DAYLIGHT SAVINGS TIME STARTS SUNDAY MARCH 10TH-DON'T FORGET TO SPRING AHEAD!

From our Town Chairman:

I guess we could dodge the cold weather and snow for only so long! This also brings the problems of plowing town roads. Every truck driver has a route that they follow and will usually arrive about the same time each snowfall. Having said that, there are factors that can alter a route. Gravel roads may not get plowed if the snowfall isn't really deep until we have had some below freezing temperatures. If they plow a gravel road before then, the gravel will stick to the snow and be thrown to the side of the road creating a sub-standard road bed in the spring. The heavy snow can fly off the wing of the plow hitting mail boxes which may cause them to fall off. If this happens, call the office so that we can go out and investigate the situation. Please be patient with our truck drivers. Safely operating such a large vehicle is not an easy thing to do.

I want to thank all those who came to the listening session on Jan. 11th. We had a bigger turn out than what I expected and what I would call a lively conversation on what I did expect, town wide internet. RFP's have gone out to several providers and we will wait to see what they propose. I hope that we can keep the public updated on the progress but might not be able to during the bidding process. I believe it is the hope of the entire board to have high speed internet available to everyone in the town. Like I have said, internet is here to stay much like electricity and the telephone. Properties will need to be able to connect to the internet if they are to maintain their value.

Janet Johnson, Chairman
