Bill No. 25-1509 – an ordinance revoking certain sections of the city code Chapter 125, Municipal Court in regard to Municipal Judge and for providing Municipal Code violations to heard by the Associate Circuit Court and established.

City Administrator Kathleen Trentmann explained that she has contacted OSCA (Office of State Court Administrators) about moving the municipal court to the Circuit Court in Union. This will take approximately six months. At this time, New Haven does not have a court clerk, which does not allow the City to enforce certain ordinances. City Attorney Charles Hurth noted that he has begun clearing the docket of cases and that some cases can be transferred to Circuit Court.

Bill No. 25-1509

Ordinance No. 1483

Bill No. 25-1511 – an ordinance authorizing and approving a contract agreement pertaining to refurbishing Water Tower #2.

Three bids were submitted and were reviewed by Kent Vedder of BFA. He recommended the bid from Ozark Applicators. This company has completed jobs for New Haven several times in the past. Bids included sandblasting and disinfecting the inside of the tower, and cleaning and repainting the outside. The work will not affect the water pressure and/or service. The outside will be painted with a band around the bottom of the tank where it tends to mold. A shamrock insignia will be additional cost.

Bill No. 25-1511

Ordinance No. 1485

Introduced by Alderman Zobrist

Motion to approve 1st reading made by Alderman Menke; seconded by Alderman Quick.

Resolution No. 25-205 – authorizing and directing the Mayor to execute a contract agreement for Concrete Services for construction season 2025

Two companies, K J Unnerstall and Konrad Construction have been contacted to complete jobs for the April 2025 through March, 2026. Dave Blankenship explained that one company cannot begin for three weeks, the other can start immediately but is more expensive. Weather will also

factor in when the work can be completed. It was agreed that both companies would be accepted.

**Motion to approve made by Alderman Zobrist; seconded by Alderman Menke.
Approved 4-0.**

MAYOR REPORT

- a. Mayor's slate 2025-2026
- b. Planning and Zoning Commission – Alan Bell and Robbie Houseman were nominated to fill two openings on the commission.
- c. Board of Adjustment has one opening
- d. Economic (Finance) Committee has one opening
- e. IT Committee – Kyle Quick was appointed; Howard Klein nominated
- f. Street Committee – Kyle Quick was appointed
- g. Water/Sewer Committee – Kyle Quick was appointed
- h. City Building Committee – Kyle Quick and Steve Bertrand appointed
- i. Electric Light Committee – Steve Bertrand appointed

- e. Park Board – City Administrator Kathleen Trentmann noted that the pool managers are getting ready for the upcoming season; Franklin County Sports would like to build a soccer field near the park.
- f. Tourism Committee – no report

CITY ATTORNEY REPORT

Mr. Louis Klingert appealed the decision of the trial at circuit court regarding the building violations. The case is currently at the Missouri Court of Appeals. The City of New Haven cannot do anything about these violations until the case is heard at the Court of Appeals.

DEPARTMENT REPORTS

- a. Franklin County Sheriff's Department – no report
- b. Police Department
 - i. Lease Vehicle Proposals
Chief Neace presented two proposals for new department vehicles. He preferred the quote from Broadway Ford in St. Louis. The quote included a truck and Explorers for the PD, as well as a car for use by City Hall. Alderman Menke stated that the purchasing of police vehicles should be on a rotation. Chief Neace stated he would like at least one new vehicle for the department.

Motion made to accept the bid from Broadway Ford for one new police vehicle made by Alderman Menke; seconded by Alderman Bertrand. Accepted 4-0.

- ii. Moving the PD uptown
Chief Neace stated he would like to re-locate the Police Department to the south side of the railroad tracks in order to better respond to calls. A train that was stopped and blocking both Miller and Olive Streets in the past month caused officers to respond to a call in their personal vehicles. He noted that the majority of calls are for areas south of the railroad tracks. It was agreed that the City Building Commission should begin working with Chief Neace to investigate possible locations for the police department.
- c. Public Works – Dave Blankenship noted that the lift station #7 parts have been ordered; the UV plant is on-line for the season; the privacy fence to be placed around the reg station in the park has been ordered; repairs were made to the trail in the park after heavy rains; the pool opens Memorial Day weekend and repairs to the restrooms should be completed.

- d. Building Inspector – not present; City Administrator Kathleen Trentmann noted that Michael Fleege may be retiring this year.
- e. EMA Director – a basement wall collapsed on a house on Maupin Street during the heavy rains; the Building Inspector condemned the house. Text Alert systems were discussed as a way to notify residents of severe weather; however, Kathy Trentmann noted that when the service was offered to residents previously, no one signed up and there was a cost of approximately \$4,000.00 to the City. She did note that residents can sign up for alerts on Front Desk on the City's website.

CITY ADMINISTRATOR (report by separate cover)

- a. Special Event Permit Application, Track & Field Meets, May 1, 6, and 10, 2025

Motion to approve the Track & Field Special Event Permit, with the condition that bus parking be by Bock Field, made by Alderman Menke; seconded by Alderman Quick. Approved 4-0.

- b. Special Event Permit Application, 1st Annual Pig Roast & Lager Fest, June 7, 2025. Artisan Spirits is requesting to close Cottonwood Street on the day of the festival.

Motion to approve the 1st Annual Pig Roast & Lager Fest Special Event Permit, made by Alderman Zobrist; seconded by Alderman Quick. Approved 4-0.

Public Works Report for April 2025

Water Department: we have changed 30 plus gas and water meters throughout town. This is the only way that we could fix the meters that have been estimated. I have been in contact with Ozark applicators to set up schedule for water tower #2. I have not had any response back yet. Just to let the council know the department of natural resources Requires monthly and yearly water test. Our monthly water test Are clean. We had a yearly test on nitrate and nitrites Which of recommended levels. I have enclosed the two reports. Reviewed and made changes

Routine Daily and Monthly Jobs

- Monthly readings of water meters
- Daily readings of wells and towers
- Meter maintenance/change outs, turn on/offs, and read outs.
- Radio Read installed.
- Utility locates (MO One Call)
- Monthly water tests
- Backflow notices
- Mow Grass

Wastewater Department

. The flow monitors have been moved to different manholes for the I and I study. All the parts for the new lift station 7 have been ordered. They are scheduled to arrive around May. Had the Lagoon sludge judged by Archer Elgin. I am still waiting for the results from this.

