

GARBAGE AND SOLID WASTE

TABLE OF CONTENTS

CHAPTER 105 - SOLID WASTE CONTROL	521
CHAPTER 106 - COLLECTION OF SOLID WASTE.....	531

CHAPTER 105

SOLID WASTE CONTROL

105.01 Purpose	105.07 Littering Prohibited
105.02 Definitions	105.08 Toxic and Hazardous Waste
105.03 Sanitary Disposal Required	105.09 Waste Storage Containers
105.04 Health and Fire Hazard	105.10 Prohibited Practices
105.05 Open Burning Restricted	105.11 Sanitary Disposal Project Designated
105.06 Separation of Yard Waste Required	

105.01 PURPOSE. The purpose of the chapters in this Code of Ordinances pertaining to Solid Waste Control and Collection is to provide for the sanitary storage, collection, and disposal of solid waste and, thereby, to protect the citizens of the City from such hazards to their health, safety, and welfare as may result from the uncontrolled disposal of solid waste.

105.02 DEFINITIONS. For use in these chapters the following terms are defined:

1. "Collector" means any person authorized to gather solid waste from public and private places.
2. "Discard" means to place, cause to be placed, throw, deposit, or drop.
(Code of Iowa, Sec. 455B.361[1])
3. "Dwelling unit" means any room or group of rooms located within a structure and forming a single habitable unit with facilities that are used or are intended to be used for living, sleeping, cooking, and eating.
4. "Garbage" means all solid and semisolid, putrescible animal and vegetable waste resulting from the handling, preparing, cooking, storing, serving, and consuming of food or of material intended for use as food, and all offal, excluding useful industrial by-products, and includes all such substances from all public and private establishments and from all residences.
(567 IAC 100.2)
5. "Landscape waste" means any vegetable or plant waste except garbage. The term includes trees, tree trimmings, branches, stumps, brush, weeds, leaves, grass, shrubbery, and yard trimmings.
(567 IAC 20.2)
6. "Litter" means any garbage, rubbish, trash, refuse, waste materials, or debris not exceeding 10 pounds in weight or 15 cubic feet in volume. Litter includes but is not limited to empty beverage containers, cigarette butts, food waste packaging, other food or candy wrappers, handbills, empty cartons, or boxes.
(Code of Iowa, Sec. 455B.361[2])
7. "Owner" means, in addition to the record titleholder, any person residing in, renting, leasing, occupying, operating, or transacting business in any premises, and as between such parties the duties, responsibilities, liabilities, and obligations hereinafter imposed shall be joint and several.

8. "Refuse" means putrescible and non-putrescible waste, including but not limited to garbage, rubbish, ashes, incinerator residues, street cleanings, market and industrial solid waste, and sewage treatment waste in dry or semisolid form.

(567 IAC 100.2)

9. "Recreational fire" means the burning of materials, other than rubbish, contained in an outdoor fireplace, barbecue grill, or pit, and with a fuel area three feet or less in diameter and two feet or less in height, for pleasure, religious, ceremonial, cooking, or similar purpose.

10. "Residential premises" means a single-family dwelling and any multiple-family dwelling up to and including four separate dwelling units.

11. "Residential waste" means any refuse generated on the premises as a result of residential activities. The term includes landscape waste grown on the premises or deposited thereon by the elements, but excludes garbage, tires, trade wastes, and any locally recyclable goods or plastics.

(567 IAC 20.2)

12. "Rubbish" means non-putrescible solid waste consisting of combustible and non-combustible waste, such as ashes, paper, cardboard, tin cans, yard clippings, wood, glass, bedding, crockery, or litter of any kind.

(567 IAC 100.2)

13. "Sanitary disposal" means a method of treating solid waste so that it does not produce a hazard to the public health or safety or create a nuisance.

(567 IAC 100.2)

14. "Sanitary disposal project" means all facilities and appurtenances (including all real and personal property connected with such facilities) that are acquired, purchased, constructed, reconstructed, equipped, improved, extended, maintained, or operated to facilitate the final disposition of solid waste without creating a significant hazard to the public health or safety, and which are approved by the Director of the State Department of Natural Resources. "Sanitary disposal project" does not include a pyrolysis or gasification facility as defined in Section 455B.301 of the *Code of Iowa*.

