

Beach Nourishment Committee Agenda January 21, 2025 – Remote meeting

Approve minutes from December meeting.

Reports:

Reconciliation - Scott

Litigation & Mitigation - Scott

- Save the Dunes
- Brack
- OD v USACE & NPS

Construction next steps and timeline - Bruce

Donations for shore protection– Sandy

- Keep in mind that donations for shore protection are needed before we purchase stairs.
 - The revetment is finished at accesses 7, 16, 17, and 19.
 - The funds to restore Access 18 after the shore protection goes in will be covered by participating homeowners.
 - We have commitments for 12, half of 14, and probably 9.
 - We need 8, 10, 11, 13, and half of 14.
 - Paul asked attendees at the most recent Lion's club meeting to donate. We are hopeful of donations and thankful to Paul.
- I have stopped reaching out to homeowners with estimates since we are close to getting real numbers for donations in sections 2 and 3. Of those I spoke to, only two homeowners said that they will not participate. One of those two got rocks when the west end was done in 2021. Most people have been receptive.

EZ Beach Steps – Sandy

- The steps at access 7 will need to extend farther north after the rocks go in. We have all or most of the funding.
- We have an additional platform piece in storage for access 9. We hope that is sufficient.
- We also have funding for access 12.
- We received \$3,000 in donations for steps in other places.

New Business

Community Comments/Questions

Issues on hold: gifts purchased for donors, matrix, beach storage for kayaks and paddleboards.

Next meeting: 6:30, February 18 in the Community Room
