TOWN OF RIVER FALLS

The following River Falls Town Meetings will meet on Monday, October 20, 2025, beginning at 6:00 P.M. at the River Falls Town Hall, W9015 770th Ave.

6:00 P.M. – Plan Commission Agenda: Minutes; Zoning Administrator Report; Discuss and Approve Possible Expansion of Non-Conforming Use at N8701 County Rd W; Discuss Concentrated Animal Feeding Operation Subcommittee and Feedback; Public Comments & Requests; A quorum of Town Board members may be present.

7:00 P.M. Regular Board Meeting

AGENDA

Call to order

Consider for approval or other action:

1. Approve Agenda
2. Minutes from October 6, 2025, Regular Board Meeting
3. Financial/Fire Call Report
4. Public Comments and Requests
5. Zoning Administrator Report
6. Plan Commission Report
7. Discuss Impact Fees
8. Review and Discuss Annual Fire Number Fee
9. Discuss Fall Tax Newsletter
10. Update Town Fees and Charges
11. Set Date and Discuss Plans for Holiday Reception
12. Discuss DNR Municipal Transport Information
13. Board and Staff Communications
14. Future Agenda Items
15. Audit and Pay Bills
16. Adjourn

Action may be taken on any agenda item. This agenda is subject to change. Some agenda items may be taken up earlier in the meeting, or in a different order than listed. The posted notice at the Town Hall is the primary notice. Meeting notice posted on the Town's website www.riverfallstown.com, at the River Falls Town Hall, W9015 770th Avenue, River Falls, WI and at the River Falls Town Shop, N7750 State Road 65, River Falls, WI. Anyone wishing to attend the meeting who requires special accommodation because of a disability should contact the Clerk's office, at 715-629-8240 or email clerk@riverfallstown.com, at least 72 hours before the meeting begins so that appropriate accommodations can be made.

Sarah Meyer, Clerk

TOWN OF RIVER FALLS – REGULAR BOARD MEETING
Monday, October 6, 2025, River Falls Town Hall

Elected officials and staff present: Terry Kusilek, Chair; Mary Foster, Siri Smith, Joe Mahoney, Brad Mogen, Supervisors; Rita Kozak, Treasurer; Sarah Meyer, Clerk; Don Rodewald, Zoning Administrator; Guests present: Mary Merta, Maureen Ash, Jerome Rodewald, Wendy DiPeso, Brian Bergseng, Mary Merta, Kendra Jaeger, Alex Theobald

The meeting was called to order by Chair Terry Kusilek at 7:27pm. Joe made a motion that the agenda be approved. Siri seconded. M.C.

Joe moved to approve the minutes of the September 15, 2025, Regular Board meeting. Mary seconded. M.C.

Financial Report/Fire Call Report: Treasurer Rita provided the Treasurer's Report. The current Money Market account balance is \$8,91,902.35. Joe moved and Mary seconded to send letters to residents that need special charges on property taxes. Mary moved, and Brad seconded to approve the financial and fire call reports. M.C.

Public Comments & Requests: Kendra Jaeger, N7086 820th Street, requested the Board enact a moratorium on CAFOs. She shared statistics and information that show that allowing CAFOS may be dangerous. Alex Theobald, N7157 820th Street, told the Board to look at our town and what we want it to be while supporting agriculture. He asked that they don't forget farmers that are already here. He reminded the Board that CAFO laws don't just apply to dairy operations and think of the broader spectrum than just our immediate dairy concerns. Brian Bergseng, N8821 790th Street, asked the Board to remember that any changes intended to contain larger dairies also affect smaller dairies like his family's farm.

Zoning Administrator Report: Zoning Administrator Don Rodewald provided the zoning report (attached). Joe made a motion to accept the Zoning Administrator's report. Brad seconded. M.C.

Plan Commission Report: At the October 20 meeting, the Plan Commission will again discuss the CAFO issue.

Discuss Impact Fees and Consultant Contract: Impact Fee committee has been discussing possible projects. Siri move to sign contract with Stantec for two projects. Joe seconded. M.C.

Discuss and Update Rules and Regulations for Glass Valley Cemetery: Jerome shared that Cemetery Committee would like to change the wording on rule number 4 in the Glass Valley Cemetery rules regarding vault requirements. Joe made a motion to approve proposed change. Brad seconded. M.C.