(*Code of Iowa, Sec. 455B.301*)

15. "Solid waste" means garbage, refuse, rubbish, and other similar discarded solid or semisolid materials, including but not limited to such materials resulting from industrial, commercial, agricultural, and domestic activities. Solid waste may include vehicles, as defined by Section 321.1 of the *Code of Iowa*. Solid waste does not include any of the following:

(*Code of Iowa, Sec. 455B.301*)

A. Hazardous waste regulated under the Federal Resource Conservation and Recovery Act, 42 U.S.C. § 6921-6934.

B. Hazardous waste as defined in Section 455B.411 of the *Code of Iowa*, except to the extent that rules allowing for the disposal of specific wastes have been adopted by the State Environmental Protection Commission.

C. Source, special nuclear, or by-product material as defined in the Atomic Energy Act of 1954, as amended to January 1, 1979.

D. Petroleum contaminated soil that has been remediated to acceptable State or federal standards.

E. Steel slag which is a product resulting from the steel manufacturing process and is managed as an item of value in a controlled manner and not as a discarded material.

F. Material that is legitimately recycled pursuant to Section 455D.4A of the *Code of Iowa*.

G. Post-use polymers or recoverable feedstocks that are any of the following:

- (1) Processed at a pyrolysis or gasification facility.
- (2) Held at a pyrolysis or gasification facility prior to processing to ensure production is not interrupted.

16. "Toxic and hazardous waste" means waste materials, including (but not limited to) poisons, pesticides, herbicides, acids, caustics, pathological waste, flammable or explosive materials, and similar harmful waste that requires special handling and that must be disposed of in such a manner as to conserve the environment and protect the public health and safety.

(567 IAC 100.2)

17. "Yard waste" means any debris such as grass clippings, leaves, garden waste, brush, and trees. Yard waste does not include tree stumps.

105.03 SANITARY DISPOSAL REQUIRED. It is the duty of each owner to provide for the sanitary disposal of all refuse accumulating on the owner's premises before it becomes a nuisance. Any such accumulation remaining on any premises for a period of more than 30 days shall be deemed a nuisance and the City may proceed to abate such nuisances in accordance with the provisions of Chapter 50 or by initiating proper action in district court.

(*Code of Iowa, Ch. 657*)

105.04 HEALTH AND FIRE HAZARD. It is unlawful for any person to permit to accumulate on any premises, improved or vacant, or on any public place, such quantities of solid waste that constitute a health, sanitation or fire hazard.

105.05 OPEN BURNING RESTRICTED. No person shall allow, cause, or permit open burning of combustible materials where the products of combustion are emitted into the open air without passing through a chimney or stack, except that open burning is permitted in the following circumstances:

(567 IAC 23.2 and 100.2)

1. Disaster Rubbish. The open burning of rubbish, including landscape waste, for the duration of the community disaster period in cases where an officially declared emergency condition exists, provided that the burning of any structures or demolished structures is conducted in accordance with 40 CFR Section 61.145.

(567 IAC 23.2[3]"a")

2. Trees and Tree Trimmings. The open burning of trees and tree trimmings at a City-operated burning site, provided such burning is conducted in compliance with the rules established by the State Department of Natural Resources.

(567 IAC 23.2[3]"b")

3. Flare Stacks. The open burning or flaring of waste gases, provided such open burning or flaring is conducted in compliance with applicable rules of the State Department of Natural Resources.

(567 IAC 23.2[3]"c")

4. Landscape Waste. The disposal by open burning of landscape waste originating on the premises is permitted during the first two weeks of April and again the last two weeks of October, provided such burning does not create a hazardous condition for any person or property. However, the burning of landscape waste produced in clearing, grubbing and construction operations shall be limited to areas located at least one-fourth mile from any building inhabited by other than the landowner or tenant conducting the open burning. Rubber tires shall not be used to ignite landscape waste.

