

TOWN OF LIBERTY GROVE

Green Tier ad hoc

Date: Wednesday, January 11, 2023

Time: 9:00AM

Place: Liberty Grove Town Hall, 11161 Old Stage Road, Sister Bay

Agenda:

1. Call to Order
2. Declaration of a Quorum
3. Approve Agenda
4. Approve Minutes: 12/14/2022
5. Public Input
6. Review of items from Scoresheet
7. Correspondence
8. Future Meetings
9. Adjourn

***Report items will not be discussed or voted on, all other agenda items may include discussion and possible action.*

*Deviation from listed order may occur***

***Audience members must ask for permission, during public input, to speak on agenda items ***

Anastasia Bell, Clerk/Treasurer

Members of the Town Board or any other Town Committee, who are not members of the body whose meeting agenda is published in this notice, are entitled, as any other citizen of the Town of Liberty Grove, to attend this meeting in an unofficial capacity. It is possible the attendance of one or more non-members may create a quorum of the membership of another body. Such a quorum is unintended, and the non-members are not meeting for the purpose of exercising the powers or duties attendant upon their membership on any Town Committee or Board.

Town of Liberty Grove
Minutes of the Green Tier ad hoc meeting on December 14, 2022
(this meeting was correctly posted)

Agenda:

1. Call to Order
2. Declaration of a Quorum
3. Nominate Chairperson for the Committee
4. Public Input
5. Approve Agenda
6. Approve Minutes: 11/9/2022
7. Review of Sustainability Strategies Scoresheet
8. Correspondence
9. Future Meetings
10. Adjourn

Committee member Cathy Ward called the meeting to order at 9:04am. Committee members David LaLuzerne and Kirk Scattergood were present along with Clerk/Treasurer Anastasia Bell. Committee members Deborah “Sophie” Taubert-Gehan and Hope Bogenschutz were excused.

LaLuzerne moved, Scattergood second to nominate Cathy Ward as the chair of this committee. Carried 3-0.

Public Input – None.

Ward moved, LaLuzerne second to approve the agenda as posted. Carried 3-0.

LaLuzerne moved, Scattergood second approval of the 11/9/2022 minutes as presented. Carried 3-0.

Sustainability Strategies Scoresheet – Review of the DNR scoresheet continued designating the items “n/a”, “possible”, and “completed”. A list will be provided of the “completed” and “possible” items for review at the next meeting.

Correspondence – Ward noted there will be an event to celebrate Liberty Grove being part of the Green Tier program at the Kress Pavilion on 01/25/2023 at 10:00am.

The next meetings will be Wednesday, January 11, 2023 and February 14, 2023 at 9:00am.

Ward moved, LaLuzerne second to adjourn at 10:53am. Carried 3-0.

Respectfully submitted,
Anastasia Bell, Clerk/Treasurer

Max. Score

Sustainability Strategies Scoresheet

This Sustainability Strategies Scoresheet is provided for members to track sustainability management strategies in transportation, energy, land use, water, waste, and health. This scoresheet is intended to be dynamic and flexible and will provide structure for annual reporting. In the spirit of continuous improvement toward superior environmental performance, suggested revisions to this scoresheet are always encouraged.

May 2018)

