Public input: Sylvann Welcome suggested the Community Development Committee implement a program in cooperation with the local high school. The program goal is for junior & senior students to earn school credit by helping create an outreach project or event that they can share with the community, which will allow them to get involved with the local government on a committee level and connect with their community.

Regarding the **Youth Trades & Public Service Day**, Johnson was able to connect with HVAC and plumber representatives, but all committee members felt it best to postpone the event until a future date in Spring of 2025 to allow both presenters and participants better time to prepare.

Kroll moved, Johnson seconded to postpone determinative of a schedule date in the future.

Future Meeting(s): The next meeting dates/time were scheduled for Nov 18 and Jan 27, 2024 at 5:00pm.