Routine Daily and Monthly Jobs

- Daily readings of lift stations and lagoon discharges
- Daily and monthly tests of lagoon effluent per NPDES permit
- Aerator maintenance and operation
- Monthly wastewater reports prepared and sent to MO DNR
- Mow Grass

Street Department.

Hoping to get back on the Douglas St. project next week.

Routine Jobs Street Department

- Street sign maintenance
- Clean storm grates and sweep up rock.
- Mow Grass

Natural Gas Department.

_We had to dig up and cap a damaged gas line in Berger. All the equipment is in for high tide for TBS.

Routine jobs for gas department

- Line patrol and regulator station checks.
- Odorant checks New Haven and Berger
- Monthly readings of gas meters
- Meter change outs, readouts, turn-ons/offs

- Utility locates - MO One Call
- Gas Inspections
- OQ qualifications
- Change pressure chart and check TBS.

Storm Water

Parks And Recreation- we have pushed the tree down the rest away for safety reasons have now had a chance to get it cleaned up because it's been so wet if we go in there now we will tear more up.

Routine Jobs- Parks Department

Clean restrooms and empty trash twice weekly

Mow grass.

Trim

Pool-

Colter Memorial Playground

Routine Weekly and Monthly Jobs

- Safety meeting with employees and safety video
- Safety inspections of vehicles
- Cleaning of public restrooms

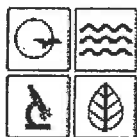

Tap Grant-

Information Items

After getting information about leasing vehicles I believe that it is going to cost the city more money over the life of the lease than what it is going to cost to buy them outright. I recommend that we rebid the truck to purchase it outright.

Training and seminars

Had two guys went to a mama training for trenching and shoring. Everybody is doing O.Q training for the natural gas system. This is what's required to be able to work on and install gas.

MCL- A Maximum Contaminant Level (MCL) is the legal threshold limit on the amount of a substance that is allowed in drinking water under the Federal Safe Drinking Water Act. MCLs are health based, legally enforceable standards. Drinking water results below the MCLs are considered safe.

*Lead and Copper samples have an Action Level (AL) and not an MCL. The AL levels for Lead and Copper are shown in the MCL column.

SS- Secondary Drinking Water Regulations (secondary standards) are non-enforceable guidelines regulating contaminants that may cause aesthetic effects in drinking water, such as taste, color or odor. It is recommended that water systems comply with secondary standards but water systems are not required to comply.

The analysis of this sample was performed in accordance with procedures approved or recognized by the U. S. Environmental Protection Agency.

If you have any questions, please contact the Public Drinking Water Branch's chemical monitoring coordinator Brent Weis at 573-751-3458.

Planning and Zoning Commission Meeting
April 22, 2025
New Haven City Hall

Call to Order:

Phil McKernan called the meeting to order at 7:00 PM

Role Call of Members Present:

Tim Otten, Ed Shivers, Todd Blanc, Rob Hausmann, Phil McKernan, Charles Tritch, Felix Mesger, and Garry Burch.

Staff Members Present:

Kathleen Trentmann, Debra Kopmann, Mike Fleege and Chief Neace.

Others Present:

Jonathan Hunt, contractor for Verizon Wireless.

****Motion to approve the minutes from March 18, 2025 by Tim Otten, Ed Shivers, 2nd. All were in favor.**

Public Hearings:

Special Use Permit for Verizon Wireless cell tower. This is a larger cell tower that would provide better reception for New Haven and the downtown area. The proposed 300' tower could provide better service and would be open to more cell carriers.

Public Comment:

Mr. & Mrs. Larry LaRose are concerned about the proximity of the proposed location of cell tower to their residence noting health concerns, aesthetics and generator noise. They are opposed to the tower. They requested to be informed of the next meeting.

Commission Discussion:

The Commission understands the homeowners' concerns and recommends the location of the cell tower be moved 200' to the West of the proposed site. Upon this condition, a variance would be granted regarding the 1,000 ft code regulation of the neighboring cell tower. The tower would also need a nice, slatted fence installed for aesthetics.

****Motion to approve the Verizon Wireless Cell Tower Special Use Permit with a condition to move the tower location at least 200' directly West and have a slatted fence around it for aesthetics and approve variance for less than 1,000 ft from neighboring tower by Tim Otten, Ed Shivers, 2nd. Seven were in favor, one nay.**

Ordinances & Resolutions:

The Planning and Zoning Commission recommends approval of Bill No. 25-1512 (adding Section 405.190 (A). 33. Museum).

****Motion to approve Felix Munsinger, Charles Tritch, 2nd.**

The Planning and Zoning Commission recommends approval of Bill No. 25-1513 (adding Section 355.110 vehicle parking during snow events).

****Motion to approve Tim Otten, Rob Hausmann, 2nd.**

Bill No. 25-1514 to amend Chapter 300 of the Municipal Code of the City of New Haven, Stopping, Standing, or Parking Prohibited in Specified Places. The Commission was unable to come to an agreement on the number of hours. This has been tabled for the next meeting, May 20th, 2025.

****Motion to adjourn Charlie Tritch, Ed Shivers, 2nd. All were in favor.**

Respectfully submitted,

To the Mayor and Board of Aldermen,

On April 22, 2025 the Planning and Zoning Commission held their monthly meeting.

Motion to approve the Verizon Wireless Cell Tower Special Use Permit with a condition to move the tower location at least 200' directly West and have a slatted fence around it for aesthetics and approve variance for less than 1,000 ft from neighboring tower.

Motion to approve and recommend to the Board of Aldermen amendments to Bill No. 25-1512 and Bill No. 25-1513.

