

Thu 11/13/2025 12:00 PM

Attendance: Robina Ward, Les Coon, Bart Zielger, Robina Ward

Before the meeting, the Committee met with representatives from New Lebanon who are interested in obtaining a wastewater facility.

SEWER & INFRASTRUCTURE COMMITTEE MEETING Notes

SEWER:

1. Absorption Bed Rehab update:

The new beds are working as designed, and everyone is pleased with the results.

2. Heater Installation: It is installed and operational

3. Insulation for the sheds: Mike will call Precision to see if there is a cheaper option.

4. 4. Baffle Filters: Les and town engineer George Schmitt will follow up with DEC

5. Pumping Schedule: Grease traps will be cleaned in December

6. Generator Update: Generator has been serviced and will be getting a new battery in the Spring

INFRASTRUCTURE

Hamlet Park

1. Bandshell: The committee discussed bandshell design options from four suppliers. Bart will get more details about the pricing before presenting it to the Town Board.
