless of who the public records custodian is.

If your personal employment information is requested in an open records request, you will be given a notice describing the requested record and an explanation of your rights to file a notice of intent to appeal and also to seek a court order restraining access to the record. The law prohibits the release of the record until the matter has made its way all the way through the various courts and all the appeal periods have run. If you have questions about the disclosure of your personnel record information, please contact the Administrator/Clerk/Deputy Treasurer.

Ethical Standards/Conflict of Interest

The Village of Cambridge has an excellent reputation for conducting its business activities with integrity, fairness, and in accordance with the highest ethical standards.

Employees must bring overall ethical and professional behavior to the job. Our demands for excellence and the preservation of our integrity, objectivity and complete fairness are distinguishing characteristics of the Village. The discovery of any questionable, fraudulent or illegal activities, offers or transactions should be reported to the Police, Village Administrator/Clerk/Deputy Treasurer, or a member of the Village Board.

The activities of the Village of Cambridge are based on Section 19.59 of Wisconsin State Statutes, "Codes of ethics for local government officials, employees and candidates." The statute prohibits: taking action that would produce a financial gain to the individual, or his/her immediate family or using their position to benefit the employee, or his/her immediate family. Although the statute is rather broad, the general test is: if it looks like an employee is getting or giving special treatment because of their position, then there exists the likelihood that there is a violation of section 19.59. In addition to conducting themselves in an ethical way, employees should always avoid even the appearance of impropriety.

Open Door Policy

Employees are encouraged to share their concerns, seek information, provide input, and resolve problems through their immediate supervisor, and, as appropriate, consult with any member of management toward those ends. Supervisors are expected to listen to employee concerns, to encourage their input, and to seek resolution to their problems/issues.

Suggestions

If you have any suggestions or ideas that you feel would benefit the Village of Cambridge, we encourage you to tell us about them. We are always looking for suggestions that improve methods, procedures and working conditions, reduce costs or errors, and benefit the Village and its employees.

Equal Employment Opportunity Policy

It has been and shall continue to be the policy of the Village of Cambridge to recognize the competence and ability of applicants for employment and existing employees. The Village of Cambridge will provide equal employment opportunities to all individuals regardless of their race, age, sex, creed or religion, color, handicap or disability, marital status, citizenship status, veteran status, membership in the National Guard or reserves, sexual orientation, national origin, ancestry, arrest record, conviction record, or any other characteristic protected by law. This policy applies to all employment decisions including, but not limited to, recruitment, hiring, compensation, benefits, promotions, transfers, layoffs, and other conditions of employment.

If you have a problem or concern in any matter relating to equal employment opportunity, please discuss it as soon as possible with your supervisor or if that is not possible, with the Village Board. More information about Equal Employment Opportunity is included in the employment notices in Appendix A of this manual.

Anti-Harassment Policy

Both state and federal law prohibits sex discrimination in the workplace. The Village of Cambridge is committed to maintaining a work environment that is free of discrimination. In keeping this commitment, the Village will not tolerate harassment of its employees by anyone, including any supervisor or co-worker.

Harassment consists of unwelcome conduct, whether verbal, physical or visual, that is based on a person's protected status, such as sex, color, race, ancestry, religion, national origin, age, physical

handicap, medical condition, disability, marital status, veteran status, citizenship status, sexual orientation, arrest record, conviction record or other protected group status. The Village will not tolerate harassing conduct that affects tangible job benefits, that interferes unreasonably with an individual's work performance, or that creates an intimidating, hostile or offensive working environment.

You must be familiar with and comply with the Village's Anti-Harassment Policy, since all employees are responsible for assuring that the workplace is free from any unlawful form of harassment, including harassment on the basis of race, color, religion, handicap, marital status, gender, national origin, age, ancestry, sexual orientation, arrest or conviction record, membership in the military reserves, or disability.

Prohibited harassment includes behavior which:

- Creates an intimidating, hostile or offensive work environment;
- Unreasonably interferes with an individual's work performance; or
- Otherwise adversely affects an individual's employment opportunity.

If you believe that you are being unlawfully harassed, take the following steps:

- Firmly tell the person who is harassing to immediately stop the comments and/or behaviors which you find offensive.
- If the harassment continues or if you believe employment consequences may result from your request that the behavior stop, report the matter as soon as possible to the Administrator/Clerk/Deputy Treasurer. Put the complaint in writing.

Complaints are investigated by the Police and Administrator/Clerk/Deputy Treasurer for referral to the Personnel Committee. The Village will listen to all reasonable complaints, verify complaints, and discipline appropriately.

False accusations of harassment may have serious adverse effects. We expect all employees to act honestly and responsibly in complying with and enforcing this policy. It is the Village's desire to continue providing a pleasant work environment for all employees, free of harassment

Sexual Harassment

A specific type of harassment that is not tolerated by the Village is sexual harassment. Unwelcome sexual advances, requests for sexual favors, or other physical, verbal or visual conduct based on sex constitute sexual harassment when:

- Submission to such conduct is an explicit or implicit term or condition of continued employment;
- An individual's submission to or rejection of such conduct becomes the basis for employment decisions affecting that individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

Sexual harassment may include, but is not limited to, explicit propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing," "practical jokes," jokes about gender-specific traits, foul or obscene language or gestures, the display of foul or obscene printed or visual material, and physical contact such as patting, pinching or brushing against another person's body.

It is illegal and against the Village's policy for any worker, male or female, to harass another worker or to create a hostile working environment by either committing or encouraging any of the above, as well as:

- physical assaults on another employee, including but not limited to, rape, sexual battery, molestation, or attempts to commit these assaults;

- intentional physical conduct that is sexual in nature, including but not limited to, touching, pinching, patting, or brushing up against another employee's body; and
- unwanted sexual advances, propositions, or sexual comments, including making sexual gestures, jokes, or comments made in the presence of any employee who has indicated that such conduct in his or her presence is unwelcome; and
- Posting or displaying pictures, posters, calendars, graffiti, objects, or other materials that are sexual in nature or pornographic.

The creation of an intimidating, hostile, or offensive working environment may include such actions as persistent sexual comments or the display of obscene or sexually oriented photographs or drawings. However, conduct or actions that arise out of a personal or social relationship and that are not intended to have a discriminatory employment effect may not be viewed as harassment. The Village will determine whether such conduct constitutes sexual harassment, based on a review of the facts and circumstances of each situation.

The Village will not condone any sexual harassment of its employees. All workers, including supervisors and managers, will be subject to severe discipline, up to and including discharge, for any act of sexual harassment they commit.

All Village employees are responsible for helping to assure that harassment is avoided. If an employee advises you as to a belief that he or she has experienced or witnessed harassment, you must immediately report the statement to the Village Administrator/Clerk/Deputy Treasurer. Thereafter, you will be provided with instructions as to the steps to be taken in the course of investigating the complaint. The Village forbids retaliation against anyone who has reported harassment.