Regards,

Philip McKernan
President, Planning & Zoning Commission

**Board of Adjustment meeting
April 22, 2025
New Haven City Hall
101 Front Street**

Call to Order:

Rosalie Laune called the meeting to order at 6:0 p.m.

Rosalie Laune called roll of the members: Gene Juedemann-present, and Larry Scheer.

Absent Jim Stiles.

Others Present, Michael Fleege, building inspector, Kathleen Trentmann, city administrator, Debra Kopmann, David Luecke, mayor, Luke and Michelle Otten, Elisha Hoerstkamp, Tim Otten, Alderman Brenda Menke.

Ms. Laune stated the purpose of the meeting. Luke and Michelle Otten have requested a variance from the specifications recorded on the deeded plate. Specifically, seeking approval to adhere to the city code, which stipulates a 25-foot backyard setback, as outlined in Code 405.270(A), rather than the 30 ft setback indicated on the deeded plat.

Ms. Laune referenced a letter received from Kara Kramer, 803 Sunset Lane. Letter dated 4-18-2025 acknowledged.

Ms. Laune opened the public hearing section of the meeting by swearing in Elisha Hoerstkamp, Luke and Michelle Otten.

In summary Ms. Hoerstkamp stated the minimum dimensional requirements are 25' backyard setbacks. This lot was platted with a required 30' backyard setback because according to the developer, this was done due to the uncertainty of the sewer line exact placement.

Mr. Otten showed a drawing of the exact sewer line placement. The zoning code will remain unaffected, because the city code requires a minimum setback of 25'.

Motion to approve the variance request made by Gene Juedemann, seconded by Larry Scheer. Motion carried 3-0.

Motion to approve minutes dated May 23, 2023, made by Gene Juedemann, seconded by Larry Scheer. Motion carried 3-0.

Meeting Adjourned.

RE: Variance Request at 802 Sunset Lane, (Lot 41 Baltimore Plat 3).

The applicant is seeking a variance from the 30' back setback as recorded on the deeded plat, specifically, to adhere to the city code minimum dimensional requirements of 25' back setback.

TO WHOM IT MAY CONCERN:

The Board of Adjustment held a Public Hearing on April 22, 2025, to hear comments in regard to the variance request from Luke and Michelle Otten.

The Board of Adjustment approved the request to grant the variance.

Respectfully,

Kathleen A. Trentmann

RESOLUTION NO. 25-207

A RESOLUTION AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE AN AGREEMENT BETWEEN THE CITY OF NEW HAVEN, MISSOURI AND THE COUNTY OF FRANKLIN, MISSOURI

WHEREAS, the County of Franklin, Missouri recognizes the benefit of establishing mutual aid agreement with municipalities within its jurisdictional boundaries for cooperative response to disasters and emergencies; and

WHEREAS, the parties desire to enter into an agreement for said services.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF NEW HAVEN, MISSOURI, AS FOLLOWS:

SECTION ONE.

The Mayor is hereby authorized and directed, on behalf of the City of New Haven, to execute a Multi-Jurisdictional Mutual Aid Agreement with the County of Franklin, Missouri. A copy of the Agreement is attached hereto as Exhibit A and made fully a part hereof.

Adopted by the Board of Aldermen and approved by the Mayor on this 12th day of May, 2025.

MULTI-JURISDICTIONAL MUTUAL AID AGREEMENT

This Agreement made and entered into this ____ day of ___. 2025 by and between the County of Franklin, Missouri (the "County") and the signatory municipalities below.

WHEREAS, the County recognizes the benefit of establishing mutual aid agreements with municipalities within its jurisdictional boundaries for cooperative response to disasters and emergencies; and,

WHEREAS, the signatory municipalities below (hereinafter a "Municipality" and collectively the "Municipalities") within the County, each constituting a Party to this Agreement, have deemed it to be in their best interests to enter into a mutual aid agreement to provide for mutual cooperation in the event of a disaster or emergency; and,

WHEREAS, each Party entering into this compact recognizes that many emergencies, including, but not limited to, natural disasters, technological hazards, man-made disasters, civil emergency aspects of resources shortages, community disorders, insurgency, or terrorist attack, transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing emergencies; and,

WHEREAS, each Party is responsible for responding to an emergency situation and using all available resources to protect the health, safety, and property of the citizens of the affected jurisdiction(s); and,

WHEREAS, it is desirable and necessary that all available resources of the County and Municipalities and their various departments and agencies be made available to respond to natural and man-made emergencies; and,

WHEREAS, it is desirable that each of the Parties hereto should assist one another when an emergency occurs by providing resources including, but not limited to, equipment, supplies, facilities, personnel, and services to cope with the disaster or emergency; and,

WHEREAS, each Party may be able to provide the above assistance in areas including, but not limited to emergency management, public information, public works, roads and bridges, building inspections, or administration; and,

WHEREAS, the County and Municipalities have previously entered into certain mutual aid agreements for law enforcement; and

WHEREAS, Missouri law, including but not limited to Section 44.090 RSMo, authorizes the executive officer of the County and the Municipalities to enter into mutual-aid arrangements or agreements with each other for reciprocal emergency aid at the time of significant emergency such as fire, earthquake, flood, tornado, hazardous material

incident, terrorist incident, or other such man-made or natural emergency disaster or public safety need anywhere within the County; and

WHEREAS, Missouri law provides for the execution of such mutual aid agreements among political subdivisions of the State as well as public safety agencies, as authorized by the respective jurisdiction's elected body; and,

WHEREAS, the Parties recognize that certain emergencies or disasters may render government facilities inoperable or inaccessible, and that the sharing of facilities between Parties may, when feasible, help maintain essential services and promote continuity of government; and,

WHEREAS, by entering into this agreement, each Party within their sole discretion, consents to provide and receive mutual aid to and from other Parties that have entered into this agreement, subject to the terms and conditions herein.

