MEMO 1 — DOG WAIVER (COMPLIANCE REVIEW)

To: Judiciary Committee

From: Mayor Katie Berman

Date: April 9, 2026

Re: Review of Compliance – Dog Waiver at 211 Maple Street

Background:

On February 6, 2024, the Common Council approved a waiver to City Ordinance Section 8-23 for the property located at 211 Maple Street, allowing for more than the standard limit of two dogs.

During the discussion and approval:

- A maximum of eight (8) dogs was discussed
- The waiver was approved with the understanding that it would be subject to review if legitimate complaints were received

Current Situation:

The City has since received complaints from neighboring residents and another, regarding the number of dogs and concerns related to the property. These concerns have triggered the need to review compliance with the original approval and the conditions discussed at that time.

Additionally, the original discussion included representations regarding:

- The number of dogs on the property
- Ownership versus foster/rescue status
- The expectation that dogs would be rehomed over time

Purpose of Review:

This item is being brought forward to:

- Review compliance with the previously approved waiver
- Clarify the conditions and expectations tied to that approval
- Determine whether the current use aligns with what was presented to Council

Information Requested:

As part of this review, the Committee may consider requesting:

- Current number of dogs on the property
- Breakdown of owned vs. foster/rescue dogs
- Documentation of rescue affiliation (if applicable)
- Intake and rehoming activity since February 2024

Discussion Items for Committee:

- Whether the property is in compliance with the waiver as approved
- Clarification of what constitutes a “legitimate complaint”
- Whether additional conditions or clearer standards are needed
- Whether the current use aligns with residential use or resembles a kennel-type operation

Potential Action:

- Affirm the waiver as compliant
- Modify or clarify conditions
- Set a timeline for compliance
- Recommend revocation of the waiver if warranted

MEMO 2 — ATV/UTV ORDINANCE (PARKS REQUEST)

To: Judiciary Committee

From: Mayor Katie Berman

Date: April 9, 2026

Re: ATV/UTV Ordinance – Parks & Recreation Committee Recommendation

Background:

The Parks & Recreation Committee has requested a review and potential amendment to the City's ATV/UTV ordinance as it relates to use within the City campground and park area.

Currently, **Section (6)(a)** of the ordinance ("Designation of All-Terrain and Utility Terrain Routes and Trails") restricts ATV/UTV use within City parks, except for designated parking areas. This section effectively prohibits ATV/UTV operation within the campground and park grounds beyond those limited areas.

This has created practical challenges for staff, particularly the Parks & Recreation Director and campground hosts, in managing ATV/UTV use for campers, pavilion rentals, and city-sponsored or private events.

Request:

The Parks & Recreation Committee is recommending that **Section (6)(a)** be amended to allow ATV/UTV use in a limited and defined manner:

- Within the campground area
- Along the single designated access road into the park

Operational Considerations:

- Users would be required to follow all applicable rules of the road
- Operation would be limited strictly to designated areas
- Driving on grass or non-designated areas would remain prohibited

Purpose:

The intent of this amendment is to:

- Provide clarity where the current ordinance restricts use
- Improve consistency in enforcement
- Reduce the burden on staff and volunteers managing park activities
- Allow for practical and controlled movement of vehicles within the campground and park setting

Discussion Items for Committee:

- Whether to amend Section (6)(a) to allow ATV/UTV use in the defined areas
- Whether additional conditions or restrictions should be included
- Whether signage or mapping of permitted areas is needed

Potential Action:

Recommendation to Council to amend Section (6)(a) of the ordinance accordingly.

- D. Discuss/consider request by Garrett Bach of 211 Maple St. to waive the number of dogs allowable by City Ordinance Sec. 8-23.

Garrette Bach requested the City waive the number of dogs for his property at 211 Maple St. Bach reported he rescues Borzoi dogs which are very gentle dogs. His backyard is enclosed with a fence for the dogs. Bach fosters the dogs and does try to find other homes for them. Discussion was held on home insurance, the behavior of the dogs, and the maximum number of dogs that would ever be at the property. Letters of support from neighbors were reviewed.

Motion by Schmidt and seconded by England to approve the request by Garrett Bach of 211 Maple St. to waive the number of dogs allowable by City Ordinance Sec. 8-23 for up to a maximum of eight dogs at a time due to the nature of being a rescue and subject to review with any legitimate complaints. Motion carried 4/1. Klimek opposed.

Sec. 8-23. - Limitation of dogs and cats.

- (a) *Definitions.* The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Dog means any canine, regardless of age or sex.

Residential lot means a parcel of land zoned as residential, occupied or to be occupied by a dwelling, platted or unplatted, and under common ownership. For the purpose of this section, any vacant parcel adjoining a dwelling and under the same ownership shall constitute one lot.

- (b) *Purpose.* The keeping of a large number of dogs and cats within the City for a considerable period of time detracts from and, in many instances, is detrimental to, healthful and comfortable life in such areas. The keeping of a large number of dogs and cats is, therefore, declared a public nuisance.

- (c) *Common Council approval necessary for animals exceeding limit allowed in City.*

- (1) No family shall own, harbor or keep in its possession more than two dogs and three cats on any residentially zoned lot without the prior approval of the Common Council except that a litter of pups/kittens or a portion of a litter may be kept for not more than 12 weeks from birth. If more than one family resides on a residential lot, then only a total of two dogs and three cats shall be allowed on the residential lot unless the prior approval is obtained from the Common Council. For the purposes of this section, the term "family" shall be defined as one or more persons. Persons may keep more than two dogs only if they have first received a kennel license and a conditional use permit pursuant to the City Zoning Code.
- (2) The Subsection (c)(1) of this section requirement may be waived with the approval of the Common Council or when a kennel license has been issued by the City. Such application for waiver shall first be made to the City Clerk-Treasurer.

Dear Mayor Berman,

I am writing this letter to complain about the Bachs on Maple St.
Why is it that they can have 7 dogs and the rest of us can only have
2? If they are actually a rescue, then why is it that they always have
the same dogs?

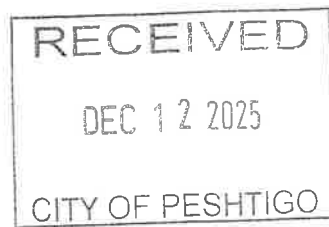

Sincerely,

Shannon Bickel

Re: Dogs at 211 Maple Street

Dear Mayor and Council Members,

My wife Missy and I live in a residential area next to Garrett Bach at 211 Maple Street. I am writing to ask the City to look again at the waiver that lets him have up to eight dogs.

From what I understand, the waiver was given because the dogs were supposed to be rescue dogs coming and going. As far as we can see now, this is not really a rescue. It is the same dogs living there all the time, like regular pets.

There are a lot of dogs, and they bark a lot, especially in the early morning when they are let outside. The barking is loud and can wake us up.

Most people in the City are only allowed two dogs. It does not feel fair that one house can keep so many dogs as pets under a rescue waiver, when it does not seem to be run as a rescue anymore and the noise is bothering neighbors. I believe if he wants to keep more than two dogs he should apply for a kennel license.

The minutes from February 6, 2024 council meeting say the waiver could be reviewed if there were legitimate complaints. I believe these problems with the noise and change from a rescue to regular pets are good reasons to review it.

I am asking the City to please put this waiver on a meeting agenda and decide if it should stay the same, be changed, or be taken away.

Sincerely,

Jason & Missy Mech