(567 IAC 23.2[3]“d”)

5. Recreational Fires. Open fires for cooking, heating, recreation and ceremonies, provided they comply with the limits for emission of visible air contaminants established by the State Department of Natural Resources. Rubber tires shall not be burned in a recreational fire. A recreational fire may not be used to dispose of refuse, household waste, leaves, brush, or construction materials. An adult person, knowledgeable in fire safety and extinguishment, shall be present at all times until the fire is completely extinguished. Any fire larger than the size restrictions as provided by the definition of “recreational fire” shall require a permit approved by the City Council. All other restrictions shall continue to apply.

(567 IAC 23.2[3]“e”)

6. Training Fires. Fires set for the purpose of conducting bona fide training of public or industrial employees in firefighting methods, provided that the training fires are conducted in compliance with rules established by the State Department of Natural Resources.

(567 IAC 23.2[3]“g”)

7. Controlled Burning of a Demolished Building. The controlled burning of a demolished building by the City, subject to approval of the Council, provided that the controlled burning is conducted in accordance with rules and limitations established by the State Department of Natural Resources.

(567 IAC 23.2[3]“j”)

8. Variance. Any person wishing to conduct open burning of materials not permitted herein may make application for a variance to the Director of the State Department of Natural Resources.

(567 IAC 23.2[2])

105.06 SEPARATION OF YARD WASTE REQUIRED. All yard waste shall be separated by the owner or occupant from all other solid waste accumulated on the premises and shall be composted on the premises, burned as allowed in subsection 105.05(4), or taken to the City designated burn pile for disposal.

105.07 LITTERING PROHIBITED. No person shall discard any litter onto or in any water or land, except that nothing in this section shall be construed to affect the authorized collection and discarding of such litter in or on areas or receptacles provided for such purpose. When litter is discarded from a motor vehicle, the driver of the motor vehicle shall be responsible for the act in any case where doubt exists as to which occupant of the motor vehicle actually discarded the litter.

(Code of Iowa, Sec. 455B.363)

105.08 TOXIC AND HAZARDOUS WASTE. No person shall deposit in a solid waste container or otherwise offer for collection any toxic or hazardous waste. Such materials shall be transported and disposed of as prescribed by the Director of the State Department of Natural Resources.

*(567 IAC 100.2)
(567 IAC 102.13[2] and 400 IAC 27.14[2])*

105.09 WASTE STORAGE CONTAINERS.

1. Container Specifications. Waste storage containers shall comply with the following specifications:

A. Residential. Residential waste containers for solid waste and recycling are supplied by the City-contracted solid waste collector.

B. Commercial. Every person owning, managing, operating, leasing or renting any commercial premise where an excessive amount of refuse accumulates and where its storage in portable containers as required above is impractical, shall maintain metal bulk storage containers approved by the City.

2. Storage of Containers. Residential solid waste containers shall be stored upon the residential premises. Commercial solid waste containers shall be stored upon private property, unless the owner has been granted written permission from the City to use public property for such purposes. The storage site shall be well drained and fully accessible to collection equipment, public health personnel, and fire inspection personnel. All owners of residential and commercial premises shall be responsible for proper storage of all garbage and yard waste to prevent materials from being blown or scattered around neighboring yards and streets.

3. Location of Containers for Collection. Containers for the storage of solid waste awaiting collection shall be placed at the curb or alley line by the owner or occupant of the premises served. Containers or other solid waste placed at the curb line shall not be so placed more than 12 hours in advance of the regularly scheduled collection day and shall be promptly removed from the curb line following collection.

4. Nonconforming Containers. Solid waste placed in containers that are not in compliance with the provisions of this section will not be collected.

105.10 PROHIBITED PRACTICES. It is unlawful for any person to:

1. Unlawful Use of Containers. Deposit refuse in any solid waste containers not owned by such person without the written consent of the owner of such containers.

2. Interfere with Collectors. Interfere in any manner with solid waste collection equipment or with solid waste collectors in the lawful performance of their duties as such, whether such equipment or collectors be those of the City, or those of any other authorized waste collection service.

3. Incinerators. Burn rubbish or garbage except in incinerators designed for high temperature operation, in which solid, semisolid, liquid, or gaseous combustible refuse is ignited and burned efficiently, and from which the solid residues contain little or no combustible material, as acceptable to the Environmental Protection Commission.