NOW, THEREFORE, THE COUNTY AND EACH MUNICIPALITY THAT EXECUTES THIS AGREEMENT (PARTIES) DO OFFICIALLY AGREE AS FOLLOWS:

1. INCIDENT MANAGEMENT AND COMMAND STRUCTURE

- a. Each participating jurisdiction agrees to institutionalize and implement the National Incident Management System (NIMS), to include the Incident Command System, in accordance with Homeland Security Presidential Directive (HSPD) – 5 (Management of Domestic Incidents).
- b. Management of an incident shall remain with the jurisdiction in which the incident occurred.
- c. A Requesting Agency may contact all parties to the agreement at once for aid but shall keep the County included for coordination and overall situational awareness.
- d. At the time of request, the Requesting Agency shall provide specific details including urgency of the request, situational awareness needed to allow parties to respond, expected time and scope of aid, Sign-in/Out protocols, default report locations, and communication method, if known.
- e. Request should be made in a manner practical for other Parties to be able to evaluate most effectively, such as initiated via phone call/text with follow-up via email and/or WebEOC entry.
- f. Agencies providing assistance shall assign an agency representative to report to the official in charge/incident commander.

2. RESOURCE DEPLOYMENT AND MANAGEMENT

- a. Rendering of aid, pursuant to this Agreement, is entirely at the discretion of the Party who has been requested to provide Aid.
- b. This Agreement of aid is expressly not contingent upon a declaration of a major disaster or emergency by any body, or upon receiving federal or state funds.
- c. No party shall be required to unduly deplete its resources in furnishing such assistance.
- d. If a Responder is unable to meet the Requestor's need for resources, the Requestor will be advised immediately.
- e. Either Requestor or Responder may discontinue Aid as deemed necessary by either party.

3. PLANNING AND PREPAREDNESS

- a. Each participating jurisdiction shall formulate procedural plans and programs for inter-jurisdiction cooperation.
- b. Parties shall review individual jurisdictional hazard analyses and determine potential joint emergencies.
- c. Parties shall develop inter-jurisdiction procedures to address gaps and resolve inconsistencies.
- d. Parties shall assist in warning communities adjacent to or crossing jurisdiction boundaries.
- e. Priority will be given to protect and assure uninterrupted delivery of or reestablishment of community lifelines.

4. LEGAL AND REGULATORY COMPLIANCE

- a. Mutual aid shall be furnished in accordance with RSMo Chapter 44 Section 44.090, Chapter 70 Section 70.837, Chapter 320 Section 320.090, and other applicable provisions of law.
- b. Parties may provide for temporary suspension of local Orders or Ordinances when necessary for mutual aid activities.

5. INJURY OR DEATH

- a. Each party jurisdiction shall provide for the payment of compensation and death benefits to injured members of their emergency forces and representatives of deceased members as if the injury or death occurred within their own jurisdiction.

6. COST ALLOCATION AND REIMBURSEMENT

- a. Each Party shall be responsible for the payment of any and all compensation owed to its personnel arising out of their participation in the activities provided under this Agreement including, but not limited to, wages, salary, health insurance and fringe benefits, as applicable.

- b. Each Party shall be responsible for the payment of workers' compensation and occupational disease benefits, if any are owed, to its personnel, in the event of compensable injuries or illnesses arising out of the activities provided for under this Agreement.
- c. The Responder may assume costs in whole or in part, or may loan or donate aid without charge.
- d. Responder will document hours worked as well as other costs and equipment logged on a shift by shift basis and will provide documentation to the Requestor.
- e. Responder is responsible for providing required documentation about the aid as deemed necessary related to the personnel, equipment, duties, and tasks related to the aid given such as but not limited to Title, Certifications, Salary/Benefits level, Original Cost, Vin, Year, Make, Model, and FEMA Typing.
- f. Parties may enter into supplementary agreements establishing different cost allocations.
- g. The lack of an advanced cost agreement between Parties shall not preclude the rendering of mutual aid by the responding entity.
- h. The current Federal Cost Standards such as the FEMA Equipment Typing and Schedule and GSA Standards may be used as the default for costs in lieu of other agreements or schedules.

7. INSURANCE, LIABILITY AND INDEMNIFICATION

- a. Each Party shall be responsible for maintaining its own insurance or self-insurance program with respect to liabilities to its employees or to third parties that may reasonably result from the performance of its lawful functions, including those functions which are contemplated by this Agreement. Each Party shall bear the cost of its own defense. This Agreement shall not be construed as seeking to either enlarge or diminish any obligation or duty owed by one Party with respect to third parties or to increase the liability of any Party beyond that which is imposed by law.
- b. To the extent permitted by law, each Party to this Agreement shall defend, indemnify and hold harmless all other Parties from and against any and all liability, loss, expense, attorney's fees, or claims for injury or damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of the Party, its employees and agents.

- c. The execution of this agreement shall not give rise to any liability or responsibility for failure to respond to any request for assistance made pursuant to this agreement.

8. EXTERNAL RESOURCE COORDINATION

- a. Parties to this agreement will request that personnel and equipment not under their direct authority honor the conditions of this agreement and support calls for assistance in response to a disaster.

9. PARTICIPATION AND COORDINATION

- a. The County shall maintain a current list of all Municipalities that have executed this Agreement and shall provide updated copies of this list to all participating Municipalities whenever changes occur.
- b. Any Municipality within Franklin County may become a party to this Agreement by executing a copy of this Agreement with the County. Upon execution, such Municipality shall automatically become eligible to request and provide mutual aid to all other participating Municipalities.
- c. The County shall serve as the central coordinator for this Agreement but shall not be required to approve or coordinate individual requests for assistance between participating Municipalities.