Discuss Recycling Center Hours of Operation: Joe made a motion to change the recycling center summer hours so that the center is open the first Wednesday of May to first Wednesday of August starting in 2026. Siri seconded.

Review and Discuss Annual Fire Number Fee: Terry shared that the Rural Fire Association is considering a possible increase in the annual charge per fire number. It will be determined at the next Association meeting and will affect the Town's budget.

2026 Budget Update: Sarah gave updated information about the 2026 town budget following changes and new information from the state.

Set Date for Budget Hearing and Town Elector Meeting: Mary made a motion to set the public hearing for the 2026 town budget on November 3, 2025, starting at 6:30pm. The Town Elector Meeting will meet immediately following the public hearing. M.C.

Resolution 2025-B: A Resolution to Recommend Board Compensation: Tabled to the November 3, 2025, Town Elector meeting.

Resolution 2025-C: Resolution of Town Board Proposing to Exceed Levy Limit via Town Meeting: Brad moved to adopt Resolution 2025 – C: Resolution Proposing to Exceed Levy Limit via Town Meeting. Mary seconded. M.C.

Board and Staff Communications: Terry invited Tricia and Jacob Durocher to discuss their dogs, which are roaming off property often. The Durochers discussed steps they have taken to keep their dogs contained. These include an in-ground fence, and they have rehomed one of the dogs. The Board asked them to consider a physical fence and to keep the fence collars on all the time. Terry stated that if the dogs are out one more time, a citation will be issued. Brad shared that the Roads Committee meeting scheduled for Thursday, October 9 has been canceled. Joe made a motion to pay Don \$200 for skid steer work at electronic recycling. Mary seconded. M.C. Siri shared that SwiftCurrent internet is being installed in her area. Mary gave updates on the Parks Committee. A UWRF journalism student attended the most recent Parks meeting as a class assignment. The complaint about the trail on Birch Cliff has been resolved and the bus frame is getting closer to being installed as a bridge frame in Halverson Park. Sarah thanked the Board for the opportunity to attend the Wisconsin Elections Commission conference. She also had several items that need to go on future board agendas. Don said the anerobic digester at the Peterson Farm is starting to operate and the pipeline has been pressure tested and will begin use soon. They have also been hiring employees to work at the facility. Jerome gave an update on gaining access and making improvements at Mt. Zion Cemetery. Terry said that 900th Street had a new culvert put in after a hole developed after the heavy rain earlier this month.

Future Agenda items:

- Approve Agenda
- Minutes from October 6, 2025, Regular Board Meeting
- Financial/Fire Call Report
- Public Comments and Requests
- Zoning Administrator Report
- Plan Commission Report
- Discuss Impact Fees
- Review and Discuss Annual Fire Number Fee
- Discuss Fall Tax Newsletter
- Update Town Fees and Charges
- Set Date and Discuss Plans for Holiday Reception
- Discuss DNR Municipal Transport Information
- Board and Staff Communications
- Future Agenda Items
- Audit and Pay Bills
- Adjourn

Joe moved to audit and pay bills, Siri seconded. M.C.

Joe moved to adjourn. Mary seconded. M.C. Meeting adjourned at 9:20pm.

Fall Primary Election: Tuesday, August 11, 2026

Fall General Election: Tuesday, November 3, 2026

Winter Recycling Center Hours: Saturdays 8:00 A.M. to 4:00 P.M.

DECEMBER 2024

TOWN OF RIVER FALLS

SEASON'S GREETINGS!

The River Falls Town Board would like to wish all Town residents a Happy Holiday Season! Below are several important year-end reminders.

DOG LICENSING AND RABIES VACCINATIONS

Dog Licensing & Rabies Vaccinations are required by state law. A Town license will help quickly reunite lost dog and owner!! Please license your dog(s) using the form on the back side of this page. These payments are made to the Town Treasurer as indicated on the form (not the County Treasurer). Contact Rita Kozak, Town Treasurer at 715-425-8554 if you have dog licensing questions.

PROPERTY TAX PAYMENTS

Property tax payments should be made to the Pierce County Treasurer's Office in Ellsworth (not the Town of River Falls). Please turn this page over for more information on submitting property tax payments.

