Public input: none

Current projects: Shane Soloman, The Door Disc Golf representative, met with the Town crew chief to mark out the course. Mr Mellen is nearing completion of the Wind Phone project.

Regarding Mariner Park: Administrator Kalms will schedule an environmental study to be done prior to removal of the buildings; requested changes will be made to the plans from Ayres; types of future of bathrooms were discussed; the concept of a boat washing station was removed from the plans. Committee members decided that changes to the car charging station are not necessary at this time.

Future projects: Committee members are working to connect with Google maps to keep Town parks updated for guests. Previous committee work on Death's Door and Niagara Escarpment historical markers will be revisited and incorporated into Mariner Park signage discussions.

Correspondence: A request for how to update wayfinding signs, and to change "Women's Club" signage to "Community Center" at the Ellison Bay Park came in from Mickie Rasch of Door County North. Welcome noted the Town should revisit any agreements in place for similar

properties that the Town has acquired or (was gifted) over the years, in regard to restrictions on signage.

Future Meeting(s): The next meeting date/time was scheduled for May 14, 2024 at 9:00am.

Repp moved, Welcome seconded to adjourn at 10:41am **Carried 4 - 0**
