AGENDA

1. Call to Order & Roll Call

1	Committee Chair – Louise Howson	2	Denise Bhirdo
3	Lilly Orozco	4	Jerry Ahrens
5	Mike Laszkiewicz		<i>Village Administrator – Julie Schmelzer</i>
	<i>Department Director – Erik Linczmaier</i>		<i>Administrative Assistant - Janal Suppanz</i>

2. Approve Agenda

3. Approve December 2, 2024 Regular Monthly Meeting Minutes

4. Comments, Correspondence, and Concerns from the Public

5. Discussion/Action Items

- a. Community Garden Planning
- b. Parking Concerns; Mill Road East
- c. Parking Concerns; Christkindlmarkt
- d. Mill Road West; Landscaping
- e. Concession Agreement; Bay Shore Outdoor Store
- f. Concession Agreement; Segway the Door
- g. Public Space Audits
- h. Establishment of a "Volunteer Day" in the Village
- i. Department Annual Report

6. Staff Report(s)

7. Matters to be Placed on a Future Agenda or Referred to a Committee, Official or Employee

8. Next Meeting: Regular Monthly Meeting – February 3, 2025, at 2:30 PM

9. Adjourn

Public Notice – PARKS, PROPERTY & STREETS COMMITTEE MEETINGS ONLY

For questions regarding the above agenda items or to review the related files contact Julie Schmelzer, Village Administrator at julie.schmelzer@sisterbaywi.gov.

To submit letters in support or opposition of an agenda item, email janal.suppanz@sisterbaywi.gov by 4:00 p.m. the day before the meeting. Letters received after the meeting packet has been mailed will NOT be sent to committee members but will be SUMMARIZED at the meeting.

It is possible that members of or quorum of other governmental bodies may attend the meeting to gather information; no action will be taken by any governmental body other than the body specifically referred to above. Upon reasonable notice, a good faith effort will be made to accommodate the needs of disabled individuals through sign language interpreters or other auxiliary aid or accommodation at no cost to the individual. Due to the difficulty in finding interpreters, requests should be made as far in advance as possible, preferably a minimum of 48 hours. For additional information or to request this service, contact the Sister Bay Village Administration Office at 854-4118 or by writing to the Village Administration Building, 2383 Maple Drive, PO Box 769, Sister Bay, WI 54234. Copies of reports and other supporting documentation are available for review at the Village Administration Building during operating hours (8 a.m. – 4 p.m. Mondays through Thursdays, and 8 a.m. – 12:00 p.m. Fridays).

The Village of Sister Bay is an Equal Opportunity Provider & Employer

POSTED DATE/SIGNATURE _____

**MINUTES FOR THE HYBRID REGULAR MONTHLY MEETING OF THE
PARKS, PROPERTY & STREETS COMMITTEE
SISTER BAY-LIBERTY GROVE FIRE STATION – 2258 MILL ROAD,
MONDAY, DECEMBER 2, 2024
(APPROVAL PENDING)**

Agenda Item No. 1. Call Meeting to Order and Roll Call:

The December 2, 2024 hybrid regular monthly meeting of the Parks, Property & Streets Committee was called to order by Committee Chair Louise Howson at 3:30 P.M.

Committee Members Present: Committee Chair Louise Howson and Committee members Denise Bhirdo, Mike Laszkiewicz, Lilly Orozco, and Jerry Ahrens.

Staff Members Present: Village Administrator Julie Schmelzer, Erik Linczmaier, and Administrative Assistant Janal Suppanz.

Others Present: Kurt Harff, Ellie Soderberg-Guger, Erin Peddle, Skyler Witalison, Jeff Pfeifer, “Ronald”, Nick Bastian, and Karen Grasse.

Agenda Item No. 2. Approval of Agenda:

Motion by Bhirdo, second by Ahrens that the Agenda for the December 2, 2024 meeting of the Parks, Property & Streets Committee be approved as presented. Motion carried – All ayes.

Agenda Item No. 3. Approval of Minutes:

As to the minutes for the November 4, 2024 regular monthly meeting of the Parks, Property & Streets Committee:

Motion by Bhirdo, second by Ahrens that the minutes for the November 4, 2024 meeting of the Parks, Property & Streets Committee be approved as presented. Motion carried – All ayes.

Agenda Item No. 4. Comments, correspondence and concerns from the public:

Howson asked if anyone would like to comment regarding a non-agenda item. No one responded. Schmelzer then stated that no correspondence had been received that would require the attention of the Committee.