PERMITS REQUIRED

Home remodeling, deck building, and new home or shed construction are all examples of activities requiring permits. This is not an all inclusive list. Businesses (homebased or not) also require permits. Remote officing or businesses where the only contact with customers is remote do not require a permit. Contact Don Rodewald, Zoning Administrator for more information. 715-307-0564 or zoning@riverfallstown.com

WINTER REMINDERS

Pushing snow across the road is a safety hazard. The practice of pushing snow across the road when plowing creates a safety hazard for the traveling public and creates a problem for the road plowing operation.

If you believe your mailbox was damaged during a snow event, assess if the mailbox was hit by the force of the snow hitting the mailbox or was it physically hit by the plow equipment. The mailbox policy states that a damaged mailbox will be replaced with a plain standard mailbox when it is evident that the snow removal equipment damaged the box. If you believe the damage was caused by the plow equipment, call the Town Chair to report the damage.

IMPORTANT DATES

Dog Licensing: Sat, January 25, 2025, 9am - 12pm
Annual Town Caucus: January 21, 2025, 7:30pm
February Primary Election: February 18, 2025
Spring Election: April 1, 2025
Annual Town Meeting: Tue, April 15, 2025, 7pm
Winter Recycling Center Hours: Saturdays 8am - 4pm

BURN PERMITS

2025 Burn Permits are available at the Town Recycling Center during center hours. Burn permits are also available from Town Board and staff members by appointment.

ABANDONED WELLS

Wells no longer used or maintained should consider formal abandonment and closure because they act as direct conduits to groundwater and make it more vulnerable to contamination from the surface. Most well abandonments are eligible for costing sharing assistance through the Pierce County Land Conservation Department.

Use this link to visit our facebook page. Follow us to get regular updates and announcements as they are posted.

TOWN CAUCUS

The caucus is the method the Town uses for nominating candidates to be placed on the Spring Election ballot. The caucus is open to the public, but only qualified electors of the municipality may nominate and vote for candidates. Nominations for Supervisor I, Supervisor II, Town Chair, Clerk, and Treasurer will be accepted at the caucus on 1/21/25.

UPDATE FROM THE ROADS COMMITTEE

In October, we celebrated the completion of a 2 year resurfacing project on 770th Ave with a picnic at the Town Hall.

Looking ahead to 2025, the Town plans to start work on resurfacing 850th Street north of State Road 29. Other projects will include cold patch, sealcoating and more tree work.

INSTRUCTIONS FOR SUBMITTING TAX PAYMENTS

If you want a receipt dated 2024, your payment must be received at the county by Tuesday, December 31. Receipts show the date the payment was processed, not the envelope postmark date.

Option One: Pay By Mail Please mail your tax payment to: Pierce County Treasurer
PO Box 87,
Ellsworth, WI 54011

Your payment must be postmarked on or before January 31, 2025. Please make checks payable to Pierce County Treasurer. Enclose the payment stub from your tax statement so payment will be applied correctly. However, if there are delinquent taxes, payment will be applied to delinquent taxes first. If you want receipts, please include a self-addressed envelope with appropriate postage. If you want a receipt with a 2024 date, it must be received by the county no later than Tuesday, 12/31/24.

DO NOT send dog license fees to Pierce County. Dog licenses are managed by the town and will be issued by the town treasurer (instructions below).

Option Two: Dropbox at Courthouse

We welcome you to use the 24-hour payment drop box which is located near the courthouse rear parking lot off Kinne Street. When you drive into the parking lot, look straight ahead and you will see signs marking the drop box location.

Option Three: Online Payment (<https://public-portal.co.pierce.wi.us/Login>)

On the Pierce County home page, hover over the word "Departments". Slide over and click on the word "Treasurer". Click on "Online Tax Payments". (You will need to click "Accept and Sign In" to access the guest portal.) Click on the word "search" located in the left column of the screen. The Pierce County Web Search screen will appear. Type your last name in the "Last Name" field (or parcel number in the "Property Number" field) and press enter on your keyboard. A list of your parcel's tax bills will appear at the bottom of the screen. Put a check in the box on the left of the line for each parcel you would like to pay. Click "Add to Cart". Click "View Cart". Click "Checkout". You will be re-directed to Value Payment Systems. Click on your preferred payment method and make your payment by following the directions on the payment screens.