10. CONTINUITY OF GOVERNMENT AND FACILITY SHARING

- a. Emergency Operations and Government Facilities –

The Parties acknowledge the potential need for alternate facilities during emergencies or disasters and agree to consider, where practical and feasible, the sharing of facilities to support emergency operations and continuity of government. Each Party may, at its discretion and as circumstances and resources permit:

- i. Make available suitable space within its facilities to support other Parties' emergency operations or essential government functions
- ii. Facilitate access to telecommunications infrastructure and other operational resources as available
- iii. Provide reasonable accommodation for relocated government personnel
- iv. Support the temporary relocation of critical government functions

- b. Future Facility Use Planning –

The Parties agree to work collaboratively toward developing facility use arrangements that may include:

- i. Identification of potential alternate facilities within their respective jurisdictions
 - ii. Development of general procedures for facility access and use
 - iii. Establishment of basic frameworks for cost allocation and reimbursement
 - iv. Creation of security and access protocols
 - v. Documentation of facility capabilities and limitations
- c. Facility Use Arrangements –

When Parties agree to share facilities, they shall work to establish written arrangements addressing relevant operational considerations, which may include:

- i. Available space and resources
 - ii. Duration of use
 - iii. Cost responsibilities
 - iv. Security requirements
 - v. Restoration expectations
 - vi. Insurance and liability matters
- d. Implementation and Coordination

The Parties recognize that:

- i. Any facility sharing arrangements shall be voluntary and subject to the providing Party's operational needs and available resources
 - ii. No Party shall be compelled to make facilities available if doing so would compromise their own operations or create undue hardship
 - iii. The specific terms of facility use shall be determined by mutual agreement of the involved Parties at the time of need
 - iv. Arrangements may be modified or terminated as circumstances require
- e. Cost Considerations

When facilities are shared:

- i. The Parties shall work together to establish reasonable compensation for facility use and associated costs
 - ii. Reimbursement terms shall be documented and agreed upon by the involved Parties

- iii. Cost recovery shall follow established mutual aid principles and procedures

11. EXECUTION AND EFFECT

This Agreement shall become effective between the County and each Municipality upon execution by the Parties, and shall remain operative and effective until terminated by a Party. Notwithstanding the foregoing, any Party may terminate their participation in this Agreement upon providing sixty (60) days written notice to the other Parties prior to the effective date of termination. Notices shall be addressed to each Party at the principal place of business addressed to the executive officer. Any contracts that are agreed upon may provide for compensation from the parties and other terms that are agreeable to the parties and may be for an indefinite period as long as they include a sixty-day cancellation notice provision by either party. The contracts agreed upon may not be entered into for the purpose of reduction of staffing by either party.

The mutual aid provisions between the Parties shall become effective automatically upon their respective executions of this Agreement.

IN WITNESS WHEREOF, this Agreement has been executed by the parties hereto:

SUBJECT: Multi-Jurisdictional Mutual Aid Agreement

Franklin County Emergency Management Agency and municipal Emergency Management Directors have developed a Multi-Jurisdictional Mutual Aid Agreement to enhance emergency response capabilities across our county. This agreement supplements existing state statutes with specific operational frameworks for emergency management, including NIMS compliance, federal reimbursement documentation, resource typing, and facility sharing protocols.

The agreement uses a "hub and spoke" model with Franklin County as coordinator. Upon signing with the County, municipalities gain automatic mutual aid eligibility with all other participating municipalities.

Dear Patricia Heaney and Kathy Trentman, due to events in my personal life I regret that I must give you my 60 day written notice of the termination of our municipal services contract as per section 4. I will be available assist in the hiring and training of the replacement inspector. As this position is two separate "part time " positions I will train separately in the event of more than one inspector. This would make June 27, 2025 my last day. I appreciate the opportunities that you both have given me and would like to thank all staff members for their support. Please pass this email along to the mayors. Thank you.

**CONTRACT AMENDMENT
PRICE AND PRODUCT CHANGE REQUEST FORM**

Supplier Name: Whelen Engineering Company, Inc

Sourcewell Contract Number: 090122-WHL (Contract)

Instructions

A request for product or service changes, additions, or deletions to the Contract will be considered at any time throughout the Contract term. All modifications must be within the scope of the original RFP and be in the best interests of Sourcewell and Sourcewell Participating Entities. If approved, the request will be incorporated into the above-referenced contract; however, no changes will be binding unless the request is approved by the Manager of Supplier Development and this request is signed by Sourcewell's Chief Procurement Officer.

Additions: New products and related services may be added to the contract if they are within the scope of the original RFP.

Deletions: Products and related services may be deleted from the contract if they are no longer available.

Price increases: Price increase requests must provide sufficient justification for the change (e.g., recently imposed tariffs or significant petroleum cost increases), not merely generalized statements requesting the increase.

Price decreases: Price decreases are accepted at any time.

Submit this request to the assigned Sourcewell Supplier Development Administrator.

Detailed Justification for Changes

1. *Changed Product List*

List the products and/or services that are changing from the previous contract price list, along with the percentage change for each item or category. Attach a separate sheet if a large number of changes are included in this request.

We are adding our Mass Notification Product. See attached for the models and list pricing.

The discount being offered is 10% off of the published list price.

Installation is not included in this offer. The authorized Mass Notification distributor may quote installation and other required accessories, such as utility poles, base station radios, antennas, repeater, miscellaneous hardware, etc., as a separate line item on the quote.

FOB is origin. Freight will be added to the invoice.

All order would be filled by Authorized Mass Notification Distributors. A list will be provided once we have the award.

For sales into Canada, the cost of goods will be multiplied by the exchange rate at time of quote. Any freight, brokerage charges, applicable duties and taxes will be added to the quote or invoice.

2. *Justification for Changes*

Provide justification and documentation explaining the requested changes (e.g., add a product because of technology advances in new model of equipment, increased raw material costs, add a Hot List of products). Include the percentage range of increase.

Whelen's Mass Notification products concludes the turnkey solutions for users in warning the public.

3. *Product additions only*

Describe how the product additions fit within the scope of the original RFP.

Whelen's Mass Notification products concludes the turnkey solutions for users in warning the public.

4. *Price changes or product/service additions only*

State how the requested pricing is consistent with current Sourcewell contract pricing.

The pricing structure is consistent with this industry, as Mass Notification distributors currently quotes at list price to a maximum of a 10% discount.

Complete Restatement of Pricing Submitted

I understand that a complete restatement of pricing must be attached with this request or it will not be processed.

