Weakley stated that there is 7.6 acres of tall grass that is north of the current cemetery that needs mowed. Ussery asked about having it cut and baled. Weakley stated that would make the roots more permanent as winter approaches. Ussery will ask city administrator Zollinger about mowing that section of land if public works have the equipment to do so. Erwin and Ussery discussed having it mowed once in the fall and then deciding later about what should happen in the Spring.

Erwin asked Weakley if there was anything else Weakley needed to discuss. Weakley would like a space heater for the cemetery shop. The other one was stolen last year and never replaced. Erwin told Weakley to make sure there was a proper container for the kerosene.

New Section Fencing Update

Context: In July the board hired Reddi Industries to install chain-link and wrought iron fence around the new section of Cemetery. Since then, the City has installed a split rail fence around the Hammers Prairie Park and Nature Center. The north end of the Hammer's Park shares a fence with the new cemetery.

Since the Hammer's park fence has been installed there was no need to install chain-link on the south end of the property. The quote from Reddi has been adjusted.

Board Meeting

Chain-link Gate

Context: At the end of September, it was proposed to not install the 3rd gate, but instead install a gate in the south chain-link of the new cemetery section. However, the 3rd gate was a special order, and the cemetery would be charged for it regardless of if it was installed or not. Since then, it has been decided to go ahead with the 3rd gate installation.

A chain-link gate has been proposed for maintenance reasons.

1. A cantilever gate - \$4,379.34
2. Or double gate - \$4,354.11

The board should discuss if a gate in the chain-link fence is needed. If so, approve the addition.

Space Heater

Context: At the September 2024 meeting the board approved a \$500 spending authority for Mike Weakly to purchase a space heater. Mike has searched for a good space heater within that range but has not been able to find one.

He has found one at PrairieLand Partners on west street just like he had before. This has wheels and is 115,000 BTU's.

The price is \$649.00

Authorize Mike Weakley to purchase the space heater from PrairieLand Partners