Agenda Item No. 5. Discussion/Action Items:

a. Parking issues; Peninsula Century Fall Challenge Bike Ride and the Door County Century Bike Ride:

Complaints have been received that several of the individuals who participate in the Peninsula Century Fall Challenge Bike Ride and the Door County Century Bike Ride park their vehicles in the parking stalls along N. Bay Shore Drive and leave them there all day long, which can be quite problematic for anyone wishing to do business in the downtown area. Discussion took place regarding this issue, and it was eventually the consensus that Brian Fitzgerald, one of the organizers of the Peninsula Century Fall Challenge Bike Ride, shall be asked if it would be possible to include a note in the ride packets which states that all ride participants must park their vehicles at the Sports Complex or another designated location away from the downtown area and ride their bicycles to the starting point.

Howson indicated that she will discuss this issue with Mr. Fitzgerald and report her findings at the next meeting of the Committee.

b. Snowmobile Trail Map; Proposed Route:

Representatives of the Villagers and the Top O' The Thumb Snowmobile Clubs have requested permission to utilize Village owned property for their snowmobile trails. Maps that depict the proposed snowmobile routes were included in the digital meeting packets, and the Committee members jointly reviewed all of that documentation.

Motion by Orozco, second by Laszkiewicz that permission is granted for the Villagers and the Top O' The Thumb Snowmobile Clubs to utilize the portions of the Village owned property that is depicted on the proposed snowmobile trail maps that were included in the digital packets for this meeting during the 2024-2025 snowmobile season, on the condition that before permission is granted for a snowmobile trail to be created on the former Wiltse property representatives of Seaquist Orchards must inform Schmelzer that they don't have any concerns about the cherry trees on that property sustaining damage. Motion carried – All ayes.

c. Sports Complex; Concession Stand; Restroom Addition:

When the baseball concession stand was constructed several years ago Village officials agreed that if and when sewer service ever came near the concession building they'd work with the Bay's to see that restrooms were installed. Water lines have already been run to the concession building, but the restrooms still have not been constructed. A sewer lateral will be installed across from the Sports Complex to service the new Parks Maintenance Facility soon, and it will be approximately 25' from the concession building. At this time no money has been budgeted for new restrooms at the Sports Complex, but Schmelzer believes it would be wise to "stub" a sewer connection into the concession building now, since significant cost savings would be realized.

Jeff Pfeifer of the Bays noted that several of the Bays' fans are aging and find it very difficult to walk up the hill to the existing restrooms, and, therefore, there is a definite need for the new restrooms. Some local carpenters, electricians and plumbers have volunteered to work on the project, so it would quite likely be possible for significant cost savings to be realized if and when the decision is made to actually construct the new restrooms.

Motion by Orozco, second by Ahrens that the Parks, Property & Streets Committee authorizes staff members to see that a sewer connection, which is an unbudgeted expense, is "stubbed" into the concession building at the Sports Complex in as timely a fashion as possible. Motion carried – All ayes.

Schmelzer indicated that she will see that a request for the funding for the previously mentioned work is forwarded to the Finance Committee.

d. Mill Road West; Landscaping Plan:

A landscaping plan and cost estimate for shrubs to be planted in the gravel area across from Waterfront Park was included in the digital meeting packets, and Bhirdo noted that she personally does not like the appearance of the Blue Rug Junipers that were mentioned on the proposal that was received from Door Landscape & Nursery. Discussion took place regarding this issue, and Schmelzer was eventually asked to contact representatives of Door Landscape and request that they suggest a similarly priced alternative to the Blue Rug Junipers that can be trimmed to a maximum height of 4'. Photos of the shrubbery that is suggested and a related cost estimate will be included in the digital packets for the next meeting of the Committee.

e. Administration Building; Review Requests for Proposals; Construction Drawings:

An RFP was released for proposals for construction drawings that could be used to solicit construction bids for the new Administration Building. Proposals were received from Dimension IV, ADCI, Plunkett, Raysich Architects, LLP, McMahon Engineers/Architects and Thrive Architects, and the Committee members jointly reviewed all of that documentation. During the review process each of them ranked the proposals and explained the reasons for their rankings, and Schmelzer and Suppanz took note of all the comments that were made.

