DPW Director Steber asked about flowers hanging from the light poles, and if the board liked that.

Discussion on various options of lighting.

The color that was decided was black, and the preference would be a higher light along with a lower light that lights the sidewalk, dual arm offset.

Administrator Treadwell said that with the Alonzo Park entrance the thought was to eventually redo the sign. There were some examples of digital signs in the packet, however it was mentioned that you would need wifi down there.
