AGENDA
TOWN OF ROME PARKS AND RECREATION MEETING

MONDAY, JULY 20, 2026 **4:00 P.M.** **ROME MUNICIPAL BUILDING**
1156 Alpine Drive
Nekoosa, WI 54457

1. Call to Order
2. Roll Call
3. Certify Posting of Meeting
4. Approve Agenda
5. Pledge of Allegiance
6. Citizen Comments – During the Citizen Comment period of the agenda the Parks and Recreation Committee welcomes comments from any town resident, not a member of the Parks and Recreation Committee, on any item not on the agenda. Please know that pursuant to State law the Commission cannot engage in conversation with you but may ask questions. The Commission may refer the item to staff, a standing committee or a future Parks and Recreation agenda for discussion and action. Each person wishing to speak will have up to 3 minutes to speak. Speakers are asked to submit a card to the Chair providing their name, address and topic for discussion

   The Commission will also take comment from the public on agenda items as called by the Chair, but not during Citizen Comment. Please note that once the Commission begins discussion on an agenda item no further comment will be allowed from the public on that issue

DISCUSSION AND POSSIBLE ACTION ON THE FOLLOWING ITEMS:

7. Discussion and possible action – Approval of the Monday, June 15, 2026 meeting minutes
8. Discussion and possible action – Vibrant Spaces Grant
9. Discussion and possible action – Shade Structures in the Rome Town Center
10. Discussion and possible action – Walden Park Update
11. Discussion and possible action – Outdoor Learning Equipment at Walden Park
12. Discussion and possible action – Consideration of participation in the Monarch City, USA program

DATES AND ITEMS FOR FUTURE AGENDA/MEETINGS

13. Next agenda items

14. Next meeting date and time

ADJOURNMENT

"Speak Your Peace" Commitment – A reminder that the town has adopted the Nine Tools of Civility which commits the Parks and Recreation committee Members and the Public to be mindful of how we treat each other at meetings. Notification of this meeting has been posted in accordance with the Open Meeting Laws of the State of Wisconsin. The Parks and Recreation Committee may take action on any item on the agenda. It is possible that the members of and possibly a quorum of members of other governmental bodies of the municipality may be in attendance at the above-stated meeting to gather information; no action will be taken by any governmental body at the above-stated meeting other than the Parks and Recreation committee. Please note that, upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. For additional information or to request this service, contact Wendy Newson, Town Clerk, at 1156 Alpine Drive, Nekoosa, WI 54457, ph. 715-325-8046.

Town of Rome Mission:
Positively applying the tools of government to serve and protect our people, strengthen our community and promote prosperity.

MINUTES
TOWN OF ROME PARKS AND RECREATION MEETING

MONDAY, JUNE 15, 2026 4:00 P.M.

1. Call to Order

   The meeting was called to order by Chairman Tim Reppen at 4:00 p.m.

2. Roll Call

   Committee members present: Cyndee Lewis, Sue Bultman, Jill Reese, Tim Reppen and Michael Donigain
   Also present: Director of Public Works, Cody Knoblock and Deputy Clerk/Treasurer, Taylor Owczynsky

3. Certify Posting of Meeting

   Taylor Owczynsky certified that on Thursday May 14, 2026, the agenda for the Town of Rome Parks and Recreation Committee meeting for Monday, May 18, 2026 was posted at the following locations:

Rome Town Hall	*11:54 a.m.*
Kwik Trip, LLC	*12:34 p.m.*
Nekoosa Port Edwards State Bank	*12:40 p.m.*
Emailed to the Wisconsin Rapids Tribune	*12:25 p.m.*

4. Approve Agenda

   Motion by Donigain/Lewis to approve the agenda as presented. Motion carried.

5. Pledge of Allegiance

6. Citizen Comments – During the Citizen Comment period of the agenda the Parks and Recreation Committee welcomes comments from any town resident, not a member of the Parks and Recreation Committee, on any item not on the agenda. Please know that pursuant to State law the Commission cannot engage in conversation with you but may ask questions. The Commission may refer the item to staff, a standing committee or a future Parks and Recreation agenda for discussion and action. Each person wishing to speak will have up to 3 minutes to speak. Speakers are asked to submit a card to the Chair providing their name, address and topic for discussion

   The Commission will also take comment from the public on agenda items as called by the Chair, but not during Citizen Comment. Please note that once the Commission begins discussion on an agenda item no further comment will be allowed from the public on that issue

No Citizen Comments Received.