(Insert Community Name) Scores

		2019	2020	2021	2022	2023
TRANSPORTATION DEMAND MANAGEMENT:						
Transportation demand management strategies aim to reduce GHG emissions and VMT by influencing change in individual behavior. These strategies encourage walking, bicycling, and transit as modes of transportation within a community and seek to curb the number and length of trips by vehicle.						
Bicycle and Pedestrian Programs/Projects						
2	Require bike parking for all new non-residential and multifamily uses. <i>n/a-county regulates zoning</i>	0	0	0	0	0
1	Set standards for placement and number (as function of intensity of use) for bike parking spaces. <i>n/a-county</i>	0	0	0	0	0
3	Commuter bike routes identified and cleared. <i>n/a-county, current routes are recreational</i>	0	0	0	0	0
10	League of American Bicyclists certification. (Bronze 5, Silver 7, Platinum 10) <i>possible-need more info</i>	0	0	0	0	0
3	Funded and operating SRTS program (or functional equivalent) covering at least 10 percent of students. <i>n/a</i>	0	0	0	0	0
1	Conduct annual survey of students' mode of transport to school. <i>n/a</i>	0	0	0	0	0
Employer-Based Programs						
5	Require large employers seeking rezoning to set a price signal (cash-out or charge). <i>n/a-county</i>	0	0	0	0	0
5	Require large employers seeking rezoning to provide subsidized transit. <i>n/a-county</i>	0	0	0	0	0
5	Require large employers seeking rezoning to provide a TDM plan that would reduce trips by 20 percent over business as usual. <i>n/a-county</i>	0	0	0	0	0
Traffic Volume						
3	Track VMT or traffic counts and report on efforts at reduction (including those on this list). <i>n/a-potentially the county</i>	0	0	0	0	0
3	Eliminate parking minimums from non-residential districts. <i>n/a-county</i>	0	0	0	0	0
5	Set parking maximums at X per square feet for office and retail uses. <i>n/a-county</i>	0	0	0	0	0
5	Scheduled transit service at basic level (hour peak service within half-mile of 50 percent of addresses). <i>n/a</i>	0	0	0	0	0
10	Scheduled transit service at enhanced level (half-hour peak service within 75 percent of addresses). <i>n/a</i>	0	0	0	0	0
TRANSPORTATION SYSTEM MANAGEMENT						

Max. Score		 Sustainability Strategies Scoresheet									
	Transportation system management strategies aim to reduce GHG emissions and VMT by improving the overall performance of a transportation system. These strategies improve existing infrastructure, introduce new technology, and plan for the future of the system.										
	Preservation and Improvement										
3	Develop and fully fund comprehensive maintenance program for existing roads. <i>currently being done-report on current year in annual report</i>	0	0	0	0	0	0	0	0	0	0
5	Charge impact fees for new roads. <i>n/a</i>	0	0	0	0	0	0	0	0	0	0
5	Calculate lane-miles per capita for arterials and collectors, and show reductions <i>n/a-larger communities</i>	0	0	0	0	0	0	0	0	0	0
5	Prepare a plan identifying disconnections in bike and pedestrian networks, prioritizing fixes and identifying potential funding sources for the most important projects. <i>possible-need more info</i>	0	0	0	0	0	0	0	0	0	0
5	Any proposal to add lanes to a two-lane roadway shall be evaluated for a center turn lane, the preferred option over an expansion to four lanes. <i>n/a-larger communities</i>	0	0	0	0	0	0	0	0	0	0
3	Identify four-lane roadways with fewer than 20,000 vehicles per day (AADT) and evaluate them for "road diets" with bike lanes or on-street parking <i>n/a-larger communities</i>	0	0	0	0	0	0	0	0	0	0
	Electric Vehicles										
10	Electric vehicles in gov't fleets - 2% of fleet=5 points, 5% of fleet=10 points. <i>possible-need more info on availability at time of replacement</i>	0	0	0	0	0	0	0	0	0	0
2	Allow NEVs on appropriate roadways. <i>n/a</i>	0	0	0	0	0	0	0	0	0	0
2	Provide public charging stations <i>currently being done-UDMM station & outlet being used at EBCC, County-wide plan being investigated-Destination Door</i>	0	0	0	0	0	0	0	0	0	0
	Vehicle Idling										
5	Ban idling (more than 5 minutes) with local government vehicles. <i>possible-need more info</i>	0	0	0	0	0	0	0	0	0	0
5	Ban idling (more than 5 minutes) community-wide. <i>n/a</i>	0	0	0	0	0	0	0	0	0	0
	ZONING AND DEVELOPMENT Zoning and development strategies work toward improving the overall environmental, economic, and social health of a community by promoting mixed-use and infill development, walkable neighborhoods, and an overall sustainable lifestyle.										
	Infill Development										
5	Identify priority areas for infill development, including those eligible for brownfields funding. <i>possible-need more info</i>	0	0	0	0	0	0	0	0	0	0
10	Create land bank to acquire and assemble priority infill sites <i>Val-A likely to fit</i>	0	0	0	0	0	0	0	0	0	0
10	Develop an inventory of known contaminated properties for reuse planning, with possible GIS application <i>in progress</i>	0	0	0	0	0	0	0	0	0	0
	Walkscore										