Employees who feel victimized by sexual harassment are encouraged to report the harassment to their supervisor immediately. If the worker's immediate supervisor is the source of the alleged harassment, the employee should report the problem to the Administrator/Clerk/Deputy Treasurer, or Village President. Employees who witness or are aware of, any incident of suspected sexual harassment are required to report the incident immediately, even if they are not the subject of the harassment.

Supervisors who receive a sexual harassment complaint should immediately report the complaint to the Village President who will co-ordinate a careful investigation of the matter. As much as possible, confidentiality will be maintained with respect to a sexual harassment complaint and only those who need to know about such a complaint will be advised of its existence.

Employees who are dissatisfied with the initial resolution of a sexual harassment complaint may file a complaint with an appropriate outside agency. No employee will be subject to any form of retaliation or discipline for pursuing a sexual harassment complaint.

It is the Village of Cambridge's policy to investigate all such complaints thoroughly and promptly and to take all appropriate action that may be deemed necessary to end the harassment and to prevent this misconduct from recurring. To the fullest extent practicable, the Village will keep complaints and the terms of their resolution confidential. If an investigation confirms that harassment has occurred, the Village will take corrective action, including such discipline, up to and including immediate termination of employment, as is appropriate.

Immigration Reform Act Notice

It is the policy of the Village of Cambridge not to employ persons who are not legally eligible to work in the United States.

The Immigration Reform and Control Act of 1986 requires that the Village verify the identity and the work eligibility of all persons hired after November 6, 1986. This law will be enforced by the Immigration and Naturalization Service and other appropriate government agencies. Any Village employee hired hereafter will be required to sign a verification form (currently Form I-9) and furnish both proof of identity, (normally

a driver's license or state identification card), and proof of eligibility to work in the United States, (normally a social security card or birth certificate).

Drug Free Workplace

In accordance with Federal law, employees may not unlawfully manufacture, distribute, dispense, possess or use a controlled substance at work, while on Village property, at work locations, while on duty or subject to being called to duty. It is the Village's policy to conduct random drug and alcohol testing to all employees that may drive a Village vehicle or is listed as a driver in their job descriptions. The Village contracts with Fort Healthcare Business Health Services to conduct random drug and alcohol testing.

If you misuse controlled substances, you may get help through an employee assistance referral program. Regardless of participation in a program, satisfactory job performance must be maintained.

Anti-Nepotism

Your family members may be considered for Village employment provided that they meet the qualifications and their employment does not create a conflict of interest or a conflicting supervisor- employee relationship.

No Violence in the Workplace

The Village has a zero tolerance policy against violence in the workplace or the threat of violence. Weapons are not allowed in the workplace or in Village vehicles, except by authorized public safety employees. You must immediately report any workplace violence that you have received or witnessed. The Village will investigate and attempt to verify such reports and discipline appropriately.

COMPENSATION

The Village's administrative pay plan assigns positions to pay grades with minimum and maximum rates, based upon a systematic approach that considers how jobs compare to each other, and other considerations, including market rates of pay, traditional pay practices and unique considerations of the Village. The pay plan is reviewed periodically.

Exempt/Non-Exempt

The Village of Cambridge places employees into one of two classifications, based on grade level and position, consistent with the Fair Labor Standards Act and applicable state law.

Exempt employees hold executive, administrative, professional, or other exempt positions. Exempt employees are not eligible for overtime pay. Currently, the Clerk, Treasurer, Economic Development Director and Library Director are the only exempt positions.

All other employees are nonexempt. Nonexempt employees are eligible for overtime pay.

Hours of Work - Flexible Work Time

The Village Office is normally open from 7:30 a.m. until 4:00 p.m., Monday through Friday. Administrative employees may work alternate hours between the core hours of 7:00 a.m. and 5:00 p.m. Nighttime and weekend hours may be required, according to job position. The goal of flex time and alternate work schedules is to provide the maximum flexibility to you while at the same time continuing to serve the public. The implementation of the Flex Time Program is the responsibility of the Department Heads, so check with your supervisor in advance if you want to use flex time.

Punctuality and Attendance

You are responsible for being on time for work. When you are late or absent from work, other schedules and public services are disrupted. When you know you are going to be late or absent, notify your supervisor as soon as possible, preferably within thirty (30) minutes after your scheduled start time. If you do not notify your supervisor, you may be disciplined.

Breaks

You may take a 15 minute break for every four hours that you work. To assure that there is always someone present to serve customers, breaks are scheduled by your supervisor. If you work through your break, you may not leave work early.

Outside Employment

In most cases, the Village approves its employee's requests for outside employment. However, such part-time work may not interfere with your Village duties, responsibilities, and normal hours of work overtime, work performance, or compromise the Village's interests. Before accepting outside employment, check with your supervisor so that there is no conflict of interest between your Village position and your outside work.

Pay Day

Payday is every-other Thursday except holidays and you receive your paycheck during your work day.

Paychecks will be distributed to you and not to your family members or others. If you want your paycheck to be released to someone other than you, you must give written permission to your supervisor. You may also make a written request that your paycheck be mailed to you if you won't be present on payday. Report a lost paycheck to your supervisor immediately.

The Village makes every effort to provide you with an accurate paycheck; however, sometimes errors are made. If you have any questions about your pay or think that an error has been made, notify your supervisor immediately.

Payroll Deductions

Automatic payroll deductions are made for Federal and State income tax, and social security. Each year you receive a W-2 slip showing your total earnings for the prior year and the amount of taxes withheld. Optional deductions such as medical benefits must be authorized by you in writing before a payroll deduction is made. Deductions required or requested are typically as follows:

Required by Federal & State

Federal Income Tax
State Income Tax
Social Security Tax
Garnishments/ Wage Attachments
Child Support

Authorized by Employee

Retirement Plan Insurance
Deferred Compensation
Health &/or Dental Insurance
Flex Ben

Overtime and Compensatory Time

Executive, professional, and administrative employees, as defined by the Fair Labor Standards Act, are exempt and are not eligible for overtime pay. Currently, this applies to the Clerk, Library Director, Economic Development Director and Treasurer. Once an exempt employee has exceeded 110% of their normally scheduled hours, they are eligible to accumulate flex/compensatory time off at straight time. The village board acknowledges exempt staff may accumulate flex/compensatory time during the year but also want this time to be used within 30 days of earning the time when possible. Exempt employees may use the flex/compensatory time if proper coverage is maintained in the office without prior approval. Exempt employees must indicate on their timesheet the use of flex/compensatory time. Any unused flex/compensatory time will not be monetarily paid out.

All other employees are non-exempt and are eligible for overtime or compensatory pay at the rate of one and one-half (1-1/2) hours for each one hour worked in excess of 40 hours of work during a seven-day work period. If an employee works on an official holiday, he or she will be paid at the rate of one and one-half (1½) hours for each hour worked on the holiday. There may be times when it will be necessary for you to work overtime. Your supervisor will notify you as early as possible regarding scheduling needs. There may also be times when you wish to work overtime. However, prior authorization must be obtained from your supervisor before working overtime.