Motion by Orozco, second by Laszkiewicz that the Parks, Property & Streets Committee recommends that the Village Board accept the proposal that was received from McMahon Engineers/Architects for creation of construction drawings that will be used to solicit construction bids for the new Administration Building as presented, and authorize the Village President and/or the Village Clerk to execute a related contract in as timely a fashion as possible. Motion carried.

f. Administration Building; Civil Site Design; Contract:

A proposal that was received from Stantec Consulting for the civil engineering and land surveying services that must be completed for the Administration Building Project were included in the digital meeting packets, and the Committee members also jointly reviewed that documentation.

Motion by Bhirdo, second by Laszkiewicz that the Parks, Property & Streets Committee recommends that the Village Board accept the proposal that was submitted by Stantec Consulting for the civil engineering and land surveying services that will be needed for the new Administration Building as presented, and authorize the Village President and/or the Village Clerk to execute a related contract in as timely a fashion as possible. Motion carried – All ayes.

g. Former Logerquist Site; Design Exercise:

The Committee members all participated in a design exercise for the former Logerquist property, and by the time that exercise was completed potential locations for several of the amenities that will eventually be constructed and/or created on that property and where trees will be planted had been suggested, but no formal decisions were made. The Committee members did agree that the previously designated parking areas and the location for the Administration Building were acceptable, and it was also the consensus that when representatives of Stantec work on the previously mentioned site plans those plans shall depict the location(s) where sewer and water laterals should be “stubbed in” to the Logerquist property. The Committee members also agreed that a new driveway access shall be created approximately 100’ from the barn on the Logerquist property. There were differing opinions regarding the preferred location for the Dog Park, and whether or not individual small and large dog parks should be created, and it was eventually the consensus that in the spring of 2025 staff members shall make arrangements for a related survey to be distributed to all the property owners in the Village.

Agenda Item No. 6. Staff Reports

Linczmaier’s Staff Report was included in the digital meeting packets, and the Committee members jointly reviewed that document. During the review process Orozco complimented Linczmaier and the other Parks Department employees on “how nice” the Village’s Christmas decorations look.

Schmelzer gave the following oral report:

- As requested she did meet with some of the members of the Sister Bay Historical Society regarding the historical/cultural marker project, and they definitely are interested in helping out with that project. She will be meeting with those individuals after the holidays to discuss some of the*

logistical issues associated with the project, and will keep the Committee members advised of the status of this issue.

- Representatives of the Post Office have informed Village officials that they intend to send a letter to all the property owners in the Village informing them that the current Post Office Lease will be expiring, and, therefore, they will be entertaining suggestions for a new location for such a facility that is in or near the Village. She and Nate Bell, the Village President, have concerns that receipt of such a letter could be quite troubling for some individuals, and, therefore, they will be meeting with Post Office representatives to discuss this issue in the near future. She will provide further information to the Committee members as soon as it becomes available.
- Representatives of Bertram Communications have informed her that work is progressing as planned on the fiber-to-the-home project.

Agenda Item Nos. 7, 8 and 9.

Matters to be Placed on a Future Agenda or Referred to a Committee, Official or Employee:

Next Meeting:

The next meeting of the Parks, Property & Streets Committee has been scheduled for 2:30 P.M. on Monday, January 6, 2025. In accord with the Committee's directives the following issues will be addressed at that meeting:

Discussion/Action Items:

- Establishment of a "Volunteer Day" in the Village;
- The Crosswalk Art Project;
- Parking Issues; Peninsula Century Fall Challenge Bike Ride and the Door Couty Century Bike Ride;
- Mill Road West; Landscaping Plan.

Schmelzer indicated that she will see that the Committee's request for the funding required to "stub" a sewer connection into the Bay's Concession Building is forwarded to the Finance Committee.

She also indicated that the following issues will be referred to the Village Board:

- The recommendation from the Parks, Property & Streets Committee that the Village Board accept the proposal that was received from McMahon Engineers/Architects for creation of construction drawings that will be used to solicit construction bids for the new Administration Building.
- The recommendation from the Parks, Property & Streets Committee that the Village Board accept the proposal that was submitted by Stantec Consulting for the civil engineering and land surveying services that will be needed for the new Administration Building.

Adjournment

At 6:15 P.M. a motion was made by Orozco, seconded by Bhirdo that the December 2, 2024 meeting of the Parks, Property & Streets Committee be adjourned. Motion carried – All ayes.