If you wish to pay taxes by credit card or electronic check, a credit card processing fee of 2.39% of the amount being paid or a check processing fee of \$1.50 for payments up to \$10,000 will be added to your transaction. You will need your parcel computer number and dollar amount to complete the transaction.

DOG LICENSING AND RABIES VACCINATIONS

DOG LICENSES ARE REQUIRED YEARLY.* PLEASE RETURN FORM AND PAYMENT BY JANUARY 31, 2025

Please fill out form below and return with the proper fee. Checks should be made out to the Town of River Falls and mailed to the Town Treasurer, Rita Kozak, W9015 770th Avenue, River Falls, WI 54022. Phone: 715-425-8554.

	Large sized gathering (500+ people)	\$75	

Cemetery

	Glass Valley Cemetery Lot	\$700	
	Glass Valley Cremation Lot (24" x 24")	\$200	If a marker is requested the cost of the marker will be added to the lot cost
	Glass Valley Cemetery Lot without a Vault	???	

Dogs			
	Neutered males & spayed females	\$7	Additional \$5 late fee applies to all dog license applied for after April 1 st , annual fee
	Unneutered males & unsplayed females	\$12	Annual fee
	Dogs in private and commercial kennels	\$40	Will license 6-10 dogs, annual fee
	Each additional dog	\$5	
	New tag or transfer of license	\$2	
	Animal control fee	\$50	Variable based on actual expenses with current animal control contract

Fire Calls			
	General fire calls (not vehicle accidents)	\$800 *	Plus actual cost of any other expenses as determined by the River Falls Rural Fire Dept
	1 vehicle accident	\$800 *	Plus actual cost of any other expenses as determined by the River Falls Rural Fire Dept
	2 vehicle accident	\$600/each *	Plus actual cost of any other expenses as determined by the River Falls Rural Fire Dept
	3 vehicle accident	\$500/each	Plus actual cost of any other expenses as determined by the River Falls Rural Fire Dept
	Hazardous Materials response	\$800	Plus actual cost of any other expenses as determined by the River Falls Rural Fire Dept
	Damage to equipment due to inadequate driveway maintenance	Actual costs, net after applying for insurance coverage	
	Fire Inspections	???	

Miscellaneous			
	Cigarette license	\$100	Annual fee
	Fence Review	\$50	Per occurrence
	Mobile Home Parks	\$2 per space, \$25 minimum, \$10 transfer fee	Annual fee
	Nonmetallic Mining Operator's License	\$600	Annual fee
	Nonmetallic Mining Base Administration Fee	\$10,000	Initial occurrence
	Nonmetallic Renewal of License Fee	\$600	Annual fee
	Recyclable/solid waste haulers license	\$200	Annual fee
	Salvage Yard license	\$500	Initial occurrence
	Renewal	\$250	Annual fee

Town of River Falls Highway Department Fees and Charges

No changes made in 2015, 2016 or 2017; Revised 2018; Revised 2021

Highway Dept Machinery (only in emergency and with Town Chair approval)

	Grader	\$250/hour	Plus labor and 10% admin fee
	Loader	\$250/hour	Plus labor and 10% admin fee
	Truck	\$250/hour	Plus labor and 10% admin fee
	Mowing	\$250/hour	Plus labor and 10% admin fee
	Tractor	\$250/hour	Plus labor and 10% admin fee
	Driveway plowing or sanding	\$250/hour	Plus labor, 10% admin fee and any salt/sand supply expense

Materials

	Salt/Sand	\$2/five-gallon bucket	
		\$40/small pick-up truck load (less than ½ yard)	You load
		\$80/cubic yard + \$25 loading fee	
	Crushed rock	\$2/ five-gallon bucket	
		\$40/ small pick-up truck load (less than ½ yard)	You load

Town of River Falls Building and Zoning Fees and Charges

Adopted: 5/5/14; No revisions made in 2015; No revisions made in 2017; 10% added in 2016.; Reviewed July of 2018. No changes made; Reviewed and revised July 2021; Reviewed July 2025