Compensatory ("comp.") time may be issued in lieu of pay, upon request by the employee and approval by the employee's supervisor. Compensatory time may accumulate to a maximum of 40 hours per year, and must be taken by the end of the calendar year. At the end of the calendar year, any unused compensatory time shall be paid to the employee at the rate of one and one-half times the employee's regular pay rate at the time of payment. The use of compensatory time off must be authorized by your supervisor. The Village may compel the use of compensatory time as appropriate.

Because of budget constraints, employee overtime should be limited to no more overtime than is absolutely necessary. All overtime must be authorized by your supervisor. Your cooperation in helping to keep costs down is greatly appreciated.

Time Card or Time Record

Federal law requires that non-exempt employees keep accurate records of the time you work and time that you take off, either on a time card or time record. Employees are expected to record when they report for work and record the end of their scheduled shift unless overtime work has been approved. Any time an employee leaves work they are required to document the time they leave and when they return.

Employees are to keep a daily log, including hours worked and the department for which the work was done, so as to ensure that time is charged to the proper account. The work summary should be submitted to your supervisor at the end of each pay period, in order to ensure proper recording of your time and to expedite the issuance of your paycheck. The work week is Monday through Friday, with pay day on Friday. Pay day is bi-weekly with one week's pay withheld.

All employees are required to maintain time sheets and related materials. Employees must indicate on their timesheet any benefit time used during the pay period. No employee is allowed to record time on another employee's time sheet. Violation of these rules may result in disciplinary action up to and including discharge.

Wage Increases (General Wage Increase and Merit Pay)

In accordance with Village policy, you may receive a general wage increase each year on January 1, as recommended by the Treasurer and approved by the Personnel Committee, subject to Village Board funding.

To reward excellent job performance, a new or promoted employee is eligible to receive a merit pay increase after a six-month job performance review. Thereafter, you are eligible to receive an annual merit pay increase based upon your annual job performance evaluation.

Uniforms and Equipment

Public Works and Water & Sewer employees may be provided with uniforms for their use while performing their duties as Village employees upon their request, and are provided with appropriate personal protective equipment as needed for particular tasks. Employees will be provided with coats which identify them as Village employees. A uniform allowance of \$100 annually per employee will be provided toward clothing and/or shoes upon submission of receipt of purchase to the Treasurer. They are also expected to wear the appropriate personal protective equipment necessary for adequate safety when performing particular tasks. We want our employees to work safely. If you feel a particular task requires additional personal protective equipment, notify your supervisor.

Paid Time Off

All leaves of absence benefits are approved by the Personnel Committee and are subject to Village Board funding and approval.

Holidays

Holiday pay will not be counted as time worked for purposes of determining entitlement to overtime pay. Holiday pay will be paid as straight time.

Employees receive the following 11 paid holidays per year. Each day equals eight hours. Library employees may have alternative holiday hours.

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Day after Thanksgiving
- Christmas Eve Day
- Christmas Day
- Floating Holidays (three days)

As a general practice, if an observed holiday falls on a Saturday, the preceding Friday will be recognized as the official holiday. If the observed holiday falls on a Sunday, the following Monday will be recognized as the official holiday. To receive holiday pay, you must work on the last scheduled day prior to the holiday and the first scheduled day after the holiday, unless your absence is approved in advance by your supervisor.

Upon employment with the village you are eligible for the three (3) floating holidays. These holidays will be pro-rated based on your employment date for your first year of employment. Floating holidays are scheduled through your supervisor, and may be taken in 4-hour increments. Floating holidays may not be carried over into the next calendar year any unused floating holidays will not be monetarily paid out.

Part-time employees that work 15 hours per week receive holiday and floating holiday pay on a pro-rated basis. Employees that work 20 hours or more per week receive holiday pay and floating holiday pay on a prorated basis depending on normally scheduled work days that would fall on their normally scheduled work day. For example, if an employee works 20 hours per week, he would receive one-half day's pay for a holiday. An employee who works 30 hours per week would get a three-quarter day's pay for a holiday that falls on their normally scheduled work day..

If the employee has not been with the Village for one year, they will be paid on a prorated estimate of total hours that will be worked. If an employee was hired for 20 hours a week, they will be paid 4 hours for holiday pay that falls on their normally scheduled work day.

As established by the Library board, library employees may have alternative holiday hours and holiday pay schedule.

Vacation

We believe that you should have a period of rest and relaxation each year. The amount of your vacation is determined by the number of full years of service that you have completed.

Vacation for new employees is prorated from the date of hire to the end of the calendar year. Vacation is not counted as time worked for purposes of determining overtime pay.

Vacation is scheduled through your supervisor. You may take vacation in increments of four hours. The schedule of the vacation benefit is:

- | | |
|---------------------------------|---------|
| • Upon hiring | 5 days |
| • After one year of service | 10 days |
| • After five years of service | 15 days |
| • After ten years of service | 20 days |
| • After twenty years of service | 25 days |

Part-time employees receive vacation pay based on the total number of hours that they work in comparison with total hours worked by a full-time employee. For example, if an employee who works 40 hours per week gets 10 days of vacation, and employee who works 20 hours would get 5 days of vacation. An employee who works 30 hours per week would get 7.5 days.

All vacation requests are approved by the Clerk. It is policy that at least one and preferably two employees must be in the office and at least one and preferably two public works/utility employees must be "in the field" each regular weekday, except under special circumstance as approved by the Village Board and/or Personnel Committee, such as training. Vacation is typically approved on a first come basis, but approval is at the discretion of the Clerk and/or Department Supervisor. Appeals regarding vacation requests may be made to the Personnel Committee. Unused vacation time will be paid out at 100% at the end of the calendar year.

Sick Leave

Full-time employees accrue one sick day per month. You may accumulate sick leave up to 1,000 hours. At the end of the calendar year during which you accrued more than 1,000 sick hours, you will be paid a daily rate for each sick day more than 1,000 hours. Sick leave is charged at a minimum increment of two hours. If you use a sick day, you must call in and notify your supervisor as soon as possible. Part-time employees are not eligible for this benefit.

Sick leave, not other time off, is meant to be used when you are sick. Your supervisor may ask you to present a doctor's note, or other evidence of illness. If you are sick more than three days in a row, you must get a medical slip signed by your doctor authorizing you to return to work. You may use sick leave for the care of your child's minor illness if alternative care is not available. Sick leave is a privilege and not a right. If you abuse this privilege, you will be subject to disciplinary action.

Upon retirement, and after working for the Village for at least 10 years, employees may be compensated for up to 1,000 hours of accumulated sick leave. Such compensation will be paid into a Post Employment Health Plan with North Shore Bank as approved by the board January 2016. The Village will apply the accumulated sick leave at full value of one day pay per day of accumulated sick time.

Jury Duty

If you are called to jury duty, you will be granted a paid leave of absence from the Village. You must turn in your jury check except for expenses incurred for travel and meals.

The Village of Cambridge policy is to encourage employees to serve on jury panels. An employee should inquire about the duration of the jury trial in advance of accepting such service.