Respectfully submitted,

Janal Suppanz,
Administrative Assistant

Myles Dannhausen Jr.

Re: Post Office Relocation

To whom it concerns:

For nearly two decades the village of Sister Bay has talked about moving the US Post Office, yet in that time I have yet to hear a compelling reason to take on the expense of doing so. It first came up as a way to open up the waterfront, but that was before the Al Johnson's and Caspersen waterfront properties became available, which the village acquired at a cost of more than \$6 million.

Some village officials have said that moving the post office would help with traffic congestion, but I have not seen any studies, interviews or evidence that it would do so. In fact, having the post office downtown most likely reduces traffic because many residents and downtown business owners can walk to it. If it is moved outside of the downtown it will become almost exclusively a vehicle-accessed business.

In its current location, the post office can also be accessed as part of a single trip to multiple locations, actually making it a more efficient use of traffic and parking (many people often stop at the post office after eating breakfast at Al Johnson's or at Wild Tomato, or visiting the beach or playground, or grabbing coffee at Skipstone). By moving it out of the core, it is accessed specifically for the post office.

Parking is also made more efficient now because the post office spaces are usable by patrons during the post office hours, but then shared with the beach, neighboring restaurants, village hall events and the playground in evening hours. I don't recall personally ever visiting the post office when one of the reserved 15-minute parking spaces was not available, and usually all of them are.

I am also a heavy user of the post office both personally and through my business, the *Peninsula Pulse*. We drop a van full of papers at the post office every week, and traffic or parking has not been an issue a single time in our many years of doing so.

As a reporter covering the village for 20 years, I have not yet heard a reason from the village for why it is imperative that the post office move, and what would be done with the space if it does. There have been vague suggestions of a visitor center in that space, but nothing concrete.

I also have not seen any plan or evidence that the Post Office would be willing to pay the increased rental fees that would be required to cover the cost to build a new facility.

Before the village asks the Post Office to relocate, residents should be provided with the following information:

- Results of a study conducted over 2-5 days in which post office visitors are asked whether they drove to or walked/ biked to the post office, to help determine the level of traffic use.
- Results of an observational study (by video or staff) to determine how often the existing parking spaces reserved for postal patrons are full and how long the wait times are, at peak season.
- Results of an observational study (by video or staff) of the average wait time to turn left into the post office from Hwy 42 during peak season.
- Results of a survey of residents asking whether they would like to see the post office moved to a new location, why or why not, and how much they would approve of the village spending to do so (i.e. \$500,000 or less. \$1 million or less. \$2 million or less...). This is vital because most residents do not know that the post office is not a village function, but a business that pays the village rent. Most likely don't know that if the Post Office moves, the postal service will not be building the new building, but the village will.
- How many visitors per day access the post office in peak season.
- How long the typical driver waits at the Mill Road intersection during peak season (as this would be where drivers likely exit after visiting the post office).
- How much the post office is willing to pay for a new facility and how much would be left for residents to pay.
- How the old post office location would be used.
- Where the new post office will be located.
- Information, *from the Post Office directly*, about what operational issues (if any) they have with the existing location and how services for residents would be improved with a new location.
- What the property tax impact of a new location will be on a per \$100,000 of valuation basis.

Sincerely,

Myles Dannhausen Jr.

**COMMUNITY GARDEN
PLANNING**

STAFF REPORT - COMMUNITY GARDENING

Date: January 6, 2025

To: Parks, Property & Streets Committee

From: Julie Schmelzer, Administrator

Re: Ongoing Discussion and Planning

We have been discussing a new community garden(s) at the former Logerquist site and worked on a conceptual site plan last month. Cory Shanahan, who is very active in the Village's current garden plot, will be present at the January 6 committee meeting to share her ideas, thoughts, and answer any questions.

PARKING CONCERNS;
MILL ROAD EAST

STAFF REPORT – PARKING CONCERNS - MILL ROAD EAST

Date: January 6, 2025

To: Parks, Property & Streets Committee

From: Julie Schmelzer, Administrator

Re: Complaint/Request

Tom Seagard, who owns a gallery on Mill Road, has called the office several times complaining vehicles frequenting CHOP are parking in front of the Mill Road Gallery. The area they park in is an area designated as No Parking. Mr. Seagard has talked to the owners of CHOP and even called the police, but people continue to park in the No Parking areas.