Building Permit Fees

Auxiliary Buildings	\$120 per building	Under \$3000 value, no permit required
Agricultural Buildings	\$120 per building	Under \$3000 value, no permit required
Commercial and Industrial (new)		
Small (Less than 10,000 sq. ft.)	\$1200	
Large (More than 10,000 sq. ft.)	\$2400	
Site plan review	\$120	Plus Town Engineer Review fee
Commercial and Industrial (remodel)		
Small (Less than 10,000 sq. ft.)	\$240	
Large (More than 10,000 sq. ft.)	\$480	
Demolition Permit	\$100	
Land Use Fee for Dwellings		
New, including attached garage	\$1200	Plus inspection fee
Additions	\$120	Plus inspection fee
Attached decks (added after original house construction)	\$120	Plus inspection fee
Remodel	\$120	Plus inspection fee. No permit needed for replacement of already permitted items (windows, siding, shingles) or repainting. Remodel Permit required for any damage by fire or wind that exceeds \$3000 (unless already exempted)
Documentation Fee (State UDC Form)	\$30	State sets this fee
Swimming Pool (in-ground)	\$120	Plus inspection fee

Building Inspection Fees

As charged by current contract TF Inspection Agency	https://tfinspectionagency.com/	
---	---	--

Fire Number (as charged by Pierce County)

New	\$75	
Replacement	\$30	

Impact Fees

New single-family dwelling	\$1298.70	
New duplex	\$2597.40	
Industrial/Commercial	Impact fee will be calculated	

Land Division

Certified Survey Map – one lot	\$350	
Each Additional Lot	\$75/additional lot	
Subdivision or Plat – one lot	\$900	

	Each additional lot	\$150/additional lot	
Site Inspection Review Fees			
	Building Site Review		
	Non-dwelling in A-1 & A-2	\$75	
	Dwelling and non-dwelling in R-1 & R-2	\$75	
	Dwelling in A-1 & A-2	\$175	
	Driveway and Site Review Permit	\$75	
	In R-1 & R-2	\$120	
	In A-1 & A-2	\$200	
	Transfer of Dwelling Site	\$425	
Zoning (all fees include publication cost)			
	Conditional Use Permit	\$300	
	Zoning District Change	\$700	
	Variance	\$700	
Miscellaneous			
	Holding Tank	\$75	
	Public road access by another unit of govt	\$330	
	Sign (maximum 32 sq ft – each side)	\$90	
	Structure moving (includes road inspection)	\$325	
	Tower (fee plus town engineer fee)	\$3000	Set by state
	Class 2 Colocation	\$500	
	Utility	\$175	
	Antenna Change	Based on current state statutes	
Appeals (all fees include publication cost)			
	Administrative	\$750	
	Impact Fee	\$750	

Town of River Falls Recycling Department Fees and Charges – as of April 2, 2025

Bagged Garbage

	up to 17 gallons	\$3/bag or can	Equivalent volume bases may be moved up in cost if heavy
	up to 35 gallons	\$5/bag or can	Equivalent volume bases may be moved up in cost if heavy
	up to 55 gallons	\$7/bag or can	Equivalent volume bases may be moved up in cost if heavy
	over 55 gallons	\$8/bag or can	Equivalent volume bases may be moved up in cost if heavy

Bulk Waste Truck or Trailer (Price varies based on levelness with sides of the truck bed and weight of load)

	Compact sized pick-up truck	\$50	
	Full Size sized pick-up truck	\$65	
	Extended size pick-up truck	\$80	
	Shingles sheet rock, heavy loads		Based on load and materials

Bulk Waste Items

	Toilet or sink	\$15	
	Chair	\$15	
	Futon frame and mattress, sectional piece	\$20	
	Loveseat, reclining chair	\$25	
	Sofa, reclining sofa	\$30	
	Oversized sectional	\$50	
	Tables	\$10 - \$15	
	Nightstand	\$10 - \$15	
	Dresser	\$15 - \$20	
	Children's Toys	\$5 - \$30	Size dependent
	Crib Mattress	\$5	
	Twin Mattress or box spring	\$10	
	Full Mattress or box spring	\$15	
	Queen mattress or box spring	\$20	
	King mattress or box spring	\$25	
	Carpet or Rug 6' x8'	\$20	
	Carpet or Rug 10' x 12'	\$30	
	Carpet or Rug greater than 10' x 12'	\$40	

Appliances (standard household appliances)