DISCUSSION AND POSSIBLE ACTION ON THE FOLLOWING ITEMS:

7. Discussion and possible action – Approval of the Monday, May 18, 2026 meeting minutes

   Motion by Lewis/Donigain to approve the May 18, 2026 meeting minutes. Motion carried.

8. Discussion and possible action – Vibrant Spaces Grant

   Director of Public Works, Cody Knoblock explained that at the last Town Board meeting the shade structures were approved for $35,000 and to include the funding from the Vibrant Spaces Grant. He further explained that we cannot approve purchases with possible future grant money. With that, he further stated that if this is something we're going to pursue, we have to go back to the Board again. This would go back to the Board with the understanding that it is a purchase of $35,000 or whatever amount is decided on, with possible/optional reimbursement from the Vibrant Spaces Grant.

   Motion by Donigain/Lewis to bring this item back to the Town Board for proper wording in regards to the purchase and then possible reimbursement from the Vibrant Spaces Grant. Motion carried.
   Further discussion regarding the shade structure quotes.
   Motion by Donigain/Lewis to withdraw the original motion. Motion carried.

9. Discussion and possible action – Shade Structures in the Rome Town Center

   Chairman Reppen explained the difference between the proposed shade structures. He explained that he requested the Finance Director and Director of Public Works to locate the original invoice for the shade structure that is currently located by the Splash Pad. Director of Public Works, Cody Knoblock stated that the original invoice for that shade structure was $22,200 in 2018. He recommended the committee discuss and come back with concrete decisions and numbers before going back to the Town Board. Original motion in agenda item 8 was then withdrawn, above.

10. Discussion and possible action – Walden Park Update

    Dave Trudeau stated that the money they currently have is seeming to fall short of where they thought they would be. He explained that they do have money from Visit Rome, however, they will have to do more fundraising to reach the full price. Dave indicated he could have a updated total for the project by the upcoming Board meeting.
    Motion by Reese/Bultman to move to present to the board an updated total for the Walden Park project. Motion carried.

11. Discussion only – Outdoor Learning Equipment at Walden Park

    Reppen – Mentioned he has been researching fishing tips and tricks and learning opportunities. He also mentioned a learning scale-type game. He also mentioned there could be a sign on "How to tie a knot". Discussion regarding a possible informational board and some learning equipment. To be discussed further at next meeting.

12. Discussion and possible action – Rome Town Center Subcommittee Update

Deputy Clerk/Treasurer, Taylor Owczynsky gave an update that the Rome Town Center Sub-Committee was created with the purpose of reviewing and updating the Master Plan and Rome Town Center zoning ordinances. Once this is complete, the Committee will be dissolved. She indicated that they have made quite a bit of progress already.

DATES AND ITEMS FOR FUTURE AGENDA/MEETINGS

13. Next agenda items

**Vibrant Spaces Grant*
**Shade Structures in the Rome Town Center*
**Outdoor Learning Equipment at Walden Park*
**Walden Park Update*

14. Next meeting date and time

July 20th, 2026 at 4:00 p.m.

ADJOURNMENT
Motion by Lewis/Donigain to adjourn at 4:24pm. Motion carried.

Respectfully submitted,

Taylor Owczynsky
Taylor Owczynsky
Town of Rome
Deputy Clerk/Treasurer

TRUST *the* EXPERTS

For over a decade, our customers have entrusted us to provide safe and affordable playground and recreational equipment. Our team of Certified General Contractors and Playground Safety Inspectors will insure that your project is completed to perfection, providing truly turnkey service, with every step of the process from planning and budgeting, through the installation being handled under one roof.

PRO PLAYGROUNDS

The Play & Recreation Experts

PRO PLAYGROUNDS
The Play & Recreation Experts
WWW.PROPLAYGROUNDS.COM | 1-800-573-PLAY

THE PRO PLAYGROUNDS DIFFERENCE

Equipment and Products

When you purchase playground equipment from us, you're buying direct. This means that you are getting the absolute lowest price possible. We do not utilize sales reps, middle men or distributors like many of our competitors do, this gives you more purchasing power. We have hundreds of playgrounds available for purchase and can custom design most anything to meet your needs. We have a vast product offering including shade structures, site amenities and playground surfacing like artificial turf and poured in place rubber.