Full-time employees who are requested to serve on jury duty or to answer a court order as a witness will be granted a paid leave of absence from the Village. Employees who exercise this benefit shall be required to provide their supervisor with a copy of the court order as soon as possible after it has been served. Proof of court service and compensation will be required, so employees should retain all receipts which verify their court appearance. All compensation received, excluding mileage and meals, for court duty by full-time employees is to be turned over to the Village. Part-time employees may be rescheduled in order to accommodate scheduled jury dates and will not be compensated by the Village. Part-time employees however, are able to retain all compensation received for appearance at jury duty. Any time an employee's attendance is not required for purposes of jury duty or witness service during their regularly scheduled work hours, the employee is required to report to work as soon as circumstances will reasonably allow.

Pursuant to Section 103.87 of Wisconsin State Statutes, employers may not discharge an employee for being absent from work in order to appear in court pursuant to a subpoena to testify in a civil or criminal case. If the case involves the employer, the employer may not withhold the employee's pay for time away from work for such court appearances.

Military Leave of Absence

An employee who is drafted for service in the armed forces or is a reservist called up for active duty is eligible for military leave of absence. Such military leave of absence is governed by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and Wisconsin state law.

An employee whose absence from work with the Village is required by reason of service in the uniformed services is entitled to the reemployment rights and benefits under USERRA if the employee meets the following criteria for eligibility:

- The employee gives the employer advance written or verbal notice of the service (no notice is required if military necessity prevents notice from being given or if, under all of the circumstances, giving such notice is impossible or unreasonable); and
- The cumulative length of the absence and of all previous absences from work with the Village by reason of service in the uniformed services does not exceed five years; and
- The employee has not been dishonorably discharged or separated from the uniformed service under other than honorable conditions; and
- The employee reports to, or submits an application for reemployment to the Village within the time periods allowed by USERRA.

The time periods for applying for reemployment are based on the employee's length of military service. For service of less than thirty-one (31) days, the service member must return at the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account sufficient time for safe travel home plus an eight-hour rest period. For service of more than thirty (30) days but less than one hundred eighty-one (181) days, the service member must apply for reemployment within fourteen (14) days of being released from service. For service of more than one hundred eighty (180) days, the member must apply for reemployment within 90 days of being released from service.

Failure to apply for reemployment within the specified time periods does not automatically forfeit the service member's entitlement to reemployment, but subjects the person to the Village's general practices pertaining to explanations and discipline with respect to absence from scheduled work.

An employee who is a member of the Armed Forces Reserve or the National Guard and who is required to attend annual active duty for training or other short-term (two weeks or less) reserve or Guard duty (i.e. forest fire fighting, police duty for natural disaster, etc.) is eligible for a military leave of absence. Such time off will not be considered vacation time. If the employee's military pay for the training is less than his/her average Village earnings for a like period, the Village of Cambridge will pay the difference to the employee for a period not exceeding two (2) weeks.

There are additional rights, responsibilities and benefits associated with federal and Wisconsin state law regarding military leave. Employees who are currently, or are likely to become, members of the uniformed services should contact the Village Administrator/Clerk/Deputy Treasurer for more details.

Employees that are Volunteer Emergency Service Providers

The Village encourages employees to volunteer to serve on local Emergency Medical Services (EMS) or the Volunteer Fire Department; however the following guide lines and rules shall apply:

1. Any employee responding to an emergency call will be paid for regular hours, but overtime hours will not be paid. Any additional work required shall be completed in the same day, without incurring overtime unless the Village work exceeds 8 hours and if the total time for the week exceeds 40 hours of regular time. Additional work beyond 8 hours in a day or 40 hours a week is applied only if the work is necessary for the general good of all Village Residents.
2. The employee shall not respond to any emergency call if the interruption in their work would be affected or become hazardous or detrimental to leave unattended. This would include open manholes, unprotected road hazards such as holes or excavations, sewer backups, or any such hazard or situation that could cause harm to any Village Resident or the public in general.
3. Injuries: Any injuries as a result of any action or function related to the volunteer emergency service function shall be covered by the emergency services insurance policy and not the Village's insurance. This includes workmen's compensation and any other related insurance claims. The Village insurance coverage stops as soon as the page to respond is received and it is required that the employee must safely leave their current Village responsibilities and Village insurance coverage will not resume until the employee is back to Village work. This includes traveling to or from the emergency call.
4. It shall be stressed that the Village employees' first responsibility is to his/her work for the Village and they shall only respond to emergency, or non-emergency calls, when it becomes apparent (a second page) that additional help will be required or needed to handle the emergency call, or that leaving their current Village work would not be detrimental to the village.

Funeral Leave

You will be granted up to three days off with pay to attend the funeral of:

- Your spouse, parents, step-parents, children, step children, legal guardian, grandchildren, grandparents, brother, sister;
- Mother-in-law, father-in-law, brother-in-law, sister-in-law;
- Your spouse's children, grandparents, and grandchildren.

Leave of Absence

Other necessary leaves are available, such as general leave (including maternity leave). Requests for any leave of absence must be written and submitted in advance to the Clerk and reviewed and approved by the Personnel Committee.

Family and Medical Leave of Absence

While the federal and state family and medical leave laws typically apply only to employers with 50 or more employees, it is the intent of the Village of Cambridge to consider the employees of the Village of Cambridge to be covered by both the federal and state Family/Medical Leave Laws. Because the laws are complex, you should discuss your particular needs with the Clerk as soon as a leave is anticipated.

Generally, federal Family and Medical Leave requires that employers provide eligible employees, upon request, up to twelve weeks of unpaid leave upon the birth, adoption or serious illness of a child, the serious illness of a parent or spouse or the employee's own illness. You must provide 30 days notice of foreseeable leaves based upon an expected birth or adoption and 30 days notice of other Family and Medical leave or as much notice as practical. Health benefits are continued during this period, and, under some circumstances, you are returned to your former position upon completion of the leave. While Family and Medical leave is unpaid leave, you may request (or the Village may require you) to substitute vacation pay or other accumulated leave for this time off.

Under state law, you may receive six weeks of unpaid leave for the birth or adoption of a child, or two weeks for the serious health condition of a child, parent or spouse or your own serious health condition. You may substitute vacation pay or other accumulated leave for this time off, and unlike federal law, the Village cannot require you to substitute your accumulated leave. You will be returned to your former position upon completion of state law leave. Where state and federal law conflict, you will be given the more generous of the two provisions.

FRINGE BENEFITS

Medical Benefits

Depending upon plan participation levels, full-time employees may enroll with the Village's Health Maintenance Organization (HMO), which is currently Dean Health System. Employees will be informed at each dual plan enrollment if participation levels allow for additional HMO enrollment. The Village pays 88% of the employee, spouse and dependent premium and effective January 1, 2016 employee spouse and adult dependent children will pay an additional \$50.00 per month towards the premium in addition to the 12% contribution. A new employee will be eligible for coverage the 1st of the month following 30 days after the date of hire. The Village has the right to change plan carriers, alter benefits, and add cost containment measures to the medical care plans as it deems necessary. Employee benefits are ultimately guided by the handbook and provider plan policies currently in place.