	Vacuum cleaner	\$10	
	Convection oven, dehumidifier, dishwasher, drinking fountain, dryer, freezer, furnace, humidifier, microwave, refrigerator, stove, trash compactor, washing machines, water heater	\$15	
	Water Softener	\$25	
	Air Conditioner, Water Softeners	\$20	
	Gas powered Refrigerator or Freezer (under 4 ft)	\$400 and up	

Computers

	Hard drive, CPU, keyboard, modem, desk top printer, iPad, small scanner, cell phone, answering machine, speaker set, video game	\$4	
	Fax machine, shredder, collator, typewriter, label maker, VCR, stereo, DVD/CD players, satellite receiver, video camera, camera, monitor	\$5	
	Large scanner, lap top computer	\$10	
	Commercial size printer	\$35	
Televisions			
	Satellite or Cable box	\$3	
	VCR or DVD player	\$5	
	VCR/DVD combo	\$8	
	TV 19" or less	\$15	
	TV 20" to 30"	\$20	
	TV 31" to 40"	\$30	
	TV 41" to 54"	\$40	
	TV Greater than 55"	\$50	
	TV Salvaged	\$55	
	Projection TV	\$100	
Light bulbs			
	4' or less, compacts, u shape, circular	\$1	
	Greater than 4'	\$2	
Tires			
	Lawn and bike	\$2	
	Passenger, SUV, light truck, ATV	\$10 without rim	\$15 with rim
	Large truck, small semi or small tractor	\$35 without rim	\$45 with rim
	Large Tractor	\$40-300	Price by size and weight of tires
Garden and Lawn Equipment (all fluids must be taken out)			
	Chainsaws, weed whip	\$10	
	Riding lawn mower without tires	\$40	
	Riding lawn mower with tires	\$48	
	Snowblowers, rototillers, push mower	\$20	
Miscellaneous			
	Carbon Monoxide, smoke detectors and light ballasts	\$3	
	LP tanks	\$6	40 lbs or less, LP tank must be empty with valve open
	Rechargeable batteries (drill, saw, sander, etc)	\$5 each	Like NiCad batteries
	Rechargeable batteries (AA, AAA, D, D, button, etc)	\$1 each	
	Ballast	\$3	
	Car batteries	\$0	

2025 Holiday Reception

Dec 15, 2025

6:00pm?

Invited: Board members, Recycling workers, Rob, Dalton, Committee members, Ruth, Election workers

Holiday Bonus Amounts:

Rob: \$200

Dalton: \$200

Darrell Hubbell: \$50

Sarah, Rita, Don: \$100

Jerome: \$50

Recycling \$50

STREAM CULVERTS (NAVIGABLE WATERWAYS)—BEST MANAGEMENT PRACTICES (Sept. 2015)

The following example describes typical best management practices that are needed to protect water quality at culvert replacement projects.

BEFORE Construction: Devise an erosion control plan for the project site. Be sure the plans include stockpile protection. Further, be sure all stockpiles and borrow/waste sites are setback from waterways, wetlands, and floodplains. Begin to install erosion control items before any ground is disturbed. *Common methods include: construction site diversion, silt fence, ditch checks, vegetative buffers, inlet protection, sediment traps, and tracking pads.*

DURING Construction:

- **Non-erodible coffer dams** up and downstream to isolate the pipe during excavation. *Common methods include sand bags wrapped in plastic sheeting, other reinforced plastic sheeting, steel sheeting, and water bladder barrier.*
- **Treat water from the culvert trench** to prevent cloudy water from reaching waterways or wetlands. *Common methods include temporary settling basin, infiltration basin, filtration bag, sediment tank. Water applied polymer may be needed in conjunction with these methods.*
- **Maintain streamflow downstream** to protect aquatic life. *Common methods include by-pass pumping, plastic and rock/rock bag lined channel, by-pass culvert, and diverting water to one culvert (at sites with 2 or more culverts only).*

AFTER Construction:

Topsoil and seed protected by mulch or erosion mat

Trenched in silt fence, fiber logs, or other method

Place geotextile fabric then cover with clean, sediment free riprap 6" to 24" in diameter as appropriate for the site.

At sites with water quality issues (road overtopping, bank erosion, streambed scour, etc.), installing a larger culvert that does not constrict the stream channel is an important best management practice for water quality protection and flood resiliency.

