1. Mayor/Councilmember/Department/Committee Reports:

- a. Mayor/Councilmember Reports: Mayor Rowley reports that the garbage truck is having mechanical issues and will need approximately 80 hours' worth of repair work. Arrangements have been made to cover the garbage pick-up during that time.

Park Benches are done and just need concrete pads poured so they may be installed at the park. Ray Evans and Nick Mangelson said they would look into getting that done.

Nick Mangelson reported about progress with the Buckaroo Rodeo. Tate Shepherd will do

first place buckles and cash payouts. Tate would like a conex at the arena for storage and as a sign-up booth. An announcer's booth could eventually be installed on the roof of the conex. Council members will get some prices and consider purchasing the storage in a future meeting.

Animal Control. Council members discussed how to help and respond to residents' animal control calls until a P.O.S.T. certified enforcement officer can be hired.

Motion to adjourn made by Rachel Goates. Motion seconded by Ray Evans. All in favor.

Meeting adjourned at 8:03pm