Employees must provide proof of insurance and premium before the reimbursement will be paid. The reimbursement will be included in the bi-weekly payroll check and will be paid over 26 pay periods annually. Adult dependent children or spouse may continue on the village health insurance if the employee is Medicare eligible. The contribution rate will be determined annually by the Personnel Committee.

Regular part-time employees who normally are expected to work at least 30 hours per week are eligible for health benefits as required under 1995 Wisconsin Act 289.. You may decline medical benefits if you have coverage elsewhere.

Dental Benefits

The Village provides a dental benefit program. These benefits are available to full-time employees and are as described in the dental insurance company's policy manual. A new employee will be eligible for coverage on the first of the month after 30 days of hire. Effective January 1, 2017, the village will pay 88% of the dental premium employees will pay 12% of the premium. Premium contributions will be divided over 26 pay periods and will be a payroll deduction. Full-time and regular part-time employees who work at least 20 hour per week may participate in the Flexible Spending Plan. Participants must be at least 18 years of age. This is a plan that allows specific employee expenses to be paid with pre-tax wages, effectively increasing the employee's spendable income. Expenses may be applied within three accounts: Insurance Premiums Account, Dependent Care Account, and Medical Expense Account. Contributions to Medical Expense Accounts are limited to \$3000 each year. Effective January 1, 2016 funds of \$500 or less will be allowed to carry over into the next plan period.

New employees may participate the first of the month following 30 days of employment. Continuing employees must enroll annually, at the calendar year. Participating employees should be fully aware of the rights and limitations within the plan.

This plan is administered subject to the rules of the IRS. Plan information is available from the /Clerk.

Term Life Insurance

Employees who are eligible to participate in the Wisconsin Retirement System are also eligible to participate in a Group Term Life Insurance offered through the Wisconsin Department of Employee Trust Funds. The Village of Cambridge will pay premiums for Basic Group Life Insurance on behalf of participating employees. Supplemental and additional coverage is also available at the employee's own cost. Deductions for supplemental and additional coverage will be made through the employee's paycheck.

Retirement Benefits - Wisconsin Retirement System (WRS)

The Village participates in the Wisconsin Retirement System (WRS). The WRS is a multi-employer qualified retirement system under Section 401 (a) of the IRS code. It is a hybrid pension plan with both defined benefit and defined contribution components.

This benefit is available to full-time employees and to part-time employees who are expected to work a minimum of 1,200 hours per year and are expected to be employed for at least one year from date of hire. All new hires will be evaluated for eligibility and will be automatically enrolled if the participation criteria are met. To enroll, two forms must be completed: A *Wisconsin Retirement System Enrollment form* (ET-2316) and *Election to Participate in the Variable Trust Fund* (ET-2356).

Contributions to the WRS plan begin on the first day you are eligible for cover ge. Contribution rates to the WRS plan are set by statute and are calculated as a percentage of covered salary. WRS contribution rate changes are evenly distributed between the employer and employee rates. 2011 Wisconsin Acts 10 and 32 require that each contribution rate be evenly divided between the Employer- Required Contribution (ERRC) and the Employee-Required Contribution (EERC) for General category employees.

For more information, please see the benefit handbook from the Department of Employee Trust Funds or visit their website: <http://etf.wi.gov/faq/wrs.htm>

In addition, the Village matches your Social Security contribution. Wisconsin Deferred Compensation and Income Continuation are also available through the Employee Trust Fund.

Retiree Medical Benefits

Retired regular employees are permitted to retain health insurance at their sole expense after retirement and until eligible for Medicare or until they secure comparable coverage from a successor employer, if the insurer permits. The retired employee shall make monthly payments of the premium due to the Village Treasurer.

Upon retirement, an employee may continue to participate in group health insurance coverage provided by the Village of Cambridge, subject to contractual provisions; however, the fact that the employee has a spouse whose employment makes that employee eligible for group health insurance coverage provided by the other employer, shall under no circumstances disqualify an employee who has retired from continuing in his or her participation in group health insurance coverage provided by the Village.

Upon retirement, and after working for the Village for at least 10 years, employees may receive pay for up to 1,000 hours of accumulated sick leave. This sick leave pay must be used for extended health insurance coverage and will be deposited into the employees Post Employee Health Plan with North Shore Bank as approved by the Village Board in January 2016. The Village will apply your accumulated sick leave at full value of one day's pay per day of accumulated sick leave and deposit this into the Post Employment Health Plan with North Shore Bank.

If a retiree ceases being a participant in the Village's health insurance program after retirement and, prior to becoming eligible for Medicare, is eligible to return to the Village's plan, the retiree will be required to submit evidence of insurability for the retiree and any dependents; and, any return to participation is subject to a waiver of coverage for pre-existing conditions.

COBRA Act

In accordance with the Consolidated Omnibus Budget Reconciliation Act (COBRA), if you presently receive group medical and dental insurance coverage through the Village, you may continue receiving these benefits for up to 18 months after you leave Village employment. In some circumstances, you may be eligible to receive continued coverage for up to 36 months after you leave Village employment. You must pay the premiums for such coverage. Contact the Village Administrator/Clerk/Deputy Treasurer for more information about this benefit.

Tuition Reimbursement and Training

Employee Orientation and Training

After you are hired, you will participate in an orientation program to help familiarize you with the Village and your new job.

Employee Training

The Village provides in-house and outside training programs, as necessary. Your supervisor is responsible for recommending you for training programs, conferences, seminars, workshops, on-the-job training, and for assigning on-the-job trainers. Training will be conducted during normal working hours whenever practical.

Training-Related Travel

For outside training programs (e.g., conferences, seminars, workshops and other short-term training programs), that you attend, reasonable and related travel, meal, and lodging expenses will also be paid, but not for alcoholic beverages. Mileage will be reimbursed at the IRS rate.

Tuition and Book Reimbursement

A final grade of "C" or better will be considered successful completion. The course must first be approved by your department head and approval will depend on your Department's training budget fund availability. Tuition may not be paid for more than two courses at any one time. The Village may retain the books for use in the department library, or may let you keep them.

Part-time employees normally working at least 20 hours per week are eligible for 50% tuition reimbursement for satisfactory completion of a direct job-related class.

- Failure to comply with the Village Safety Program.
- Using profanity or abusive language.
- Any other activity which is not compatible with good public service.
- Rude behavior toward a member of the general public or other Village employees.
- Lying or attempting to withhold information from a supervisor.
- Any other action or activity which results in a loss of public trust or affects any Village employee's ability to perform his/her duties as a Village employee.

Discipline and Discharge

Employees are considered at-will employees and serve at the discretion of the Village Board of Trustees. The Village's determination to discipline, including discharge of employment, an employee is final and may be without cause. The at-will policy shall not be modified by any statements made to you or materials given to you.

