

IT IS TIME TO RENEW YOUR DOG LICENSES FOR 2026

To purchase a license, submit your information, by using the attached form, to City Hall either through the mail or by coming in during office hours. This form will provide the City with the most up to date information, which is necessary for our records and is required prior to a license being issued. It is also required that you show proof of rabies shots and provide the City with a copy for their files.

Honeyville City has seen an increase with dogs running at large, including dog bites. We have also had an increase of complaints regarding excessive barking. We would like to remind the community that **there is an animal ordinance that needs to be followed by citizens who choose to own animals.**
Regulations are in place to help protect the community.
