Members of Water & Light Commision:

Earlier this year one of my tenants, Christopher Snyder, requested some relief from his large water bill. The inside mechanism on one of his toilets was allowing continuous water flow and there was an unusually large monthly charge. I helped him on that charge and you, as a commission, gave him a monetary break because the water in question did not require treatment.

I notified my plumber and thought the problem was rectified but he did not fix it until a month later. I paid that charge of \$1034.42. Another large bill due to a malfunctioning toilet float. I personally accompanied my plumber as he fixed the problem. The same problem caused the large bill. I was hoping that I could get some relief because, like the month earlier, the water did not need treatment.

Due to health reasons I am unable to attend your monthly meeting. Please respond yea or nay to this request. . Thank you, Jim Polk, 425 Simonsen St, Cambridge, WI 53523