Progressive discipline will be administered by the Village, at its sole discretion. The steps of progressive discipline include, in order of severity:

1. Oral warning from Supervisor or Personnel Committee
2. Written warning from Supervisor or Personnel Committee
3. Meeting with employee, supervisor, and others as determined by the Personnel Committee.
4. Suspension from Personnel Committee
5. Recommendation to Village Board for termination of employee from Personnel Committee
6. Termination from employment from Village Board

Complaints

If you have a complaint regarding your employment with the Village, report the complaint to the Village President who will make a recommendation to the Personnel Committee for action.

Evaluations

The purpose of a job performance evaluation is to recognize good job performance or work to improve it, review the past year's accomplishments, and plan the next year's major projects. The evaluation reminds you of job expectations and alerts your supervisor to concerns that you may have.

Six Month Review

After six months in a new position, your job performance will be evaluated by your supervisor.

Yearly Review

After a 6-month review, your job performance will be evaluated each year. You will receive a copy of the review and have the opportunity, if you wish, to include a written statement which will be made part of your file.

Good Communication

Good communication is essential to the successful operation of any organization. Do not hesitate to advise your supervisor of:

- Problems that make your job performance difficult;
- Misunderstood expectations; and/or
- Your suggestions to improve work conditions, etc.

Just as you appreciate knowing what goes on at their levels, your supervisors want to know how their decisions affect you. If you are uncomfortable speaking with your supervisor about your concerns, you may discuss them with the Village Administrator/Clerk/Deputy Treasurer.

Job Postings

Position announcements are posted on employee bulletin boards.

Demotions

A demotion is defined as a move to a different job in a lower pay range. If you are demoted through no fault of your own (e.g., elimination of position), you will maintain the same salary. If you apply for a lower range job and receive it, then your pay will not exceed the salary maximum of the new position. If you are demoted for disciplinary reasons, then your salary will be determined by the Personnel Committee.

Access to Village Property

You do not have a right to privacy when using Village offices, file cabinets, desks, lockers, and other Village property and facilities. Although the Village does not prohibit you from bringing personal items to work, (e.g., family pictures, plants, etc.) you should not bring them if you do not want them exposed to the public. You also do not have a right to privacy regarding the Internet sites you access or e-mails you write. E-mails are considered open, permanent records under the law. If you would not want them to be seen, then don't click on the web sites or write the e-mails. E-mails considered public records shall not be deleted unless they have been archived on a CD or printed and properly filed and stored.

Close and lock all doors, windows and other Village property as identified by your supervisor (e.g., file cabinets, desks) in your work area at the end of the work day.

Use of Village Equipment and Supplies

You are responsible for proper operation, care, and conservation of Village equipment, tools, and supplies. You must report any accidents, breakdowns, malfunctions or thefts immediately so that necessary repairs or investigations may be made. You may not use Village equipment and supplies for unauthorized or personal purposes, including photocopying equipment. The guidelines below are intended to serve as a general example for which you may be disciplined regarding the use of Village equipment and supplies. The following are prohibited actions:

- Negligent, willful damage, waste or loss of public property;
- Theft or misappropriation of Village property or another employee's property;
- Any other action or activity that results in a loss of public trust or affects any employee's ability to perform his/her duties as a Village employee.

Use of Village-Owned Vehicles

Village trucks will be provided to designated employees by the Village of Cambridge for work. They are not to be used for personal reasons or errands. It is the employee's responsibility to keep the trucks in good working order and to report any problems immediately. The trucks are to be neat and orderly, inside and out, at all times. It is the employee's responsibility to wash and clean the truck they are responsible for, as time allows. Each employee will be responsible for keeping the truck (they use the most) organized, stocked and fueled. Gas tanks are required to be more than one-quarter full and supplies are to be stocked.

Village trucks are to be driven in a responsible manner at all times. Speeding, reckless driving, etc., will not be tolerated. Remember that our name is on the truck. It is your driver's license and your fine, if you are stopped for a violation other than equipment safety.

You should make regular visual checks of your truck for scratches, scrapes and dents. Any problems should be reported to your supervisor immediately. A police report must be filled out at the scene of an accident if there is substantial damage requiring repair. If damage is due to employee's negligence, employee shall be responsible for payment of insurance deductible for repairs.

The Village of Cambridge enforces a "clean truck" policy. Random inspections may take place.

It is the employee's responsibility to provide self-transportation to work. "On-call" service personnel are excluded. Trucks may not leave the jobsite once set up for purposes of retrieving lunch, soda, snacks, etc. Employees must wear seat belts at all times while using a Village vehicle.

It is the employee's responsibility to make sure the trucks are completely locked up. The keys are to be returned to the office when the truck is not in use.

Village vehicles are valuable property and you may only drive them to conduct Village business. Personal use of a Village vehicle is never authorized, since such use creates unnecessary liability exposure to the Village and hurts the reputation of the Village and other employees.

If you drive a Village vehicle, then you must have a valid Wisconsin driver's license. You are expected to drive the Village vehicle in a safe and courteous manner, consistent with the Village Safety Program. While driving, you must obey all traffic laws, rules, and regulations, including wearing seat belts. You will be responsible for all parking and traffic tickets you receive while driving a Village vehicle. If you have an accident, report it in accordance with the Village Safety Program.

If using a personal vehicle for Village-related travel, you must document mileage and reason for travel to receive a reimbursement at the IRS mileage rate.

Federal Controlled Substances and Alcohol Use and Testing Rules for Employees with Commercial Drivers Licenses (CDL's)

In accordance with Wisconsin Department of Transportation rules, employees who possess a CDL and are using a vehicle for which a CDL is required will be required to have testing for drugs and alcohol if they are involved in any on-the-job accident that causes a fatality, personal injury, involves tow-away damage, or in which the driver is ticketed. Alcohol tests must be administered within eight hours of the incident. Drug tests must be administered within 32 hours after the incident.

If a CDL is required for your position with the village, the village will pay for your license and any renewals. Reimbursement will be processed when a receipt of payment and copy of new license is received in the Clerk's office.

Tools and Equipment

Employees are required to keep tools and equipment in good working order. Quality hand tools are essential in doing proficient work as well as showing a professional appearance. Specialized equipment provided by the Village of Cambridge must be well maintained by the employee. All Village-owned equipment that is abused, poorly maintained, or lost by the employee will be replaced by the Village of Cambridge at the employee's expense.

The hand tools shall be readily mobile, as switching trucks is sometimes necessary to complete different jobs.

Mobile Phones/Radios/Pagers

Cellular telephones, radios and pagers are for Village of Cambridge business only. Cell phones should be used at a minimum. The use of our mobile phones is restricted to business only and is prohibited for any other use, except in the event of an emergency situation.

Employees are required to have their pagers and cell phones activated and on their person during business hours.

Telephone bills are monitored and the employee will be charged for any unauthorized use. If cell telephones, radios or pagers are lost, the employee will be responsible for payment for replacements.