Installation

We are one of only a few companies in the United States that actually service and install the products we sell in house. This means that the person you speak to when you buy your playground may very well be the person who installs it. Our competitors use local sub contractors, many of whom know nothing about installing a playground or playground safety, and worse many of whom are unlicensed, uninsured and a high risk.

Services

We are truly a full service parks and recreations firm. We take care of every aspect of your playground project in house, from the design, to the sale to the installation. We have in house capabilities that are unmatched by our competitors. From traditional construction needs like sidewalks, to the safety surfacing including poured in place rubber and rubber turf, a single contractor with a huge list of capabilities. Our competitors subcontract these services, that means higher prices, lower quality, longer lead times and a lack of accountability.

Licensing

We are State Certified General Contractors and licensed Playground Safety Inspectors. This means that we have the knowledge, experience and legal ability to complete your project. Many firms that install playground equipment are unlicensed, inexperienced and uninsured.

Experience

We have designed and installed over 500 playgrounds in the USA, from start to finish. We have experience with projects as small as $5,000 and as large as 1,000,000. Our firm has provided expert testimony in court cases involving playground equipment. When it comes to playgrounds, we are the experts.

Accountability

We still believe that the customer is always right. We also feel that our responsibilities to our customers do not end once we have completed a sale, in fact that's when they truly begin. Our service after the sale in unparalleled. If you have any problems or issues with your equipment, we resolve the problems in house. Our competitors have only one concern and that is closing the sale.

THE PRO PLAYGROUNDS DIFFERENCE

Equipment and Products

When you purchase playground equipment from us, you're buying direct. This means that you are getting the absolute lowest price possible. We do not utilize sales reps, middle men or distributors like many of our competitors do, this gives you more purchasing power. We have hundreds of playgrounds available for purchase and can custom design most anything to meet your needs. We have a vast product offering including shade structures, site amenities and playground surfacing like artificial turf and poured in place rubber.

Installation

We are one of only a few companies in the United States that actually service and install the products we sell in house. This means that the person you speak to when you buy your playground may very well be the person who installs it. Our competitors use local sub contractors, many of whom know nothing about installing a playground or playground safety, and worse many of whom are unlicensed, uninsured and a high risk.

Services

We are truly a full service parks and recreations firm. We take care of every aspect of your playground project in house, from the design, to the sale to the installation. We have in house capabilities that are unmatched by our competitors. From traditional construction needs like sidewalks, to the safety surfacing including poured in place rubber and rubber turf, a single contractor with a huge list of capabilities. Our competitors subcontract these services, that means higher prices, lower quality, longer lead times and a lack of accountability.

Licensing

We are State Certified General Contractors and licensed Playground Safety Inspectors. This means that we have the knowledge, experience and legal ability to complete your project. Many firms that install playground equipment are unlicensed, inexperienced and uninsured.

Experience

We have designed and installed over 500 playgrounds in the USA, from start to finish. We have experience with projects as small as $5,000 and as large as 1,000,000. Our firm has provided expert testimony in court cases involving playground equipment. When it comes to playgrounds, we are the experts.

Accountability

We still believe that the customer is always right. We also feel that our responsibilities to our customers do not end once we have completed a sale, in fact that's when they truly begin. Our service after the sale in unparalleled. If you have any problems or issues with your equipment, we resolve the problems in house. Our competitors have only one concern and that is closing the sale.

Subject: Walden update for Parks and Rec

I have a 3 pm appointment in Rapids on Monday, so probably won't make it to Committee meeting by the 4 pm start. Please distribute to full Parks and Rec Committee and I will try to get there before the meeting ends to take any questions.

Reported to Town Board on 7/2 that we were moving forward with underground sprinkler installation by Oleson-Hall, and that we are planning on completing the Prairie Planting portion of this project at Walden Park this year. We are still committed to not spending beyond the $2,000 allocation from the Town without outside contributions.

I've brought Petenwell and Castle Rock Stewards (PACRS) on board as an additional partner to assist with fund raising and volunteer recruitment. They have submitted the grant proposal that I wrote up to Incourage Foundation for the $2,500 maximum. Upon last minute reviewing of the Incourage Foundation guidelines, I found out that they only want to give one grant per year to each non-profit, so since 14 Mile Watershed Alliance already received funds from them for the "Sock for Docks" biochar project, we could not apply again this calendar year. PACRS stepped up to submit the application and will apply all funds received to the Walden restoration. We expect to hear from Incourage by early August.

