

Beach Nourishment Committee Agenda May 16, 2023

Approve minutes from previous meeting.

Reports

Mitigation for central and west - Sandy

USACE is not going to charge mitigation.

IDNR and IDEM are still looking at a 4 to 1 ratio which is about 1/3 acre.

We are trying to eliminate that.

Permitting – Sandy

IDEM is waiting for an agreement for mitigation.

USACE is sending out public notices. People have 30 days to comment.

Estimates from GZA will follow permitting.

Then we seek donations from OD residents. Grants are highly unlikely.

Construction will hopefully begin ASAP after Labor Day.