Detailed Justification for Changes

1. *Changed Product List*

List the products and/or services that are changing from the previous contract price list, along with the percentage change for each item or category. Attach a separate sheet if a large number of changes are included in this request.

We are updating our Mass Notification Price List, the increase is around 8%.

We have included a copy of the new January 1, 2024 price list for your review.

This update only refer to Mass Notification Products located in the attached "Mass Notification List Price 2024".

It does not affect any of our automotive offerings.

2. *Justification for Changes*

Provide justification and documentation explaining the requested changes (e.g., add a product because of technology advances in new model of equipment, increased raw material costs, add a Hot List of products). Include the percentage range of increase.

After carefully reviewing our operating plan for next year, we will be increasing our prices about 8%. This increase is set to help offset some of the additional operating costs needed to continue producing the high quality products that is expected by our customers, along with the increase in raw material that we have seen over the past year.

3. *Product additions only*

Describe how the product additions fit within the scope of the original RFP.

We are not changing our product offering.

4. *Price changes or product/service additions only*

State how the requested pricing is consistent with current Sourcewell contract pricing.

There is no change to the discount offered, staying within the scope of the contract.

Whelen Engineering Company, Inc., Attn: Mass Notification Products Division, 51 Winthrop Road, Chester, CT 06412-1036

WHY SHOULD YOU BUY A WHELEN MASS NOTIFICATION PRODUCT?

How do you warn people of a tornado, flash flood or chemical release and get the proper response? A Mass Notification Product is intended to alert a community of such impending situations. As a municipal or county official, or as a distributor of Whelen Mass Notification Products, you have the difficult task of deciding what equipment is required to reliably and cost-effectively alert the community of these life-threatening dangers.

MASS NOTIFICATION PRODUCT SOUND LEVEL

The two most important features of a Mass Notification Product warning system are (1) how loud does it need to be, and (2) to what distance will that sound carry so that it is still heard by the citizens over the normal community noise levels. Two important parameters of output are sound level (decibel) and frequency range (Hertz). Instruments used to measure sounds give us sound levels in decibels or dB(c). These sound levels are closely related to what we hear as loudness. A level of 110 dB(c) at 100 feet is louder than a level of 90 dB(c) at 100 feet. Instruments measure the frequency component of a sound in Hertz or Hz. A number of 400 Hz will have a low pitch sound of a bass tuba while a number of 1,500 Hz will have a high pitch sound of a flute.

The FEMA guidelines state several important facts about the sound generation from an outdoor emergency siren: *

The frequency range should be between 300 and 1,000 Hz. This is the range the human ear detects best.

- The sound level should be measured at 100 feet.
- Sound levels will decrease at a rate of 10 dB(c) as the distance is doubled (Example: Producing a level of 125 dB(c) at 100 feet will have a level of 115 dB(c) at 200 feet and a level of 105 dB(c) at 400 feet.) Whelen states this to include background noise.
- If, for example, a Mass Notification Product is claimed to be capable of producing a minimum level of 70 dB(c) at a distance of one mile, using the formula of subtracting 10 dB(c) as the distance is doubled, would require the product to have the capability of producing a minimum sound level of 127 dB(c) at 100 feet.
- Anything less than 127 dB(c) will NOT provide 70 dB(c) at a distance of one mile.

SPEAKERS

Many manufacturers use standard consumer electronic components and speaker drivers that are used in our everyday household entertainment centers. The speakers used are designed for voice and limited music use with a frequency range of 1,000 to 3,000 Hz. A Whelen speaker is specifically designed as an emergency alerting speaker with its peak operating performance in the 300 to 1,000 Hz range (as defined in the FEMA guidelines). We are the only manufacturer utilizing a speaker driver specifically designed for outdoor warning. Unlike other manufacturers, Whelen's products come fully assembled, tested, and ready to install.

ELECTRONIC COMPONENTS

Whelen Audio Power Amplifiers and Battery Power Systems are designed and rigorously tested to reliably operate in extreme temperature ranges and humid conditions. Whelen equipment has logged hundreds of hours in environmental test chambers in order to find potential problems that may cause the product to fail during the critical times of an emergency situation. Some manufacturers use the same audio amplifiers and UPS (Uninterruptable Power Supplies) systems that are used in your air-conditioned living room or office area. These components are NOT designed for outdoor use in extreme temperature and environmental conditions such as lightning strikes.

BASE STATION AND SIREN ACTIVATION CONTROLS

Whelen can offer a wide range of activation controls that can fit any budget. Reliable and dependable, these products are designed and manufactured in our own facilities in the U.S.A. Whelen's protocol is DTMF. This protocol is used today and has been used for years in communications. It is reliable and proven in communicating under adverse conditions. Our equipment will also operate in many other digital formats, including FSK.

TESTING

Whelen Engineering has made a major commitment to Mass Notification Products with constant testing and product improvements. Whelen has extensive testing facilities with an anechoic chamber for acoustic testing, several environmental chambers for performing temperature and humidity testing, an RF chamber for testing radio emissions to improve radio communications and shock, as well as, vibration test equipment. Our UL Listed and tested systems meet the "Audible Signaling Device for Outdoor Use" specifications. Other manufacturers do not have this type of listing but may have UL Listed components for use as entertainment equipment or for office use. These types of listings are not for products that are to be used as emergency warning systems designed to alert your community of severe and/or life-threatening weather. No Mass Notification Products manufacturer in the world submits its products to more tests than Whelen. That is why Whelen can state that "We make the best Mass Notification Products in the world!"

EXPERIENCE

Whelen Engineering has over 30 years of experience in the design and manufacturing of outdoor electronic Mass Notification Products and Whelen has built thousands of products used to alert communities, counties and entire nations around the world of potential danger. Whelen has a dedicated commitment to produce a properly engineered, reliable and cost-effective Mass Notification Products that no community can afford to be without during life threatening conditions. Whelen has the largest Mass Notification production assembly area in the marketplace. In 30 years, Whelen has never been beaten in side-by-side competition for tone clarity or tone power output. Designing and manufacturing visual and audible indoor and outdoor Mass Notification Products is not a sideline at Whelen, it is the only thing we do, and we do it better than anyone else.