With the first Walden restoration, Public Works assisted with ground prep by running a Harley rake over the seed bed. I have sent an email to Cody asking for that to happen again, if possible. The seed bed area was staked out two weeks ago.

We are awaiting the sprinkler system install as soon as the contractor will fit us into their schedule. At this point it looks like the seeding will take place early fall.

Depending on donations from Incourage and other community organizations, we will add rain garden and fencing as they are funded. There is a small carry-over of around $50 from donations that DRAFT is holding from the Walden hillside project that I have asked be donated to Parks and Rec towards this new seeding.

Thanks,

Dave Trudeau

Subject: Miracle Machines proposal

Tim,

Thank you for taking the time to talk with me yesterday by phone.

Attached are the proposal form and spec sheets for the three Miracle Machine options available to you. Understand, Miracle has an agreement with Rube Goldberg Foundation to create play components utilizing their philosophy of every action creates other actions. With that information, I want you to know that these play events are not able to be match by other playground companies so if you like the concept, Miracle Recreation is the only company that can help you with this specific project.

These components do not require a safety surface and are priced as a “direct bury” installation. If you want to install these on a concrete pad then I can check and see if the cost is any different for a “bolt down” installation so just let me know how you plan to install.

We have 2 sales people covering WI, myself and Ashtyn Morrison. My contact information is below and Ashtyn’s contact information is ashtyn@bolandrecreation.com or cell phone is 608-438-5317 in case for some reason I am on vacation or not able to be reach and you need answers right away.

Thank you for your interest in these products and I look forward to hearing from you soon.

Sincerely,

Mark Boland, President

Curiosity Thrilled the Cat

RUBE GOLDBERG® MIRACLE MACHINES™

Turn the crank to unleash Cat's favorite treat and guide it through a series of obstacles accompanied by fun sounds. Watch as it flies through dominoes, passes the flag, and knocks down a banana. Then, there's a decision to make—put it into Cat's bowl, or give the treat some fishy flavor by first passing it through the tank? This not only helps kids recognize the impact their actions have, but builds upon their decision-making skills. Each turn at the play panel yields a variety of outcomes depending upon the path taken, reinforcing the notion of cause and effect, especially as it relates to machine thinking.

To make this series of mechanical chain reaction play panels, Miracle® Recreation collaborated with The Rube Goldberg® Institute for Innovation & Creativity, a family-run, nonprofit organization that uses the legacy of its namesake to promote equity and access in STEM and STEAM education. A Rube Goldberg Machine® is a delightfully over-complicated contraption that completes a simple task in the silliest way possible.

Rube Goldberg was a Pulitzer-prize winning cartoonist whose depiction of hilariously impractical machines inspires artists, educators, advertisers, and influencers. By partnering with the Rube Goldberg® Institute, Miracle Recreation brings authenticity and delight into recreational play by asking kids to solve three simple tasks: make a cup of tea, feed a cat, and score a goal.

My Cup of Tea

RUBE GOLDBERG® MIRACLE MACHINES™

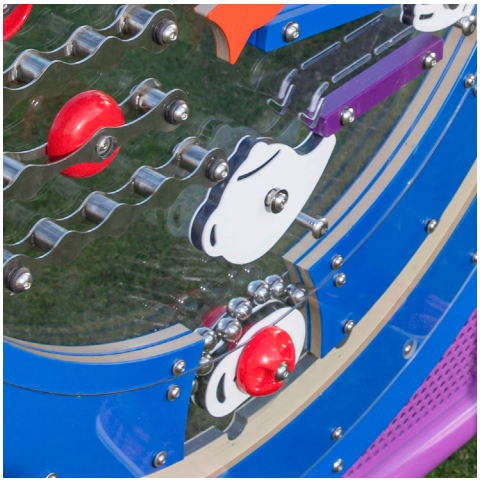

Spin the wheel and guide the tea to the cup using a pencil, a boot—even a fish! With a series of maneuverable elements, My Cup of Tea gives a fast-paced illustration of cause- and-effect to users while providing a number of fun paths for the balls to take. Kids can make as much tea as they'd like, learning how to cooperate with each other and make decisions solo or as a team. Wheels are located high and low for children of any ability to join in the fun, while bells and chimes enhance the sensory experience for all.