He asked if the village could put 8 traffic cones out that Mr. Seagard could move out to the roadway each day, but I had explained for liability reasons we could not do that, but I would forward his concerns to the committee to see if there was anything they could do.

Re: Landscaping Plan/Varieties

Since August we've been discussing a landscaping plan for that portion of Mill Road West by the south parking lot. Earlier we indicated we wanted boxwoods, so AJ (landscaping representative) sent a plan with boxwoods and added blue rug junipers to add a pop of color. Last month we reviewed the plan and indicated the committee did not want blue rug junipers and asked if AJ could propose something else. What is proposed is either adding false cypress shrubs or old gold junipers. AJ indicated both the shrubs would be suitable for the location (remember, it's a disturbed, gravel area). He said there are other options, but we need to consider strong winter winds and health viability. The below is what the village received from the landscaping firm. The plan reviewed earlier is shown for your reference, as is the first cost estimate (\$4178).

Golden mop false cypress

Old gold juniper

To be updated once we decide what plants we want.

Original Estimate:

Mill Rd Planting	\$4,177.74
-------------------------	-------------------

Scope of Work:

- Install plants per plan along Mill Rd.
- Move aside existing stone mulch to plant.
- Re grade stone mulch when planting is complete.
- Water in all new plants.
- Clean up work area.

Boxwood, 520-0500-1100 - #5

Boxwood, Green Mountain - #5

Juniper, 530-0708-1100 - #5

Juniper, Blue Rug - #5

Subtotal	\$4,177.74
-----------------	-------------------

Taxes	\$0.00
--------------	---------------

Estimate Total	\$4,177.74
-----------------------	-------------------

DISCUSSION/ACTION ITEMS

AGENDA ITEM NO. 5(e)
CONCESSION AGREEMENT;
BAY SHORE OUTDOOR STORE

STAFF REPORT – CONCESSION AGREEMENT

Date: January 6, 2025

To: Parks, Property & Streets Committee

From: Julie Schmelzer, Administrator

Re: Bay Shore Outdoor Store

From what I can tell from our files, Bay Shore Outdoor Stores starting selling concessions at Waterfront Park in 2009. I haven't been able to track down the contract from that time (we may not have had one), but was able to find contracts beginning in 2016. The contract price has always said the rate was 10% of their gross sales.

Our contract with Bay Shore Outdoor Store expired in fall. Do we want to renew the contract? Is the price adequate considering we lose a parking stall, receive complaints, and occasionally have had difficulty getting the year-end report on time?

The concessionaire is to pay the village 10% of their total annual gross sales along with a merchant report of the sales, all by December 1. Last week we finally received the sales report and 10% (\$3053). Last year it was received it in February. They paid \$2954. 2022 we received \$3594.

We do have other businesses downtown now that sell some of the products; should this be an RFP/put to bid?

Sister Bay Beach Concession Agreement

This Concession Agreement is entered into by the Village of Sister Bay (the "Village") and Bay Shore Outdoor Stores, Inc. (the "Concessionaire").

WHEREAS, the Village considers it necessary for the proper comfort of the public to grant to the Concessionaire a concession for the furnishing of supplies or facilities and services at Sister Bay Beach; and,

WHEREAS, the Village considers this concession is of concern and benefit to Sister Bay Beach and will render Sister Bay Beach more attractive for public use,

NOW, THEREFORE, in consideration of their mutual promises, the parties agree as follows:

1. The Village grants to the Concessionaire the right to operate a concession to provide beach rental services to include non-motorized watercraft, incidental "beach" accessories (such as sunglasses and suntan lotion), sundries (prepackaged snacks such as "Clif Bars" and bottled, non-alcoholic, "athletic" beverages) and other items approved in an item list submitted to the Parks Committee at a location at or near the western end of Sister Bay Beach from the date this agreement is executed through **September 30, 2024**.
2. The concession will be located on the premises designated by the Village and made a part of this agreement. The concession will include, subject to Village approval, the rental of kayaks, paddleboats, water bikes and paddleboards, and Concessionaire will have the right to offer programs such as lessons and guided tours with said watercraft. The Concessionaire shall provide, at no additional cost, the equipment required for safe operation of rentals and tours.
3. The Concessionaire will pay to the Village, by December 1 of each year during the term of this agreement, 10% of the total annual gross sales of the concession along with a POS merchant report of said sales.
4. The concession shall be operated and open for business on a daily basis from, at least, the first Saturday falling on or after June 15, through Labor Day each year and at all other mutually agreeable times. Under no circumstances will

the concession be open if weather conditions are, or may be, hazardous to the public.