 Sustainability Strategies Scoresheet GREEN TIER    										
Max. Score										
5	Measure Walkscore or 10 random residential addresses per Census tract, compute average, and improve upon overall score <i>n/a</i>	0	0	0	0	0	0	0	0	0
Zoning										
5	Adopt traditional neighborhood design ordinance (If population is less than 12,500) <i>n/a-county</i>	0	0	0	0	0	0	0	0	0
5	Zoning for office and retail districts permits floor-area ratio > 1, on average. <i>n/a-county</i>	0	0	0	0	0	0	0	0	0
5	Zoning for office and retail districts requires floor-area ratio > 1, on average. <i>n/a-county</i>	0	0	0	0	0	0	0	0	0
5	Zoning code includes mixed use districts <i>n/a-county</i>	0	0	0	0	0	0	0	0	0
5	Mixed-use language from Smart Code TBA. <i>n/a-county</i>	0	0	0	0	0	0	0	0	0
NATURAL RESOURCE MANAGEMENT										
Natural resource management strategies seek to conserve, preserve, protect and promote a community's greenspace, wildlife, wetlands and waterways for this and future generations by promoting pervious surfaces and adequate setbacks.										
Canopy										
3	Adopt tree preservation ordinance per GILC standards <i>n/a</i>	0	0	0	0	0	0	0	0	0
3	Set a tree canopy goal and develop a management plan to achieve it <i>n/a</i>	0	0	0	0	0	0	0	0	0
4	Have a Master Naturalist, ISA Certified Arborist or WDNR Community Tree Management Institute (CTMI) graduate on staff	<i>n/a</i>	0	0	0	0	0	0	0	0
2	Have community tree canopy mapped - https://pg-cloud.com/Wisconsin/ <i>possible-need more info</i>	0	0	0	0	0	0	0	0	0
2	Require trees to be planted in all new developments <i>n/a-county</i>	0	0	0	0	0	0	0	0	0
2	Certification as Tree City USA <i>n/a</i>	0	0	0	0	0	0	0	0	0
2	Certification as Bird City Wisconsin Community <i>n/a</i>	0	0	0	0	0	0	0	0	0
Vegetation Management										
10	Public properties and rights of way mown or cleared only for safe sightlines and/or to remove invasive species. <i>currently being done</i>	0	0	0	0	0	0	0	0	0
10	Create community policy and BMP guidelines on minimizing chemical use during vegetation management of public and private properties <i>report current efforts on annual report</i>	0	0	0	0	0	0	0	0	0
Water Protection										
6	Establish 75-foot natural vegetation zone by surface water. <i>n/a-county</i> <i>possible-consider educating public</i>	0	0	0	0	0	0	0	0	0
6	Inventory wetlands and ensure no net annual loss. <i>n/a-county</i> <i>Confirm with DC Land Trust/Nature Conservancy</i>	0	0	0	0	0	0	0	0	0
Community Energy Use										
Community energy use strategies encourage energy efficiency and the use of renewable fuels to reduce total energy consumption throughout the community