Featuring levers, pulleys, slides, and switches for kids to manipulate, Miracle Machines add a touch of whimsy to any playground. These elaborate tasks are designed to thrill and engage the senses for everyone ages 2 and up (CSA 18mo+), helping to develop cognitive and fine motor skills as well as provide insights into cause-and-effect relationships.

To make this series of mechanical chain reaction play panels, Miracle® Recreation collaborated with The Rube Goldberg® Institute for Innovation & Creativity, a family-run, nonprofit organization that uses the legacy of its namesake to promote equity and access in STEM and STEAM education. A Rube Goldberg Machine® is a delightfully over-complicated contraption that completes a simple task in the silliest way possible.

Rube Goldberg was a Pulitzer-prize winning cartoonist whose depiction of hilariously impractical machines inspires artists, educators, advertisers, and influencers. By partnering with the Rube Goldberg® Institute, Miracle Recreation brings authenticity and delight into recreational play by asking kids to solve three simple tasks: make a cup of tea, feed a cat, and score a goal.

Goooaaalll

RUBE GOLDBERG® MIRACLE MACHINES™

Individuals or teams can work to score a match-winning goal! Start by turning the wheel, and then guide the ball along its journey until it reaches the net. Manipulative elements all across the panel offer the chance for young children to build their fine motor skills, while older kids will enjoy creating a methodical approach to reaching the goal. Its width, sloped height, and accompanying sounds ensure everyone can join in on this thrilling play.

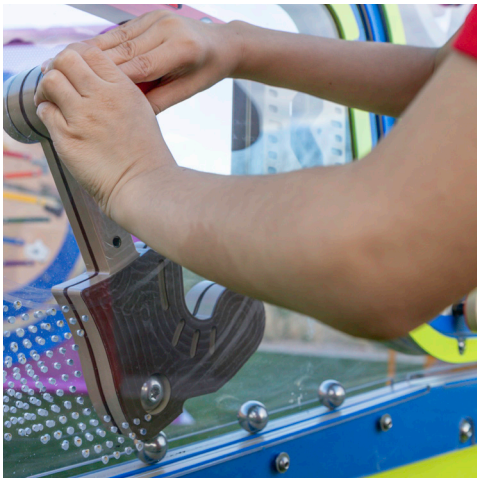

To make this series of mechanical chain reaction play panels, Miracle® Recreation collaborated with The Rube Goldberg® Institute for Innovation & Creativity, a family-run, nonprofit organization that uses the legacy of its namesake to promote equity and access in STEM and STEAM education. Helping cities across America protect the monarch butterfly and its habitat!

YES, WE ARE THE SOURCE OF THE MONARCH CITY USA STREET SIGNS AND REGISTRATION

Western monarchs at the WingsRising Butterfly Preserve in Athol, Idaho.

ABOUT US 2025

MONARCH CITY USA was acquired in late 2024 by **WINGSRISING, Inc.** as part of their mission to protect the monarch butterfly and help in nationwide efforts to restore its native habitat.

MONARCH CITY USA recognizes the passion, time, and sweat equity given to support monarch and milkweed preservation. Many individuals, groups, businesses, and cities across America have seen the importance of this combined endeavor. Our networking makes us all stronger! Let's continue to work together to strengthen monarch butterfly populations for the benefit of our planet and visual enjoyment for future generations.

MONARCH CITY USA's vision includes nationwide networking, education, and support for its members. We are working diligently to provide a valuable interactive resource for all who visit our website.

We appreciate any feedback or suggestions to help improve our efforts.

BOARD OF ADVISORS

MONARCH CITY USA is currently rebuilding our advisory board. These individuals will serve as an important resource for our educational and outreach efforts.

Dr. Paul Johnson, South Dakota: entomologist

Dr. Susan Rupp, Arkansas: owner of Enviroscapes Ecological

ABOUT OUR FOUNDER

MONARCH CITY USA was created in 2015 by founder Russ Stubbles in Maple Valley, Washington. He established this nonprofit corporation with the goal that many of our nation's municipalities would become supporters of the monarch by planting milkweed and nectar plants in their local areas.

If you have questions about becoming a Monarch City or would like additional information about your membership, feel free to contact us below.

MONARCH PARK USA, and more.

We offer a choice of three slightly different and yet beautiful street signs. Again, they are all-weather street signs of top-quality metal and paint. You can order signs when you register, and you can always order additional signs at any time. After payment, your order will be delivered within ten working days to any location in the continental United States.