5. All business property necessary to operate the concession will be furnished by the Concessionaire. The Concessionaire may remove such business property at any time during the term of this agreement and, upon termination of the agreement, will remove the business property within 15 days. The Concessionaire will not remove any business property or fixture if removal will damage the property or interest of the Village. The Village Parks Committee will approve of the location and material makeup of the business equipment, including the architecture of any temporary structures.
6. The Concessionaire will maintain and keep in good repair the premises used for the concession and will keep the immediate premises and surrounding grounds in a clean, neat, and sanitary condition at all times. The Concessionaire shall make no improvements, alterations, additions, or changes to the premises except by written approval of the Village.
7. The Village may terminate this agreement upon thirty (30) days written notice to the Concessionaire if the Village determines that Concessionaire's management or operation of the concession has violated on two or more occasions the terms of this agreement or the Village's code of ordinances.
8. Effective Change of Ownership. The words "Effective Change of Ownership" shall mean any cumulative change of fifty percent (50%) or more of the ownership of the Concessionaire, or any change in the authority of any individual that signs the Lease on behalf of the Concessionaire. Within ten (10) days after any Effective Change in Ownership, the Concessionaire shall notify the Village in writing with a notice specifying the changes in writing. The Parks Committee may terminate the Lease at any time after an Effective Change of Ownership by giving not less than thirty (30) days advance written notice of the termination to the Concessionaire. This Lease is not assignable.
9. The Village may enter upon the premises at any time upon reasonable notice for the purposes of inspection or making such repairs and improvements as the Village deems necessary.

10. The Concessionaire will indemnify the Village against any cause of action, claim, damage cost or expense, including reasonable attorney's fees, arising from the management or operation of the concession or from breach, default or negligence of Concessionaire at the premises.
11. The Concessionaire shall maintain liability insurance effective during the term of this agreement naming the Village and its employees and Bay Shore Outdoor Stores, Inc. as the named insured in an amount of \$1,000,000.00 single limit or per occurrence, including coverage of \$1,000,000.00 for bodily and personal injury and \$500,000.00 for property damage arising from operation of the concession. Any notice of cancellation of the insurance policy will require notice to the Village.
12. The Concessionaire shall conduct the concession in an orderly and business-like manner, will maintain an adequate stock of supplies and equipment.
13. The Concessionaire will furnish full Workers Compensation for its employees and shall comply with all federal, state and local rules.
14. If the Village determines that an emergency exists, the Village may order the concession to be temporarily closed.
15. In this agreement, the "Village" and the "Concessionaire" shall mean to include: their respective employees, officers, members, directors, agents, servants, contractors' representatives, partners, assignees, and successors. If the Concessionaire ceases to exist in fact or by law, the Village may immediately terminate this concession agreement, but shall be considered to have a secured interest in Concessionaire's equipment, inventory, bank accounts and any other assets until Concessionaire's obligations to the Village are met.
16. This agreement shall constitute the entire agreement and previous agreements or communications pertaining to this agreement are hereby superseded. Any contractual revisions, adjustments and time extensions must be made by amendment to this agreement or other written documentation, signed by both parties.

IN WITNESS WHEREOF, the Concessionaire and the Village have caused this agreement to be signed by their appropriate officers and their corporate seals to be hereunto affixed.

AGENDA ITEM NO. 5(f)
CONCESSION AGREEMENT;
SEGWAY THE DOOR

STAFF REPORT – CONCESSION AGREEMENT

Date: January 6, 2025

To: Parks, Property & Streets Committee

From: Julie Schmelzer, Administrator

Re: Segway the Door

From what I can tell from our files, in 2016 a scooter rental business operated out of the marina, and required a copy of their sales records be submitted by October 31st of each year, and the fee was 10% of the gross sales.

In 2017 I can see the contract was with a new company, Segway the Door (GLIDE) and now operates out of the Sports Complex. The terms have always been the same for Segway the Door – 10% of the gross sales, due by December 1st.

We do have good records on when they filed their report and what their gross sales were: Looking back at the last few years, beginning in 2020 they filed late every year except one (2020 was filed on January 4; 2021 was December 23; 2023 was December 20). Revenues are pretty erratic - \$551 in 2020; \$959 in 2021; \$467 in 2022; \$367 in 2023; \$399 in 2024.

