C. Multi-Family and ADU (additional dwelling unit) Code – Mayor Baton stated that the Planning Commission has been working on this and it must be changed to meet state code. They will be holding a public hearing on Tuesday January 13th. Michael Bass stated they are working on a permitting process to track ADU's both attached and detached: this will help when properties switch owners. The Planning Commission has been working on this for 3 months and would like the Council to let them know if they have any changes to the proposed code.

NEW BUSINESS:

Mayor Baton reported that he met with Brigham CITY'S Mayor and City Planner regarding Fire/EMS issue. We must provide EMS services as a city according to state law. Brigham City is willing to reduce their original price of \$102,000 per year to \$50,000 per year which amount to around \$2,200 per call. There was discussion regarding our options as a city, there are pros and cons to each option. Of course, you want to pick the cheapest option but you also want to provide the best care possible which isn't always the cheapest option. Mayor Baton stated that everything is on the table, nothing has been decided. He has also been talking with Perry, Mantua, and Willard. Box Elder County is still dragging their feet on covering their portion. We do have a time constraint and a decision will need to be made before April of 2027.
