Reports

Permitting – Sandy

IDEM has given us the permit.

The 30 day commenting period ended yesterday for the USACE. Thank you to those who commented.

Estimates from GZA will follow permitting.

Dan began working on estimates Friday. GZA will survey the beach again because the situation has changed so much. This will likely work to the advantage of OD and homeowners.

We will seek donations from OD residents soon. Grants are highly unlikely.

Construction will hopefully begin ASAP after Labor Day.