STREAM CULVERTS (NAVIGABLE WATERWAYS) —BEST MANAGEMENT PRACTICES (Sept. 2015)

Construction Timing: Once waterway work begins (below the ordinary high water mark (OHWM)), all construction activities in those waterways must be continuous to the greatest extent practicable until the work is completed and the site is stabilized. If periods of inactivity are unavoidable, the site must be temporarily stabilized until the work is resumed and completed.

Timing Restrictions: To minimize adverse impacts on fish movement, fish spawning, and egg incubation periods, work below the OHWM may not occur during the following time periods:

- September 15th to May 15th for all trout streams.
- March 1st through June 15th for ALL other waters.

The timing restrictions listed may be waived or modified by the [WDNR Transportation Liaison](#).

Wetlands: Vegetation, material, soil stockpiles, or equipment cannot be stored in wetlands (even on a temporary basis). The project needs to be constructed in a manner that will maintain natural hydrology in the wetland complex.

Erosion and Sediment Control Practices: The project site shall implement erosion and sediment control measures that adequately control or prevent erosion, and prevent damage to waterways and wetlands as outlined in [NR 151](#), Wis. Adm. Code. All erosion control measures must meet or exceed the [WDNR Technical Standards](#).

- All grading, excavation and disturbance will be confined to the minimum area necessary for the placement of the structure.
- Construction equipment should not operate on the bed of the stream, below the OHWM, except for that which is necessary for the placement of the structure.
- Unless the waterway is dry for the duration of the construction activities, you must install a cofferdam upstream and downstream of your project area. The coffer dam needs to be installed in conjunction with a method to maintain downstream flow .
- Cofferdams and temporary diversion channels must be constructed of non-erodible material and secured with rock/ rock-bags at the bottom of the channel and top of the banks. No earthen cofferdams are permitted.
- Pump intakes and discharges shall prevent impacts to fisheries, wildlife, and their habitat, and must be placed to prevent the disturbance, removal and/or scour of bed material.
- Temporary bypass structures used to maintain streamflow (i.e. diversion channel, pump bypass system, diverting to one culvert at a time, etc.) need to be adequately sized to prevent damage from upstream flooding and downstream siltation, wash-out, or scouring.
- Construction and dewatering activities shall be accomplished in such a manner as to prevent erosion and siltation into surface waters and wetlands.
- Remove all coffer dams in such a way that minimizes the release of sediment and other downstream impacts. Conventional practice is to remove the downstream coffer dam first then slowly remove the upstream coffer dam. When no longer needed, restore any bypass channel to original condition.
- Unless it is an emergency situation, avoid construction during periods of high water to avoid flooding the construction site.

Suitable Fill Material: All fill must consist of clean suitable soil material, as defined by s. NR 500.03(214), Wis. Admin. Code, free from hazardous substances as defined by s. 289.01(11), Wis. Stats., and free from solid waste as defined by ss. 289.01(11) and (33), Wis. Stats.

Dredging: Any dredging necessary to bury the culvert will be limited to the greatest extent possible and deposition of sand, gravel, or stone will only occur immediately underneath and within 2 feet of the culvert. The width and depth of the waterway must not be altered.

Site Maintenance: The replacement stream culvert must be maintained in good condition. Remove accumulated brush, debris or other obstructions that are trapped in or underneath the structure regularly.

Invasive Species: Invasive species pose adverse effects to waters of the state. Any equipment that has been in contact with waters of the state needs to be properly cleaned and decontaminated.

Note: If the project includes any wetland fill, approval from DNR and the U.S. Army Corps of Engineers (ACOE) is required. If the project includes land-disturbance activity in excess of one acre, a [Construction Site Stormwater Permit](#) may be needed. Municipalities are responsible for obtaining any other permit or approval required by local zoning ordinances, other local authority, other state permits and by the ACOE before starting your project.

Ditch Maintenance

Best Management Practices (BMPs)

(11/2018)

The Wisconsin Department of Natural Resources (WDNR) appreciates the opportunity to work with municipalities on road improvement projects. Ditch creation and maintenance is an important component of road improvement projects. The best management practices outlined below will aid municipalities in completing these projects.