I am only aware of one complaint and it was from a party reporting the Segways routinely ride in groups blocking traffic on Spring Road. I have found no other issues, other than their late reporting.

Our contract with Segway the Door expired in fall. Do we want to renew the contract? Do we feel the reporting is accurate and fair? Is the price adequate? Should this be an RFP/put to bid (I do not know if there are any competitors)?

SEGWAY THE DOOR TOURS CONCESSION AGREEMENT

This Concession Agreement is hereby entered into between the Village of Sister Bay (the Village) and Glide, N.E.W., d/b/a Segway the Door Tours, (Concessionaire).

WHEREAS, the Village has agreed to grant permission for the Concessionaire to utilize the portion of the skating rink parking lot which is closest to the tennis courts at the Sister Bay Sports Complex, which is located at 2155 Autumn Court, as a starting/ending point for Segway tours which will be conducted in the Village of Sister Bay; and,

WHEREAS, the Village considers this concession to be a benefit to persons wishing to tour the Village.

NOW, THEREFORE, in consideration of their mutual promises, the parties agree as follows:

1. The Village grants to the Concessionaire the right to operate a concession to provide Segway tours in the Village from June 13, 2022 through October 31, 2024, on the condition that when public park space is utilized, the Segways may only travel on the route depicted on the attached map.
2. The concession will include, subject to Village approval, the safe rental of Segways and the required equipment to individuals wishing to tour the Village of Sister Bay via the previously mentioned route, and any and all tours as well as instruction regarding operation of the Segways must originate from and end in the previously mentioned parking lot. The Concessionaire is granted permission to utilize the parking lot for loading and unloading of Segways as well as giving of operational instruction.
3. The Concessionaire will pay to the Village by December 1st of each year during the term of this agreement 10% of the total annual gross sales of the concession along with a POS merchant report of said sales.
4. The concession shall be operated on an "as tours are booked" basis from May 1st through October 31st of each year, and at all other mutually agreeable times. Under no circumstances will the concession be open if weather conditions are, or may be, hazardous to the public.
5. All equipment necessary to operate the concession in a reasonable and safe fashion will be furnished by the Concessionaire, and none of it will be allowed to be stored on site.
6. The Concessionaire will maintain and keep in good repair the premises used for the concession and will keep the immediate premises and surrounding grounds in a clean, neat, and sanitary condition at all times. The Concessionaire shall make no improvements, alterations, additions, or changes to the premises except by written approval of the Village.

7. The Concessionaire shall be allowed to attach a sign advertising Segway tours and booking information which is no larger than 6 square feet in size to the Sports Complex signage.

8. The Village may terminate this agreement upon thirty (30) days written notice to the Concessionaire if the Village determines that Concessionaire's management or operation of the concession has violated on two or more occasions the terms of this Agreement or the Village's Code of Ordinances.

9. Effective Change of Ownership. The words "Effective Change of Ownership" shall mean any cumulative change of fifty percent (50%) or more of the ownership of the Concession, or any change in the authority of any individual that signs this agreement on behalf of the Concessionaire. Within ten (10) days after any effective change in ownership, the Concessionaire shall notify the Village in writing with a notice specifying the changes in writing. The Parks Committee may terminate the agreement at any time after an effective change of ownership by giving not less than thirty (30) days advance written notice of the termination to the Concessionaire. This agreement is not assignable.

10. The Village may enter upon the premises at any time upon reasonable notice for the purposes of inspection or making such repairs and improvements as the Village deems necessary.

11. The Concessionaire will indemnify the Village against any cause of action, claim, damage cost or expense, including reasonable attorney's fees, arising from the management or operation of the concession or from breach, default or negligence of the Concessionaire at the premises.

12. The Concessionaire shall maintain liability insurance effective during the term of this agreement naming Glide N.E.W., LLC as the named insured in an amount of \$1,000,000 single limit or per occurrence, including coverage of \$1,000,000 for bodily and personal injury, and \$500,000 for property damage arising from operation of the concession, and the Village shall be named as a Certificate Holder. Any notice of cancellation of the insurance policy will require notice to the Village.

13. The Concessionaire shall conduct the concession in an orderly and business-like manner and will maintain an adequate stock of supplies and equipment and ensure that all Segways used for tours are in good working condition and the proper safety equipment is provided to all operators.