WASTE MANAGEMENT AND REDUCTION		possible-consider educating public							
Waste Management and Reduction strategy options encourage municipalities and their citizens to divert organics and recyclables from landfills and properly dispose of hazardous materials in an effort to reduce waste in a community.									
8	Community waste stream monitored at least annually . Waste reduction plan prepared and updated annually	0	0	0	0	0	0	0	0
8	Waste and materials management plan based on "zero-waste" principles, with specific goals, prepared and updated	0	0	0	0	0	0	0	0
3	Construction/deconstruction waste recycling ordinance	0	0	0	0	0	0	0	0
5	Mandatory residential curbside recycling pickup that covers paper, metal cans, glass and plastic bottles	0	0	0	0	0	0	0	0
5	Develop a municipal collection program that encourages the diversion of food discards, yard materials, and other organics from landfills to composting or anaerobic digestion with energy recovery	0	0	0	0	0	0	0	0
6	Develop and promote programs that dispose of household hazardous, medical, and electronic waste	0	0	0	0	0	0	0	0
7	Use anaerobic digesters to process organic waste and produce energy	0	0	0	0	0	0	0	0
5	Implement municipal ordinances requiring manufacturer takeback for fluorescent bulbs, thermostats and other mercury-containing devices	0	0	0	0	0	0	0	0
4	Ordinances in place to reduce the usage of phone books as well as single-use shopping bags, styrofoam food containers	0	0	0	0	0	0	0	0
4	Pay-as-you-throw system implemented by municipality or required of private waste haulers	0	0	0	0	0	0	0	0
3	Use public education and outreach to promote recycling, backyard composting, product re-use and waste reduction	0	0	0	0	0	0	0	0
HEALTHY COMMUNITY PLANNING									
Policies and projects related to incorporating health living into community design- whether by built form, programs, education, etc. in an effort to reduce trends in poor nutrition, inactive lifestyles, chronic diseases, such as obesity and heart disease, and other negative health risk factors.									
Policies Affecting Multiple Program Areas									
7	Adopt a resolution that promotes Health in All Policies at the community level (e.g., HEAL Resolution). Include that educational campaigns supporting a program covered by the resolution are appropriately targeted to all of the populations addressed by the program	0	0	0	0	0	0	0	0
8	Establish a Health Impact Assessment's policy, including when an assessment is required and its scope	0	0	0	0	0	0	0	0
Planning									

Max. Score		 Sustainability Strategies Scoresheet GREEN TIER																			
7	Add health policies in 1 or more of the community's plans, including the comprehensive plan, long-range transportation plan, bicycle/pedestrian plan and open spaces recreation plan (embedded or stand-alone chapter) or develop a comprehensive, community wide wellness plan. n/a-county	0	0	0	0	0	0	0	0	0	0										
6	Site schools in the Comprehensive Plan for accessibility with existing or new bicycle and pedestrian infrastructure n/a	0	0	0	0	0	0	0	0	0	0										
8	Encourage the formation and/or support of Neighborhood Improvement Districts (NIDs), Neighborhood Development Corporations, or other similar types of neighborhood reinvestment and enhancement strategies in plans or policies. n/a	0	0	0	0	0	0	0	0	0	0										
Healthy Food Access																					
7	Implement strategies (urban agriculture, community gardens on public land, diversified farmer's markets, expanded traditional retail food options, ordinances to allow urban chickens and beekeeping and vegetable gardening in rights of way) that help increase fresh food access in the community, in particular in areas with food insecurity (e.g., "food deserts" and "food swamps"), including access by EBT and WIC participants. support community groups	0	0	0	0	0	0	0	0	0	0										
6	Create a Food Systems Plan that addresses the production, distribution, value-added, marketing, end-market, and disposal of food, and change a new or existing governmental body to oversee the plan's implementation. n/a	0	0	0	0	0	0	0	0	0	0										
Physical Activity and Access																					
5	Provide an on-street and/or off-street trail network connecting recreational areas in the community (e.g. safe routes to parks) and other trip generators, such as shopping malls, ensuring all neighborhoods are included in planning and implementation. n/a	0	0	0	0	0	0	0	0	0	0										
4	Encourage pedestrian and bicycle site connections from front door of businesses or apartments to a public sidewalk and/or bike lane ensuring connections to all neighborhoods. n/a	0	0	0	0	0	0	0	0	0	0										
4	Provide education and establish programming to encourage physical activity, especially by youth. n/a	0	0	0	0	0	0	0	0	0	0										
7	Establish an expanded public transit that serves commuters from all neighborhoods and major parks and recreation facilities, and has racks on vehicles for carrying bicycles. n/a	0	0	0	0	0	0	0	0	0	0										
5	Require sidewalks in new residential areas and establish a policy for adding sidewalks, as appropriate, in areas built out without sidewalks. n/a	0	0	0	0	0	0	0	0	0	0										
2	Implement a Complete Streets policy. n/a	0	0	0	0	0	0	0	0	0	0										
5	Provide recreation programs for youth, adults, senior citizens and disabled persons. n/a	0	0	0	0	0	0	0	0	0	0										
5	Establish a pedestrian safety task force. n/a	0	0	0	0	0	0	0	0	0	0										
Housing																					
6	Adopt ordinances and programs to maintain a healthy housing stock (code enforcement, landlord licenses, volunteer program, truth-in housing disclosure before sale, etc.). possible consider with attainable housing	0	0	0	0	0	0	0	0	0	0