4. Scavenging. Take or collect any solid waste that has been placed out for collection on any premises, unless such person is an authorized solid waste collector.

105.11 SANTARY DISPOSAL PROJECT DESIGNATED. All recycled solid waste generated within the City shall be transported to Metro Park West unless written permission is received from the landfill to dispose of solid waste at another permitted site.

CHAPTER 106

COLLECTION OF SOLID WASTE

106.01 Collection Service
106.02 Collection Vehicles
106.03 Loading
106.04 Frequency of Collection
106.05 Bulky Rubbish

106.06 Right of Entry
106.07 Contract Requirements
106.08 Collection Fees
106.09 Lien for Nonpayment

106.01 COLLECTION SERVICE. The City shall provide by contract for the collection of all solid waste except bulky rubbish as provided in Section 106.05 within the City.

106.02 COLLECTION VEHICLES. Vehicles or containers used for the collection and transportation of garbage and similar putrescible waste or solid waste containing such materials shall be leak-proof, durable and of easily cleanable construction. They shall be cleaned to prevent nuisances, pollution, or insect breeding and shall be maintained in good repair.

(567 IAC 104.9)

106.03 LOADING. Vehicles or containers used for the collection and transportation of any solid waste shall be loaded and moved in such a manner that the contents will not fall, leak, or spill therefrom, and shall be covered to prevent blowing or loss of material. Where spillage does occur, the material shall be picked up immediately by the collector or transporter and returned to the vehicle or container and the area properly cleaned.

106.04 FREQUENCY OF COLLECTION. All solid waste shall be collected from residential premises at least once each week and from commercial, industrial, and institutional premises as frequently as may be necessary, but not less than once each week.

106.05 BULKY RUBBISH. Bulky rubbish that is too large or heavy to be collected in the normal manner of other solid waste may be collected by the collector upon request in accordance with procedures established by the Council.

106.06 RIGHT OF ENTRY. Solid waste collectors are hereby authorized to enter upon private property for the purpose of collecting solid waste, as required by this chapter; however, solid waste collectors shall not enter dwelling units or other residential buildings.

106.07 CONTRACT REQUIREMENTS. No person shall engage in the business of collecting, transporting, processing, or disposing of solid waste for the City without first entering into a contract with the City. This section does not prohibit an owner from transporting solid waste accumulating upon premises owned, occupied, or used by such owner, provided such refuse is disposed of properly in an approved sanitary disposal project. Furthermore, a contract is not required for the removal, hauling, or disposal of earth and rock material from grading or excavation activities, provided that all such materials are conveyed in tight vehicles, trucks, or receptacles so constructed and maintained that none of the material being transported is spilled upon any public right-of-way.

106.08 COLLECTION FEES. The collection and disposal of solid waste as provided by this chapter are declared to be beneficial to the property served or eligible to be served and there shall be levied and collected fees for the same, in accordance with the following:

(Goreham vs. Des Moines, 1970, 179 NW 2nd, 449 [Iowa 1970])

1. Schedule of Fees. The fees for solid waste collection and disposal service, used or available, are:

A. For each single family dwelling residence - \$15.00 per month.

B. For each multiple family dwelling, commercial and industrial premises, school, and church – \$30.00 to \$110.00, contingent on the size of the disposal container used and the amount of solid waste collected.

2. Payment of Bills. All fees are due and payable under the same terms and conditions provided for payment of a combined service account as contained in Section 92.03 of this Code of Ordinances. Solid waste collection service may be discontinued in accordance with the provisions contained in Section 92.04 if the combined service account becomes delinquent, and the provisions contained in Section 92.07 relating to lien notices shall also apply in the event of a delinquent account.

106.09 LIEN FOR NONPAYMENT. Except as provided for in Section 92.06 of this Code of Ordinances, the owner of the premises served and any lessee or tenant thereof are jointly and severally liable for fees for solid waste collection and disposal. Fees remaining unpaid and delinquent shall constitute a lien upon the property or premises served and shall be certified by the Clerk to the County Treasurer for collection in the same manner as property taxes.

(Code of Iowa, Sec. 384.84)
