Dear Mayor Talerico and Members of the Eatontown Borough Council,

I am writing to respectfully request the Borough's support in the amount of \$25,000 for the purchase of wireless microphones and additional speakers for the Monmouth Regional High School Performing Arts Center (PAC). With this funding, MRHS will secure 8 additional lapel microphones and 4 additional handheld microphones, bringing our total available microphones to 16 lapel and 8 handheld. The microphones will be available as soon as they can be delivered and installed, which will be during the current 2025-2026 school year. The speaker upgrade will be more involved, and this should be completed during the summer of 2026 and be available for use at the beginning of the 2026-2027 school year.

Our PAC serves as an important venue for school concerts, theatrical productions, ceremonies, and community events. The current audio equipment, while serviceable, no longer meets the growing technical and instructional demands of our band, chorus, and theatre programs. Upgrading to modern wireless microphones and enhancing our speaker system will significantly improve sound quality, reliability, and accessibility for performers and audiences alike.

These upgrades will benefit our students by allowing them to perform in a professional-quality environment while also enhancing the experience for families and community members who attend events held in the space. In addition, improved sound capabilities will allow the PAC to continue serving as a valuable shared resource for school and community use.

We greatly appreciate the Borough of Eatontown's partnership and continued support of Monmouth Regional High School and our students. Thank you for considering this request. I would be happy to provide additional details, cost breakdowns, or answer any questions you may have.

Respectfully,

Brian Evans
