We would currently have an easement of 20 feet but Lyle will give us 60 feet if we vacate the platted roads by the boat ramp. This area is in a flood plain and not developable. He will also give a small portion by the lagoons so they can be extended. This will all need to go to the engineer and legal before anything is decided. This is discussion was for informational purposes only.

Mayor Baton said the repaving will take place before the asphalt plant closes the end of November. He will talk with maintenance about the possibility of residents having their driveways done at the same time.
