Chair David Studebaker called the meeting to order at 7:02pm. Committee members Dan Watts, Joel Asher, Cathy Ward, Les Keepper, and Kirk Scattergood were present along with Administrator Walter Kalms, and Clerk/Treasurer Anastasia Bell.

Ward moved, Watts second to approve the agenda as posted. Carried 6-0.

Ward moved, Asher second to approve the 5/2/2022 minutes as presented. Carried 6-0.

Public Input – Joel Asher provided a brief introduction.

Business Continuity Project – None.

2022 PSC Grant – Studebaker reported the poles are ready for fiber installation.

EV Charging Stations – Scattergood reported that the cellular upgrade for the DDMM charging station is approximately \$400. Asher noted it may be more appropriate to install a “super charger”. The current power capacity of the DDMM and EBCC locations will be needed with the “super charger” cost estimate for the next meeting. The current station should be removed from maps/advertisements if it is not fully functional.

Engineering Design Study – Studebaker reported that two proposals have been received and they are both significantly more than the Baileys Harbor project. The reasons given are that Liberty Grove has 2X the land area, will require 3X the hardware and extra commuting time to complete the project. Kalms noted that a referendum may not be required if they Board were to take out a loan and then refinance it into a bond.

Other PSC Grant Applications – Studebaker noted awards have not been announced.

Personal Bios – All have been received.

Website Question and Answer – Keepper and Watts will continue to work on this project.

Public Communication – Ward and Asher indicated this is a work in progress, the audience is unknown at this time. It was the consensus that the need for internet has been established. It may be beneficial to gather information on “served” vs. “underserved” for future grant applications.

Intercommunity Broadband Efforts – Studebaker reported that a formal committee has been formed by the County and their next meeting is 6/30/2022 which will involve municipal representatives. There are also two informal groups that meet regularly to exchange information on the progress occurring in the various municipalities. Bertram is working to establish an active optical network (AON) versus a passive optical network (PON) for service.

2023 Technology Budget – Additional information should be provided for the “super charger” car stations and Asher will create an option list for the Board dais screens.

Correspondence – None.

The next Technology Committee meeting will be Monday, July 11, 2022 at 7:00pm.

Asher moved, Ward second to adjourn at 9:06pm. Carried 6-0.

Respectfully Submitted,
Anastasia Bell, Clerk/Treasurer

David Studebaker

Hello All,

Yesterday the 2022 Governor's Task Force on Broadband Access report was released and I thought you may find it interesting so I wanted to pass it on. You may want to take a look at page 42 😊

We are working towards launching the County wide survey and speed test which will be linked off of the <https://fibernetdoorcounty.org/1141/Door-County-FiberNet> website, you currently can find a link for the recorded presentations on here such as the engineering presentations and the summit that we hosted on June 30th. The County Broadband Advisory Committee has chosen to utilize the WI State PSC WISER survey <https://maps.psc.wi.gov/apps/WISER/index.html>. The choice to utilize this tool was to ensure that we assist the State of Wisconsin in receiving the largest amount of federal funding possible under the National Telecommunications and Information Association Internet for All Initiative. If we, and other WI Counties chose to utilize this tool to report accurate broadband speeds to the WI Broadband Office, Wisconsin could stand to receive up to \$1 Billion dollars in broadband funding under the Internet for All Initiative. This funding will provide significant grant funding and opportunities to offset the cost to build out fiber to the premise in our County.

I am working on a press release and marketing to launch the WISER platform as well as a call number for those that do not have service in place to ensure that they are counted as well. We are aiming to have this launched before or by the end of July.

Please reach out if you have any questions,
