Excavation Permit Flowchart

Eligible Person (Ch. 7-3-4.B) means:

1. Contractors licensed by the state as general contractors;
2. Providers;
3. Property owners installing, replacing or maintaining less than five hundred (500) square feet or one hundred (100) linear feet of sidewalk, curb and gutter, or driveway approach, or other work approved by the city engineer, upon a portion of the public way adjacent to their residence; or
4. Persons offering a service which requires occupation of the public way, such as scaffold or staging, staging of a crane, installation or maintenance of electric signs, glass, awnings and painting or cleaning of buildings or sign boards or other structures.

(Ch. 7-3-4.D) Engineering Plans; When Required: When necessary, in the judgment of the city engineer, to fully determine the relationship of the work proposed to existing or proposed facilities within the public ways, or to determine whether the work proposed complies with the engineering regulations, construction specifications and design standards, the city engineer may require the filing of engineering plans, specifications and sketches showing the proposed work in sufficient detail to permit determination of such relationship or compliance, or both, and the application shall be deemed suspended until such plans and sketches are filed and approved.
