**HIGHLAND LAKES WATERSHED MANAGEMENT
ORDINANCE SUBDIVISION REVIEW**

Case # 2024-5350
Date: 4/25/2024
Name of Subdivision: Highland Haven, Section 3, Lot 174A
Owner: SAMPSON JORDAN
Agent: Cuplin & Associates

County: Llano County
Lake: Lake LBJ

We have reviewed the proposed plat. This review was to determine compliance with the Lower Colorado River Authority's Highland Lakes Watershed Ordinance. The following is reported:

1. This subdivision consists of 1 lot(s) comprised of 0.465 acres.
2. Written notification and/or permits are required prior to commencing development activities pursuant to the Ordinance. The Permit plat notes #1 and #8 on the plat are approved.
3. This subdivision is located within LCRA's Onsite Sewage Facilities (OSSF) Program jurisdiction. The division of Lot 174 is approved with the knowledge that the remaining 1/2 of the lot has already been replatted into a single tract with Lot 173. Any new permits for OSSF construction will require a variance submitted with planning materials for the lot not meeting the minimum 1/2-acre size when served by public water. This variance request is standard operating procedure for the combination of lots originally subdivided prior to minimum lot size requirements. Please contact the OSSF Program at 1-800-776-5272 Ext. 3216 to determine any further requirements.

ORDINANCE SUBDIVISION REVIEW**

Case # 2024-5346
Date: 4/19/2024
Name of Subdivision: Highland Haven, Section 6, Lot 463A
Owner: DANIEL DIONNE
Agent: Cuplin & Associates

County: Burnet County
Lake: Lake LBJ

We have reviewed the proposed plat. This review was to determine compliance with the Lower Colorado River Authority's Highland Lakes Watershed Ordinance. The following is reported:

1. This subdivision consists of 1 lot(s) comprised of 0.722 acres.
2. Written notification and/or permits are required prior to commencing development activities pursuant to the Ordinance. The Permit plat note on the plat is approved.
3. This subdivision is located within LCRA's Onsite Sanitary Facilities (OSSF) Program jurisdiction. Future OSSF construction permits will require a variance for the lot replat not meeting the minimum 1 acre in size if not served by public water at the time of application. This variance is a standard operating procedure. The existing OSSF is in good standing and currently approved for continued use. The property is located within the Water Quality Zone of Lake LBJ. Please contact the OSSF Program at 1-800-776-5272 Ext. 3216 to determine any further requirements.