5	Implement a wellness program for employees of the local jurisdiction. n/a	0	0	0	0	0	0	0	0
5	Encourage or partner with others, such as the Chamber of Commerce, etc., to advance workplace wellness programs within the community. possible cooperation with other groups	0	0	0	0	0	0	0	0
Placemaking									
5	Support placemaking of varying scale (neighborhood to major city facility) and permanence (temporary to permanent) through programming, financial support and removal of regulatory barriers to promote healthy living and social capital in the community. n/a	0	0	0	0	0	0	0	0
5	Adopt form-based codes or similar type design guidelines for healthy active living environments. n/a	0	0	0	0	0	0	0	0
	Waste Pharmaceuticals continued cooperation with county-collection events								

Complete / In-Progress (Green)

- Develop and fully fund comprehensive maintenance program for existing roads (2)
- Provide public charging stations (2)
- Public properties and rights of way mown or cleared only for safe sightlines and/or to remove invasive species (3)
- Create community policy and BMP guidelines on minimizing chemical use during vegetation management of public and private properties (3)
- Stoplights are LED or functional equivalent (4)
 - Solar stop sign at County ZZ and Old Stage may fit here
- Plan for replacing all toilets using > 1.6 gpf and annual progress sufficient to reach 90 percent replacement in 10 years (5)
- Develop a regular street sweeping program to reduce total suspended solids (6)
- Develop a system for identifying culverts that obstruct fish migration and install fish friendly culverts where needed (6)
 - Europe Lake in relation to turtles
- STR rental limit based on POWTS capacity to protect groundwater (not specifically on list)
- Develop and promote programs that dispose of household hazardous, medical, and electronic waste (7)
- Use public education and outreach to promote recycling, backyard composting, product re-use and waste reduction (7)
 - Recycling site
- Adopt a resolution that promotes Health in All Policies at the community level (e.g., HEAL Resolution). Include that educational campaigns supporting a program covered by the resolution are appropriately targeted to all of the populations addressed by the program (7)
 - County meal site cooperation
- Implement strategies *urban agriculture, community gardens on public lands, diversified farmer's markets, expanded traditional retail food options, ordinances to allow urban chicken and beekeeping and vegetable gardening in rights of way) that help increase fresh food access in the community, in particular in areas with food insecurity (e.g., "food deserts" and "food swamps"), including access by EBT and WIC participants (8)
 - Support community groups
- Adopt an ordinance, including conditional use permits, on noise abatement for various zoning districts (9)
 - Local ordinances: fireworks, nuisance, STR (good neighbor) plan commission requests conditions for County on CUPs
- Waste pharmaceuticals (9)
 - Continued cooperation with the County-collection events

Possible / Need More Information (Blue)

- League of American Bicyclists certification (1)
- Prepare a plan identifying disconnections in bike and pedestrian networks, prioritizing fixes and identifying potential funding sources for the most important projects (2)
- Electric vehicles in gov't fleets (2)
- Ban idling (more than 5 minutes) with local government vehicles (2)
- Identify priority areas for infill development, including those eligible for brownfields funding (2)
- Create land bank to acquire and assemble priority infill sites (2)
 - Val-A property

