Ward moved, Welcome seconded to approve the minutes from 3/10/26 as presented.
Carried 5 – 0

Public input: none

The Committee members decided to table further discussion on the installation of any swimmer access structures at the Garrett Bay launch area until a cost-effective option presents itself that can withstand the powerful wave action at that location. The Committee discussed barrier options to prevent trucks and trailers from crossing into Mariner Park property from the adjacent commercial fishing dock/launch area and driving across & parking trailers on the Park property. There were no updates on the Vibrant Spaces Grant or Knowles-Nelson funding situation after the State Legislature made recent changes. While fairway trimming and basket installation at the disc golf course is planned for late-Spring or Summer of this year, the Committee discussed options for tee-pads signage and will gather cost estimates in time for 2027 Budget requests. The Committee decided it would be more budget-friendly to make improvements to the existing basketball court at Fitzgerald Park than try to install a pickleball court at this time. The committee will revisit their work on updating the Town's Comprehensive Outdoor Recreation Plan at their next meeting. Welcome shared her work on the updated Town Parks brochure and will have a final draft for approval at their next meeting.

Correspondence: none

Future Meeting: The next meeting was scheduled for May 12, 2026 at 9:00am.

Repp moved, Warmbrodt seconded to adjourn at 10:50am. **Carried 5 - 0**