Telephone Use

Your work comes first. Personal telephone calls result in inconvenience to other callers and/or loss of valuable work time. Telephones are intended for Village business and not for personal use except in cases of emergency or other specific personal business that cannot be conducted during non-working hours.

The Village encourages employees to use personal "calling cards" when placing a long distance telephone call that is non-business related. Personal phone calls should be kept to a minimum and should not interfere with an employee's productivity.

ELECTRONIC EQUIPMENT POLICY

General

The Village relies heavily upon the copier, computer system, and facsimile machine for everyday operations. These pieces of equipment are available for the purpose of completing Village business and are not intended for personal use. There will be instances when an employee may need the use of a piece of equipment for personal use. In these circumstances, fees as established by the Village Board shall be paid to the Village Treasurer.

Internet and E-Mail

The Village expects that its staff will use the Internet system and e-mail in a responsible manner. Accordingly, the Village has established rules governing staff's use in accessing these systems. Staff must realize that use of this electronic information resource is a privilege, not a right. Supervisors must ensure that their employees understand that violations of these rules will result in appropriate disciplinary action, up to and including discharge.

Privacy

Any use of the Village of Cambridge's computer networks by an employee constitutes a waiver of any right to privacy concerning such use. This includes personal communications. The Village of Cambridge exercises the right to review, audit, intercept, and disclose all communications on Cambridge's networks at any time without prior notice to employees. If the user wishes confidentiality, he or she must use privately owned equipment and private access to such information services.

Software

The Village of Cambridge has the exclusive right to install all software used on the Village's computer networks. The installation of any software on the Village's computer networks and workstations during work time or personal time without the express approval of the Village Board is prohibited. The Village of Cambridge will remove all unauthorized software from its servers or workstations. The Village of Cambridge will monitor software use by employees for licensing purposes and to protect against viruses and unauthorized use of Village servers or workstations by third parties. It is the policy of the Village of Cambridge to prohibit any employee from copying copyright protected computer software for use on any computer, whether the software is owned by the Village of Cambridge or owned by an individual.

All data, whether on a server or on a workstation, is the property of the Village of Cambridge. It is against Village policy for an employee to purposefully delete or modify the work product of another Village employee without the consent of the employee that created the work product. For the purpose of this policy, work product means any compilation of data, analyses, reports or correspondence selected, coordinated, or arranged by an employee.

Security

The Village of Cambridge will provide each employee who needs access to the Village's computer networks with a unique user identification to gain access to the Village's computer networks. Authorized users of the networks will also be required to enter a password to gain access to their individual and shared areas on the network servers and other information resources located on the networks.

Monitoring Communications and Software Use

All communications and data on the computer networks may be public records subject to disclosure under the state open records law, with certain exceptions. All communications on and uses of the Village's networks or applications of any licensed software program installed in a workstation or server during work or personal time may be monitored from time to time. Village employees should be aware that any such communications and other uses of the networks are not private and the Village reserves and may exercise the right to access and disclose all messages on the networks at any time with or without prior notice to the employee.

Data Storage

The Village of Cambridge shall be responsible for organizing all data on the Village computer networks in a manner that will allow users to readily access files and other information on the networks.

The Village shall further establish procedures or protocols governing the deletion and retention of all data on the networks, including the development of record retention schedules.

While the Village will be responsible for disaster recovery and back up of all data on Village servers, the Village of Cambridge's authorized users on the computer networks are responsible for protecting data or information maintained locally at their workstation. This includes backing up data on individual workstations to ensure that data saved on individual workstations conforms to established record retention schedules and that such data is available to authorized users during the appropriate retention periods.

E-Mail

The content and maintenance of the Village's electronic mail and shared file storage areas are the user's responsibility. Authorized users should follow standard business etiquette in using this medium.

Village of Cambridge employees should be aware that electronic mail messages sent within the Village's networks or on the Internet using Village computer equipment are not private communications and that all e-mail messages are the property of the Village of Cambridge. The Village reserves the right to access, review, and disclose all e-mail messages. Village staff should regard all e-mail messages as non-private communications that may be viewed by others.

Employees using e-mail should delete unwanted messages or files immediately in order to preserve disk storage space. Alternatively, users should transfer to disks or hard drives any e-mail messages or files the user wants to save. Some communications must be retained as an official record of Village business. If you are unsure about whether a message may be deleted, please consult the Village Administrator/Clerk/Deputy Treasurer.

E-mail is not designed to transfer large files. Large files may cause problems on the Village's servers, as well as the recipient's local server or workstation. Large files are defined as those larger than one megabyte (1 MB). As a guideline, files with graphics, animation and/or large spreadsheets should be checked. In addition, large files going to multiple addresses have the potential to cause performance problems across all applications.

Internet Access

The Internet provides access to a wide variety of resources that can assist Village employees in the performance of their jobs. The Village may monitor Internet usage at workstations and remote sites and maintain a record of employee time on the Internet and sites accessed.

Village employees have an obligation to be aware of computer security, economic and privacy concerns associated with the use of various systems on the Internet, and to guard against computer viruses and incurring costs while conducting research or communications on the Internet. At no time shall an employee incur charges for Internet usage without the express consent of the Village Board.

Personal Use of Networks and Computers

The Village of Cambridge recognizes that employees who use computers and the information resources available on the Village computer networks can enhance their knowledge of electronic information resources and can sharpen their information technology skills. Personal use of computers during non-working hours is permitted in order to enhance those skills so long as such use does not interfere with the employee's job responsibilities and the work of other employees. However, employees shall not utilize the Village's computer networks, workstations, or other electronic devices on behalf of a third party.

Personal use of Internet access and e-mail services is permitted during personal time provided that the accessed sites are at no cost to the Village of Cambridge and as long as the employee agrees that any messages received or sent may be accessed, reviewed and disclosed at the Village's discretion.

All Village employees using Village computer equipment on personal time must follow all guidelines set forth in this policy.

Personal time includes breaks, lunchtime, and time outside of established work hours. Employees using the resources to fulfill job responsibilities always shall have a priority over those desiring access for personal use.

All costs associated with personal use of the Village's computer networks for printing information must be paid for by the employee.

The use of storage space on servers for personal data is prohibited. Personal data may be stored on an employee's hard drive at individual workstations provided that space is available.

Prohibited Activities

Village employees shall not interfere with or disrupt the Village's computer networks, other network users, services, programs, software, or equipment.

Interference or disruption with the Village networks, other network users, services, software, or equipment may include, but are not limited to the following:

- The use of the Village system and/or networks to gain unauthorized access to remote systems;
- The use of the Village system to copy unauthorized system files or copyrighted material, such as third-party software;
- Intentional attempts to "crash" the Village network systems or programs;
- Attempting to secure unauthorized higher level privileges on the networked systems;
- The willful or negligent introduction of computer viruses or destructive programs that could adversely affect the Village networks;
- Sharing password information with any other person; if a Village employee does share that information with another person, the employee shall be solely responsible for the actions that other person has appropriated;
- Deleting, examining, or modifying files or work product belonging to other users without their prior consent; or
- Using the network or any of its authorized software for personal gain or solicitation, to harass or threaten others, to send junk mail or "for-profit" messages.