— GENERAL POLICY INFORMATION FOR ALL WHELEN MASS NOTIFICATION PRODUCTS —

1. These policies may be amended or changed without notice. All Whelen Engineering customers acknowledge receipt of these policies and accept their terms and conditions by purchasing products covered in the current Whelen Automotive Mass Notification Catalog and/or Price Lists.
2. Prices are subject to change without prior notice. Price in effect at time of shipment will prevail on scheduled orders. Every effort will be made to avoid price revisions prior to void date noted on the Official Price List. Should material cost escalate beyond our control, Whelen Engineering reserves the right to make adjustments deemed necessary.
3. Whelen Engineering Company reserves the right to add surcharges to invoices for special taxes that are imposed on Whelen by state governments or other legal entities for our doing business in their jurisdiction. Every effort will be made to provide appropriate notice in advance of the start of such surcharges.
4. Any product may be discontinued, or upgraded with design improvements, without notice.
5. By the purchase of products from Whelen, customer agrees to abide by and be bound to the terms and conditions stated herein, unless a Whelen corporate officer has otherwise agreed in writing. These terms and conditions are exclusive and shall apply in lieu of all other terms and conditions appearing on the customer's purchase order or other customer documentation. Customer agrees that Whelen's acceptance of customer's order or quotation is limited to and governed exclusively by these terms and conditions. Neither Whelen's commencement of performance nor shipment of products shall be deemed to constitute acceptance of any additional or different terms and conditions proposed by customer. Whelen's failure to object to provisions contained in any order or other document of customer shall not be construed as a waiver by Whelen of Whelen's terms and conditions or an acceptance of any terms and conditions of Customer, which are hereby rejected by Whelen. Customer also agrees to and accepts unsolicited faxes and/or emails from Whelen on promotions, literature, etc.
6. Whelen Engineering assumes no responsibility for RF path and propagation.
7. The content of this Price List are proprietary and confidential and intended for use by Authorized Distributors and Whelen employees only. Any dissemination or distribution of this Price List, without written permission of Whelen Engineering Company is illegal and prohibited.
8. Whelen in-house quality assurance program is used in all manufactured products. Customer imposed or requested programs will only be used at Whelen Plants when agreed to by an authorized corporate officer and any quotation will reflect the cost of such a program in the pricing and accepted by the customer.
9. Catalog, price list or policy statement possession does not constitute the right to purchase directly from Whelen Engineering Company, Inc. Contact the factory for official account status, customer classification and current discount for all product categories.
10. To order, configure and program certain Whelen Products, the customer may be required, at their cost, to update their computer's hardware and/or operating system to the latest version.
11. Whelen Trademarks are the property of Whelen Engineering Company, Inc. and may be used only as set forth in the Guidelines for use of Whelen Trademarks available at www.whelen.com.
12. Whelen Engineering Company reserves the right to terminate or change status of any current customer at any time without notice. Such accounts may be reinstated at the discretion of the Whelen Authorized Managing Sales Representative for the territory provided that: (A) placement of the required stocking order and all other criteria are met, and (B) distributorship for the given area is still available.
13. Whelen Engineering Company reserves the right to terminate any customer that imports for sale, offers for sale or sells non-Whelen Products that: (A) are either copies of, or replacement parts for, genuine Whelen products, (B) infringe any of the intellectual property rights of Whelen in its products, including without limitation any Whelen patent, trade secret, copyright, trademark or trade dress or, (C) cause confusion or could reasonably lead the marketplace to believe that the source or origin of such products is Whelen or that Whelen has approved, endorsed or authorized such products as replacements for genuine Whelen products.

— ORDERING AND PAYMENT POLICIES —

14. Customers are urged to email orders. Email to morder@whelen.com or iowsales@whelen.com. Whelen accepts no responsibility for errors concerning verbal orders.
15. Duplicating written orders not marked "confirmation" or discrepancies on confirming purchase orders following original telephone orders is not the responsibility of Whelen Engineering Company, Inc. Returns due to discrepancies or duplication are subject to a restocking charge, as noted in Item #29. Email and a phone number is provided to assure accuracy of order entry, see Item #13.
16. An order acknowledgment is emailed for each order. It is customer's responsibility to carefully check each order for accuracy and notify Whelen immediately of any discrepancies. If no response is received from the customers, said customers will accept the order as entered. This includes, but is not limited to, product, pricing and schedule dates.
17. Minimum billing is \$50 Net. Orders of less than \$50 Net will be billed at \$50 Net.
18. All discounts apply to orders shipped to one location at a time, covered by one purchase order number.
19. Net terms continue to be 30 days. Accounts over 30 days may be charged a finance charge (plus collection fees) on the unpaid balance. Accounts past due 45 days will be placed on hold and accounts that reach 60 days will automatically become a cash-in-advance or credit card account. At any time after 60 days, the collection process may begin.
20. Orders from accounts with no prior approved line of credit will require cash in advance or an authorized MC/VISA credit card number, see Item #23.
21. Returned or uncollectible checks will be subject to a \$50 handling fee. Any further occurrence will necessitate forfeiture of open account terms.
22. Mastercard[™] and Visa[™] payments are encouraged (No C.O.D. offered). The following information is required at the time a credit card order is placed: 1. Exact full name as shown on credit card. 2. Complete account number. 3. Expiration date (month and year). 4. Bank number on card. 5. Security code 6. Your telephone number and billing address of credit card. Note: We reserve the right to not drop ship credit card orders.
23. Whelen is not responsible for the selection of appropriate equipment or product type required for a particular application or service. Whelen will not be liable for any direct, indirect, consequential or incidental loss or damage arising out of the installation, use or inability to use the product selected.
24. Consolidation of orders cannot be accepted. Whelen will ship and invoice products as they become available on each order from the factory at which the products are manufactured, either the New Hampshire or the Connecticut facility.