Ditching, the removal of accumulated sediment to the original construction configuration, is a basic maintenance procedure, provided the best management practices to protect water quality are followed. However, creating or deepening existing ditches in wetlands may cause negative water quality impacts and result in costly road maintenance and safety concerns in certain situations.

Please contact the [WDNR Transportation Liaison](https://dnr.wi.gov/topic/Sectors/documents/transportation/Liaisons.pdf) for your county (<https://dnr.wi.gov/topic/Sectors/documents/transportation/Liaisons.pdf>) before working in ditches.

Ditch Maintenance:

If you are proposing to change the depth, width, or direction of flow in an existing ditch through or near a wetland, please contact the [WDNR Transportation Liaison](https://dnr.wi.gov/topic/Sectors/documents/transportation/Liaisons.pdf) for your area.

- ❖ Work should take place during dry conditions, whenever possible.
- ❖ A municipality can remove accumulated sediment or vegetation from a ditch provided the materials removed are deposited in an upland (non-wetland) area.
- ❖ Maintenance equipment should not be operated in wetland areas. Ditch cleaning should be done with a back-hoe from the road to avoid compaction of wetland soils.
- ❖ The ditch dimensions cannot be greatly altered by ditch maintenance activities. Please check the size and elevations of the ditch prior to maintenance.

Ditch Creation: *If you are planning on creating a new ditch in wetland, you must coordinate with your WDNR Transportation Liaison prior to starting this operation for necessary permits or approval.*

- Ditching in a wetland could severely alter the hydrology of the wetland resulting in a loss of wetland functions and values.
- Ditching in a wetland will not take water away from the road, it will just create a place for more water to gather next to the road.

Sometimes a ditch, isn't a ditch!

Often in Wisconsin, natural streams travel along roads and are not ditches at all. It is important to contact the [WDNR Transportation Liaison](https://dnr.wi.gov/topic/Sectors/documents/transportation/Liaisons.pdf) for your area to determine if the area next to your roadway is a wetland or waterway before doing any maintenance work. For any work in ditches, check out the [NHI Public Portal](https://dnr.wi.gov/topic/erreview/publicportal.html) (<https://dnr.wi.gov/topic/erreview/publicportal.html>) to determine if your project might impact endangered resources.

Road improvements in wetland areas can minimize the need for ditching

Note that some of these options may require a [WDNR](#) or USACE permit approval.

- Install equalizer pipes (cross drainage culverts) to distribute the water evenly along the road corridor.
- Raise the road elevation or improving the road base.
- Reduce potential beaver problems by using equalizer pipes with beveled edges, installing end grates, and cleaning culverts frequently.

Erosion Control BMPs (NR 151.225)

(https://docs.legis.wisconsin.gov/code/admin_code/nr/100/151/IV/225)

Wisconsin Administrative Code NR 151.225 describes erosion control BMPs required to protect waterways and wetland from excessive sediment deposition during and after construction. Transportation facility authorities are required to maintain erosion and sediment control practices at each site where land disturbing construction activity is to occur and prevent or reduce all of the following (**from NR151.225(3)**):

(a) The deposition of soil from being tracked onto streets by vehicles.

(b) The discharge of sediment from disturbed areas into on-site storm water inlets.

(c) The discharge of sediment from disturbed areas into adjacent waters of the state.

(d) The discharge of sediment from drainage ways that flow off the site.

(e) The discharge of sediment by dewatering activities.

(f) The discharge of sediment eroding from soil stockpiles existing for more than 7 days.

(g) The transport by runoff into waters of the state of chemicals, cement and other building compounds and materials on the construction site during the construction period. However, projects that require the placement of these materials in waters of the state, such as constructing bridge footings or BMP installations, are not prohibited by this paragraph.

BMPs shall be located so that treatment occurs before runoff enters waters of the state. The BMPs used to comply with this section shall be implemented as follows (**from NR151.225(5)**):

(a) Erosion and sediment control practices shall be constructed or installed before land disturbing construction activities begin.

(b) Erosion and sediment control practices shall be maintained until final stabilization.

(c) Final stabilization activity shall commence when land disturbing activities cease and final grade has been reached on any portion of the site.

(d) Temporary stabilization activity shall commence when land disturbing construction activities have temporarily ceased and will not resume for a period exceeding 14 calendar days.

(e) BMPs that are no longer necessary for erosion and sediment control shall be removed by the responsible party.
