Discussion and possible action on purchasing a new command truck for the Fire Department.

Chief Hartje from the Fire Department presented information about the need for a new command truck. He spoke about how the current command truck is 13 years old, exceeding its intended 10-year lifespan, and that since it is used at every call, it has more need to be replaced over the brush truck. He mentioned that a suitable 2024 model truck with navigation was found at V&H, priced at \$66,405. In addition, with Ford employee discounts and trade-in value, the final price would be \$42,499. He continued to detail those additional costs for outfitting and accessories brought the total to approximately \$51,236.85.

Motion that the Fire Department purchase the 2024 truck from V&H Auto be adopted for action.

Motion by: Brad Hamilton

Seconded by: Anthony Carlson
