ORDINANCE 04-2024

**BOROUGH OF EATONTOWN
COUNTY OF MONMOUTH, STATE OF NEW JERSEY**

**AN ORDINANCE OF THE BOROUGH OF EATONTOWN CONCERNING TREE REMOVAL
AMENDING CHAPTER 307 REMOVAL OF TREES INCORPORATING THE REQUIREMENTS OF THE
BOROUGH'S NJDEP TIER ONE MUNICIPAL STORMWATER GENERAL PERMIT**

WHEREAS, trees play a critical role in the water cycle where they reduce soil erosion and pollutant runoff, promote infiltration of rainwater into the soil, and protect the environment, public health, safety and welfare; and

WHEREAS, the NJDEP revised the Tier A Municipal Stormwater General Permit in 2023, which also reclassified all municipalities into the Tier A; and

WHEREAS, the 2023 Tier A MS4 permit renewal requires permittees to adopt and enforce a community-wide ordinance to control tree removal and replacement.

WHEREAS, the Borough Council believes it is in the best interest of its residents to amend and update its tree replacement requirements in order to comply with the requirements of its Tier A MS 4 stormwater permit and to meet the NJDEP's standards regarding tree removal.

NOW THEREFORE BE IT ORDAINED, by the Borough Council of the Borough of Eatontown, County of Monmouth and State of New Jersey, hereby amends Chapter 307 of the Borough Code entitled Removal of Trees as follows:

[deletions are marked as strike-out and additions are underlined]

Chapter 307

§307-1 -Purpose

The Borough Council of the Borough of Eatontown does herein decide and find that the indiscriminate, uncontrolled and excessive destruction, removal and cutting of trees upon lots and tracts of land within the Borough has resulted in increased municipal drainage costs, drainage control costs, and has further caused increased soil erosion, decreased fertility of soil and increased dust, which has deteriorated property values and has further rendered land unfit and unsuitable for the most appropriate use, with the result that there has been and will result in the future a deterioration of conditions affecting the health, safety and general well-being of the inhabitants of the Borough and has caused the passage of this article to regulate and control the indiscriminate and excessive cutting of trees in the Borough in conformance with its requirements in conformance with its New Jersey Department of Environmental Protection 2023 Tier A MS4 permit.

§307-2 Definitions. As used in this subsection, the following terms shall have the meanings indicated:

Critical Root Radius (CRR)" – means the zone around the base of a tree where the majority of the root system is found. This zone is calculated by multiplying the diameter at breast height (DBH) of the tree by 1.5 feet. For example: a tree with a 6" DBH would have a CRR = 6"x1.5' = 9'.

DIAMETER AT BREAST HEIGHT (DBH) means the diameter of trunk of a mature tree generally measured at a point four and a half feet above ground level from the uphill side of the tree. For species of trees where the main trunk divides below the four and a half foot height, the DBH shall be measured at the highest point before any division.

The DO NOT PLANT LIST shall be posted on the Borough webpage, filed with the Zoning Officer and may be amended from time to time. ENVIRONMENTALLY CRITICAL AREAS. An area or feature which is of significant environmental value, including but not limited to wetlands, floodplains, important farm lands, agricultural development areas, steep slopes, endangered or threatened species and their designated habitats, important aquifer recharge areas, coastal areas, stream corridors, parks and preserves.

HAZARD TREE means a tree or limbs thereof that meet one or more of the following: 1. Has an infectious disease or insect infestation; 2. Is dead or imminently dying; 3. Obstructs the view of traffic signs or the free passage of pedestrians or vehicles, where pruning attempts have not been effective; 4. Is causing obvious damage to structures such as building foundations; or 5. Is determined to be a threat to public health, safety, and/or the welfare by a New Jersey licensed

tree expert in accordance with N.J.S.A. 45:15C-11 or a licensed arborist. The Department of Public Works shall have the authority to determine a hazard tree on public property, in a public easement or public right of way.

INVASIVE SPECIES are those species as identified in Borough Land Use Ordinance section 89-83.A.4. Invasive species may be removed without replacement upon proper application to and approval from the Borough Zoning Officer and Land Use Administrator.

PLANTING GUIDE a promulgation of the Shade Tree Commission that identifies trees which are permissible to be planted as a replacement tree. The Planting Guide shall be posted on the Borough webpage, filed with the Zoning Officer and may be amended from time to time. Other trees may be planted which are not included on the list subject to the approval of the Shade Tree Commission or Planning or Zoning Board depending upon the issue being addressed and their respective jurisdiction.

PLANTING STRIP means the part of a street right-of-way between the public right-of-way and the portion of the street reserved for vehicular traffic or between the abutting property line and the curb or traveled portion of the street, exclusive of any sidewalk.

PUBLIC RIGHT-OF-WAY Any street or road shown upon a map or plan filed in the Monmouth County Clerk's office or on the Official Map of the Borough of Eatontown, including but not limited to public easements such as drainage and utility easements.

RESIDENT means an individual who resides on the residential property where a tree(s) regulated by this ordinance is removed or proposed to be removed.

SUBDIVISION. 1.The division of a lot, tract or parcel of land into two or more lots, tracts, parcels or other divisions of land for sale or development. The following shall not be considered subdivisions within the meaning of this chapter, if no new streets are created: **(a)** Divisions of land found by the Planning Board or Subdivision Committee thereof appointed by the Chairman to be for agricultural purposes where all resulting parcels are five acres or larger in size; **(b)** Divisions of property by testamentary or intestate provisions; **(c)** Divisions of property upon court order including but not limited to judgements of foreclosure;**(d)** Consolidation of existing lots by deed or other recorded instrument; and **(e)** The conveyance of one or more adjoining lots, tracts, or parcels of land owned by the same person or persons and all of which are found and certified by the administrative officer to conform to the requirements of the Borough Municipal Land Use Ordinance and are shown and designated as separate lots, tracts or parcels on the Tax Map of the Borough of Eatontown. **(2)** The term "subdivision" shall also include the term "resubdivision."