- Develop an inventory of known contaminated properties for reuse planning, with possible GIS application (2)
- Have community tree canopy mapped – <https://pg-cloud.com/Wisconsin/> (3)
- Establish 75-foot natural vegetation zone by surface water (3)
 - Educating public
- Inventory wetland and ensure no net annual loss (3)
 - Door County Land Trust and/or Nature Conservancy
- Adopt PACE ordinance/jpa (4)
 - Educate public on incentives available
- Use PACE financing (4)
- Watt meters available to the public (4)
 - Door County North
- Offer residents and businesses a mechanism to purchase shares of the electricity generated through a local renewable energy project (ex a community solar program) (4)
- Facilitate a group=buy program through which residents receive discounted, volume-based pricing on energy efficiency or renewable energy projects based on aggregated demand (4)
 - County-wide effort being investigated
- Commit to achieving a science-based, community-wide GHG reduction goal (4)
- Work with local utilities to calculate total electricity and natural gas consumption annually, beginning with the fifth year before entering the program (4)
 - Would start in 2017
- Achieve milestone reductions in GHG emissions, as specified in the community's science-based GHG reduction goals (4)
- State of Wisconsin Energy Independent (EI) Community designation (4)
- Include transportation energy/emissions as criterion in RFPs for purchases of goods over \$10,000 (4)
 - Likely n/a, but need to confirm
- Develop list of lighting, HVAC and shell improvements to raise Energy Star Portfolio Manager or LEED EBO& M score (4)
- Streetlights operate at 75 lumens/Watt or higher (4)
 - Check with WPS
- Establish a policy requiring that all major remodeling projects on municipal buildings result in the building receiving an ENERGY STAR score that is five points higher than the building's pre-remodel score (4)
 - Community Center, North Fire Station
- Commit to achieving a science-based GHG reduction goal for emissions resulting from all municipal operations (5)
- Incorporate energy use intensity (EUI) targets into the contracting process for all significant municipal construction projects (5)
- Establish policies requiring that all new municipal buildings achieve an ENERGY STAR score of 75 or higher (5)
- Municipal electricity purchase are at least 5 percentage points higher in renewable content than the statewide renewable portfolio standard requires. Calculation may include self-generated power and purchased offsets (5)
 - Solar garden farm leasing

- Work with Energy Task Force OEL to track municipal facilities – Complete EPA Energy Start Portfolio Manager spreadsheet for government energy use. Or score existing buildings with LEED EBO&M (5)
 - Office could calculate
- Achieve milestone reductions in GHG emissions, as specified in the municipality's science-based GHG reduction goal (5)
- Calculate annual government fleet use of motor fuels, in gallon sf petroleum and biofuels, beginning with the fifth year before entering the program (5)
 - Start in 2017, office could calculate
- All new and renovated municipal buildings must meet LEED Silver or greater (5)
- Develop a water loss control plan with targets below the 15% required by the state and include a system-wide water audit implementation and time table (5)
 - Sister Bay Utilities
- Join EPA's WaterSense Program for water utilities or the Groundwater Guardian Green Sites program and promote them to local business (5)
- Use block rates and flat rates to encourage water conservation among residential, commercial, and industrial users (5)
 - Sister Bay Utilities
- Infiltration and inflow reduction by 10% (5)
 - Sister Bay Utilities
- Install waterless urinals in men's restrooms at municipal facilities (city hall, parks, etc.) (5)
- Develop a water efficiency and conservation plan for municipal buildings (5)
- Provide incentives for protection of green infrastructure, sensitive areas, important wildlife habitat, or for the restoration or rehabilitation of wetlands or other degraded habitats such as credit towards open space or set-aside requirements (7)
 - Educating public
- Community waste stream monitored at least annually. Waste reduction plan prepared and updated annually (7)
 - Local garbage companies
- Develop a municipal collection program that encourages the diversion of food discards, yard materials, and other organics from landfills to composting or anaerobic digestion with energy recovery (7)
 - Cooperate with other groups
- Use anaerobic digesters to process organic waste and produce energy (7)
 - Cooperate with other groups
- Ordinances in place to reduce the usage of phone books as well as single-use shopping bags, Styrofoam food containers (7)
 - Educating public
- Adopt ordinances and programs to maintain a healthy housing stock (code enforcement, landlord licenses, volunteer program, truth-in housing disclosure before sale, etc.) (8)
 - Attainable housing
- Establish a program to make housing more affordable (9)
 - Attainable housing
- Establish a program to address chronic homelessness, such as "permanent housing" (9)
 - Attainable housing
- Create and implement a climate change action plan that includes a carbon footprint study, and health related components on reducing air pollution from combustion of fossil fuels and

responding to heat episodes and flooding, focusing in particular on most vulnerable populations (9)

- Cooperate with other groups
- Encourage or partner with others, such as the Chamber of Commerce, etc., to advance workplace wellness programs within the community (9)
 - Cooperate with other groups
