

# Sewer

In attendance: Steve Bluestone, Mike Dvorchak, Irwin Feld, Robina Ward, Les Coon, Jose Calle

1. Pump Schedule
  - Need to follow up with Baldwin for the Main station pump-out. Les will reach out to Dan Baldwin to schedule.
  - Individual Tanks – Need to follow up with Baldwin. Les will remind them to pump the Town Hall and the two properties on either side.
2. Design Grant - we did not receive it – need to reapply next year.
3. Report from the Plant (Les)
4.
  - Status Quo – Plant is working well
  - Ammonia Standard
    - Results of the testing have been received – we are slightly over on ammonia levels. We will continue to review when the new SPDES standards are released.
5. Lids to order – Mike followed up with Julie.
6. Safety Equipment - still needs to be ordered. We will order in early 2027.
7. 47 Coldwater Freezing Issue – installation has happened in Red Hook. Les is monitoring to see if it works.
8. Grease Traps – The Town is only responsible for traps not located in the building.
9. Thermistor still needs servicing – Robina to call Orenco
10. Financials - 2.3% increase for EDU in 2027, .5 Additional EDU for Grease Traps
11. Wi-Fi Alarms – Red Hook is doing a trial. Les will keep us posted.
12. Soil Sample (attached) – grass is growing; we will keep an eye on this in the Spring.
13. Baffle – need to make a drawing. Robina will use existing plans.
14. Pipe needs to be insulated. Robina to ask Victor.