— MATERIAL RETURN, EXCHANGES AND CANCELATIONS POLICIES —

25. Order cancellation must be emailed or faxed, see Item #13, with all pertinent information given. Verbal cancellations are not acceptable. An acknowledgement of the cancellation will be emailed or faxed back. Otherwise standard restocking fee will apply. Restocking charges will apply for items which have already been packaged for delivery.
26. Custom designs, NCNR (special order), green LED products, 24 volt models are non-cancelable and non-returnable.
27. Material returned for credit or exchange must be new, unused and in its original packaging and have prior written approval. Contact factory for a return authorization form. Such material will be subject to acceptance inspection upon return, and to a minimum 25% restocking charge (\$30 minimum fee required). Product must be in current production and less than six months old from date of invoice.
28. All claims must be filed by the customer within 10 days of receipt of shipment. File claims for damage with the carrier, and claims for shortage with Whelen when applicable.

— FREIGHT POLICIES —

29. Freight is FOB origin freight prepaid from Chester, Connecticut or Charlestown, New Hampshire in the 48 Contiguous States and Canada (excludes AK & HI). The choice of freight carrier will be at the sole discretion of the Whelen Engineering Company. For UPS Premium Shipments, full charges will be added to invoice. All other premium shipping methods will be forwarded "freight collect." Whelen reserves the right to pass along oversize package surcharges. No drop ships will be made unless prior approval is obtained from Whelen.
30. "Prepay and Add" requests for premium truck or air freight routing will include a small additional administrative and handling charge in the freight invoice.
31. Shipments out of the United States and Canada are prohibited, unless prior written approval of Whelen is obtained. If approved by Whelen, any such drop shipments will accrue a minimum of a \$150.00 processing fee. Customers are urged to contact the factory for a quote prior to entering any orders.

— WARRANTY —

32. A factory direct warranty is offered with all products manufactured by Whelen Engineering Company, Inc. A copy of this warranty policy can be found at www.whelenmassnotification.com. These official Whelen warranties are in lieu of all other warranties, expressed or implied. Under no circumstances shall Whelen be liable for any consequential damages, special damages, incidental damages, punitive damages or lost profits of any kind, whether incurred directly or indirectly by another party.

MASS NOTIFICATION PRODUCTS ONLY

USER DIRECT WARRANTY **MASS NOTIFICATION PRODUCTS ONLY**

Whelen's warranty on Whelen Mass Notification Products is limited to the following: For a period of 24 months from the date of manufacture, Whelen will repair* or replace at its option, defective modules, which are manufactured by Whelen Engineering Company, Inc. in their entirety, and are returned by the customer via prepaid freight. Whelen will return repaired modules via prepaid ground transportation if shipping address is within the 48 contiguous states or District of Columbia. Repaired modules shipped outside of the 48 contiguous states or District of Columbia are at customer's expense. Excluded from warranty consideration is any loss arising from vandalism, tampering, misuse, improper installation, environmental damage or alterations to the product.

A "pass-through" warranty is offered for products manufactured by other companies that are sold with Whelen Mass Notification Products. Typical examples of such products include, but are not limited to: computers, printers, weather data sensors, un-interruptible power supplies, and batteries. Warranties on these products are "pass-through", meaning the equipment warranty will be limited to that offered by the equipment's original manufacturer and that the warranty will exist solely between the manufacturer and end user. Exceptions will be by prior contractual agreement only.

For a three year period following the 24 month warranty, Whelen will repair defective modules, which are manufactured in their entirety by Whelen and are returned to Whelen via prepaid freight for a flat fee of \$125. Whelen reserves the right to determine if the unit is repairable. This offering is limited to defective modules, exclusive of any loss arising from vandalism, misuse, improper installation, tampering or environment damage. Whelen warrants its repair of defective modules for a period of one year. Whelen will not be held liable for any incidental or consequential damages, and assumes no responsibility or liability for expenses incurred in the removal and/or reinstallation of products requiring service and/or repair, nor the packaging, handling and shipping to the Factory Repair Center; nor for the handling of products returned from the repair center after service or repair. Failure to use the batteries recommended by Whelen Engineering Company, Inc. will void your warranty. There are no warranties, expressed or implied, including, but not limited to, any implied merchantability or fitness for a particular use. Whelen Engineering Company, Inc. reserves the right to discontinue, modify, or upgrade any products of its manufacture with design improvements without prior notice.

This Warranty gives you specific rights and you may also have other rights which vary from state to state.

City Permit Review guidelines

The City will review your Special Event Permit application and contact you with any questions or if additional information is needed. **There shall be no charge for a permit application.** The City may however impose reasonable fees if the event organizer is requesting assistance that requires significant dedication of City labor or equipment. Examples may include a police presence at the event that requires scheduling of additional police officers; event set-up / tear-down that requires dedicated City personnel for a prolonged period of time; use of specialized City equipment (backhoe, skid steer, etc.) which would reasonably incur an equipment / labor charge, etc. In general, events that require limited City assistance or equipment will not be charged a fee.

Please ensure that we have adequate time to review your application. Permits that request significant City assistance and for which a fee is recommended are subject to Board of Aldermen or Park Board approval. These boards typically meet once per month, so applications in general should be submitted at least one month in advance. Parades and street closure requests often require dedicated police presence, which must be scheduled in advance.

Insurance. Organized festivals and events generally will require that the event organizer obtain special event insurance, which specifically names the City of New Haven as Additional Insured. This insurance requirement protects both the sponsor and the City from liability for accidents, property damage, etc. This requirement may be waived for smaller events or those that have limited risk of accidents, etc. In these instances the City will generally require that the event sponsor enter into a Hold Harmless / Indemnification agreement with the City.

Licensing. In general, for-profit vendors must have a City business license and a Missouri sales tax license. If you are planning this type of event the City will assist in making sure the proper licensing is in place. The City of New Haven does not regulate food service operations; you may wish to contact Franklin County Health Department for more details. City liquor licenses are required for most kind of alcohol sales and tastings; the City will assist with this as well.

The City of New Haven welcomes special events and is happy to assist in helping make your event a success. Thank you for your application.
