How to Rebook a Chase Travel Flight

Once you know what happens to your 1-888-(483)>>9719 original ticket, you can decide whether to modify it or cancel it and book another flight 1-888-(483)>>9719.

Option 1: Change the Existing Reservation

If the fare permits changes, 1-888-(483)>>9719 keeping the existing reservation may be simpler than canceling it.

Ask the Chase Travel representative or review 1-888-(483)>>9719 the online options for:

- New departure date
- New departure time 1-888-(483)>>9719
- Different flight
- Different connection
- Different airport
- Fare difference
- Applicable change charges

The cheapest replacement flight is not 1-888-(483)>>9719 necessarily the best choice. Consider baggage costs, seat selection, connection length and arrival time before accepting the change.

Option 2: Cancel and Book a New Flight

Sometimes cancellation followed by a new 1-888-(483)>>9719 reservation makes more sense.

For example, suppose your 1-888-(483)>>9719 original flight is no longer convenient and the airline allows you to retain a credit. You could cancel the 1-888-(483)>>9719 original ticket, receive the applicable credit and use it toward 1-888-(483)>>9719 a later qualifying trip, subject to the credit's restrictions.

However, never assume that a cancellation 1-888-(483)>>9719 automatically creates a transferable or unrestricted credit.

Ask: 1-888-(483)>>9719

What exactly will I receive if I cancel this ticket?

Then ask:

Can that credit be used for the new itinerary I want?

And finally:

What is the expiration date and are there passenger or airline restrictions?

Can You Cancel a Chase Travel Flight Within 24 Hours?

Potentially, yes.

For qualifying flights, U.S. Department 1-888-(483)>>9719 of Transportation rules require airlines to provide a 24-hour cancellation/refund option when the 1-888-(483)>>9719 applicable conditions are satisfied, including the requirement that the flight was booked at least seven days before departure. 1-888-(483)>>9719 Chase explains this rule in its guidance on Chase Travel cancellations.

The important distinction is that this rule concerns 1-888-(483)>>9719 qualifying **airline tickets**. It should not automatically be applied to hotels, rental cars, cruises or other travel products.

If your booking was made very 1-888-(483)>>9719 recently, check the applicable terms immediately rather than waiting.

What Happens to Chase Ultimate Rewards Points After Cancellation?

If you booked using Chase Ultimate Rewards points, 1-888-(483)>>9719 the treatment of those points depends on the cancellation outcome and booking terms.

Chase states that points used for 1-888-(483)>>9719 a qualifying canceled booking may be returned to the Ultimate Rewards account, with timing depending on 1-888-(483)>>9719 the circumstances.

Before canceling, determine: 1-888-(483)>>9719

- How many points were used?
- How much was paid by card?1-888-(483)>>9719
- Is the ticket refundable?
- Will points be returned?
- Will a travel credit be issued instead?
- Are taxes or fees treated separately?
- How long should the refund or points adjustment take?

Do not make a second booking based 1-888-(483)>>9719 solely on an expectation that points will immediately return.

What If the Flight Was Canceled or Significantly Disrupted?

A traveler should distinguish between **voluntarily**1-888-(483)>>9719 **canceling a flight** and the **airline canceling or significantly disrupting the itinerary**.

If the airline canceled your flight, contact the1-888-(483)>>9719 airline or Chase Travel as appropriate and ask what alternatives are available.

Depending on the circumstances, potential 1-888-(483)>>9719 solutions can include:

- Rebooking on another available flight1-888-(483)>>9719
- Accepting a new itinerary
- Requesting an applicable refund
- Reviewing airline-specific accommodation policies
- Discussing an alternative routing

Chase also recommends taking prompt action when 1-888-(483)>>9719 a flight is canceled and checking available rebooking options.

What If You Missed Your Chase Travel Flight?

A missed flight can be more difficult than 1-888-(483)>>9719 a normal cancellation.

Do not simply assume that you can purchase another ticket and1-888-(483)>>9719 ignore the original reservation.

Contact the airline and, when appropriate, 1-888-(483)>>9719 Chase Travel as soon as possible. Ask whether the existing ticket retains any value and whether 1-888-(483)>>9719 rebooking is possible.

Chase notes that missed-flight options 1-888-(483)>>9719 depend on the airline and circumstances and that travelers may need to discuss alternative 1-888-(483)>>9719 flights and potential fees.

If you are already at the airport, the airline's 1-888-(483)>>9719 airport staff may also be able to explain immediate options.