It is also against Village policy for an employee to engage in the following conduct on the Village networks:

- Access sites or display items that may be regarded as offensive, indecent, or obscene by other employees or visitors;
- To use abusive or obscene language in any messages transmitted on the networks, including any internal or external e-mail messages and Internet communications;
- To engage in behavior on the networks that is proscribed under the Village's Employee Handbook, including, but not limited to harassment; or
- To engage in any other conduct that could cause congestion and disruption of the Village's networks and systems.

Violations of the Village's Electronic Equipment Policy are subject to the same discipline as any other violations of Village personnel policies. Judgment regarding violations will be made by the Village Administrator/Clerk/Deputy Treasurer, Personnel Committee or Village Board, as necessary.

Compliance with Laws

Village employees will be responsible for respecting and adhering to local, state, and federal laws in conducting their work on Village computer networks. Any attempt to break those laws through the use of the networks may result in litigation against the offender by the proper authorities. If such an event should occur, the Village of Cambridge will fully cooperate with the appropriate authorities to provide any information necessary to assist the relevant law enforcement authorities during the investigation process.

SAFETY

The Village is committed to provide a safe working environment for all employees. Employees in Public Works and Utilities, and certain Administrative employees may participate in safety training. The purpose of the training is to educate in the prevention of accidents and injuries to you and others. Other general safety training may be provided to all Village employees from time to time (e.g., defensive driving, first aid, CPR). All Village employees are required to follow the guidelines set forth in the Village Safety Policy.

Job Related Injuries

All work injuries, no matter how slight, must be reported immediately to your supervisor. Your department then notifies the Treasurer of the injury. The Treasurer, as part of administering worker compensation, reports the injury to the State in compliance with State regulations. If you are severely injured, then the Fire Department should be called for paramedic service. If the injury is minor but requires treatment, you may be sent to the Village designated physician or a local clinic. If the injury results in time off from work, then you must obtain a medical report authorizing your time off from work and your return to work, and whether the return to work is based upon limited duty or full duty.

VACATING YOUR POSITION

Retirement

Full retirement eligibility is 57 years of age with 30 years of service. You may retire as early as age 55 with a reduced benefit, depending upon your years of service, as determined by the Personnel Committee.

Upon retirement the employee will be eligible for payment of vacation, personal holiday and floating holiday time earned the previous year.

Layoff

Layoffs may occur because of a decrease in services, change in work methods, or other conditions. To assure continued quality services, merit and length of service may be given consideration in determining the order in which employees are laid off.

Loss of Acceptable Position Requirement

You may be laid off if you lose a license or other requirement necessary for you to perform the duties of your position.

CONCLUSION

This personnel policy manual has been developed to apply consistent and standard guidelines for all employees in the organization. This manual should help in explaining personnel policies, salary information, fringe benefit provisions, and other personnel guidelines. Through the implementation of this manual, the Village encourages open communication with its employees. However, this manual is not intended to supercede any contractual relationship presently in existence, or possible future contract negotiations.

As stated at the outset of this manual, it is not a contract and because conditions change, the Village reserves the right to unilaterally alter, add to, or delete any provisions contained in this manual upon proper action by the Village Board of Trustees. The Village Board welcomes any additional input by the Village staff to subsequent editions of this manual.

Do not combine several work codes into one entry; rather, split time spent jointly on several work codes out in as fair a manner as possible using the 1/2 hour minimum increment.

Leave & Income Continuation Insurance (ICI) Coordination Policy

1. Sick Leave

- Employees must use their **accumulated sick leave first** when unable to work due to illness or injury.
- Sick leave may cover all or part of the **30-day waiting period** before ICI benefits begin.
- If an employee has a large sick leave balance, they may choose to remain on sick pay until it is reduced, before starting ICI.

2. Vacation Leave

- Vacation leave is **not required** to be used before ICI.
- Employees may:
 - Use vacation to remain on **full pay** during the ICI waiting period, or
 - Save vacation for later use after returning to work.
- Vacation may also be used to **“top off”** ICI benefits (for example, using vacation to make up the remaining 25% of wages not covered by ICI).

3. Family and Medical Leave Act (FMLA)

- FMLA is a **job protection law**, not a pay replacement.
- If eligible, employees must file for FMLA when they are unable to work for medical reasons.
- FMLA runs **at the same time** as sick leave and/or ICI.
- Example: An employee on ICI is also considered on FMLA if they qualify, ensuring job protection while income replacement is provided.

4. Income Continuation Insurance (ICI)

- ICI begins after a **30-day elimination period**, once required sick leave is used.
- ICI pays about **75% of monthly earnings**, up to plan limits.

Date Created: 10/06/2025 by Lucy Peterson, Administrator

Last Updated: 10/06/2025 by Lucy Peterson, Administrator

- Benefits are paid **directly to the employee** by the Department of Employee Trust Funds.
- ICI may continue short-term or long-term, depending on medical need and eligibility.

5. Coordination of Benefits

- **Sick Leave → Vacation (optional) → ICI → FMLA (runs concurrently)**
- Employees are encouraged to plan with their supervisor and HR to decide how vacation and ICI should be coordinated.

 **Reminder:** Each situation may be unique. Employees should contact the **Village Administrator** for guidance on filing ICI claims and FMLA paperwork.

Subject: Proposal to Modify Village Office Hours for Improved Staff Productivity

Current Office Hours:

- Monday, Wednesday, Thursday: 7:30 AM – 4:00 PM
- Tuesday: 7:30 AM – 6:00 PM
- Friday: 7:30 AM – 1:00 PM

Proposed Office Hours:

- Monday through Thursday: 8:00 AM – 4:00 PM
- Friday: 8:00 AM - 12:00 PM (Based on Village Clerk tracking, the highest recorded counter activity on Fridays was six individuals to submit utility payments.)

The proposed adjustment to office hours is intended to improve staff productivity and attention to detail by reducing counter interruptions. With uninterrupted time, staff can better focus on administrative tasks such as financial reconciliation, records management, and project planning. The shortened Friday hours will provide staff with dedicated time to complete essential end-of-week tasks while still offering limited public access.

The proposed change to Village office hours is designed to enhance staff productivity and service quality by minimizing counter interruptions and creating a more consistent schedule. By shifting to a uniform Monday–Thursday timetable and shortening Friday hours, staff can better focus on essential administrative tasks while still providing 32 hours of public access weekly. This adjustment supports improved accuracy, boosts employee morale, and maintains reliable service for residents through phone, email, and dropbox access.

Additional Notes:

- Clear communication will be provided to residents via signage, website updates, and social media.

- We will monitor the impact of this change and remain open to feedback and future adjustments.

Recommendation:

I respectfully request the Board's approval to implement the new office hours effective November 1, 2025. We believe this adjustment will enhance operational efficiency while maintaining high-quality service to our residents.