14. The Concessionaire will furnish full Workers Compensation for its employees and shall comply with all federal, state and local rules.

15. If the Village determines that an emergency exists, the Village may order the concession to be temporarily closed.

16. Whenever the terms the "Village" and the "Concessionaire" are used in this agreement, those terms shall be construed to include: their respective employees, officers, members, directors, agents, servants, contractors' representatives, partners, assignees, and successors.

If the Concessionaire ceases to exist in fact or by law, the Village may immediately terminate this Concession Agreement, but shall be considered to have a secured interest in Concessionaire's equipment, inventory, bank accounts and any other assets until Concessionaire's obligations to the Village are met.

17. This agreement shall constitute the entire agreement between Glide N.E.W., LLC and the Village of Sister Bay, and previous agreements or communications pertaining to this agreement are hereby superseded. Any contractual revisions, adjustments and time extensions must be made by amendment to this agreement or other written documentation, signed by both parties.

IN WITNESS WHEREOF, the Concessionaire and the Village have caused this agreement to be signed by their appropriate officers and their corporate seals to be hereunto affixed in three original counterparts the day and year first above written.

AGENDA ITEM NO. 5(g)
PUBLIC SPACE
AUDITS

STAFF REPORT – PUBLIC SPACE AUDITS

Date: January 6, 2025

To: Parks, Property & Streets Committee

From: Julie Schmelzer, Administrator

Re: Do Good Door County Audits

The attached audits were completed this fall and forwarded to the village. The committee requested they be placed on the January agenda for discussion.

Report for Sister Bay: Sports Complex Public Space Audit

Date: October 19, 2024

Location: Sports Complex, Sister Bay, WI

Conducted by: Do Good Door County

1. Description of the Location

The Sister Bay Sports Complex is a large public sports facility located on Autumn Court. The complex includes various sports fields and courts, such as baseball, basketball, soccer, ice skating, batting cages, and tennis courts, designed to cater to recreational and organized sports activities. It occupies a significant open space and is set within a commercial and residential area.

2. Surrounding Area

The complex is situated in a mixed-use area that includes nearby residences, a dog park, and commercial businesses. This diverse surrounding area provides a unique backdrop for community activities, attracting both local residents and visitors.

3. Atmosphere and Feelings in the Space

- **Comfortable:** Agree
- **Playful:** Strongly Agree
- **Relaxed:** Disagree
- **Safe:** Agree
- **Social:** Agree

The expansive, open nature of the sports complex makes it a welcoming space for youth and families, though it has limited wheelchair and walker accessibility. The complex is highly suitable for active sports but lacks elements that promote a relaxed atmosphere.

4. Usage Patterns

The Sister Bay Sports Complex is frequently used during the warmer months, especially in spring and summer, with limited activities in winter. Most of the activity occurs during the day, with some events and gatherings extending into the evening, depending on the season.

- **Spring:** High use
- **Summer:** High use
- **Fall:** Moderate use
- **Winter:** Low use
- **Daytime:** Frequent
- **Nighttime:** Some

5. Evaluation of Features

- **Cleanliness:** Fair
- **Drinking Fountains:** None
- **Lighting:** Fair
- **Places to Be Physically Active:** Good
- **Places to Eat/Drink:** Poor
- **Places to Sit:** Poor
- **Restrooms:** Fair to Poor (limited facilities)
- **Shelter from Weather:** Poor
- **Street Noise:** None
- **Trees and Landscaping:** Fair

While the complex is generally functional, it lacks drinking fountains, adequate seating, and proper shelter from weather. Improvements in cleanliness, lighting, and landscaping would enhance the space.

6. Connectivity

- **Walking:**
 - The streets in or adjacent to the location have sidewalks. - Disagree
 - There are clear directional signs or visual cues to guide people to the space. - Disagree
 - There are pedestrian signals at intersections. - Disagree
 - The signals provide adequate crossing time for slower walkers. - Disagree
 - There are signals or design elements for blind/visually impaired pedestrians. - Disagree
 - Sidewalks and crossings are accessible for people using mobility aids (e.g., a wheelchair). - Disagree
 - There are traffic calming features (e.g., speed bumps) in the area. - Disagree
- **Cycling:**
 - There are designated bike lanes or trails connected to the space. - Disagree
 - There is a secure place to park your bike in the space. - Disagree

The sports complex lacks basic connectivity features, including sidewalks, pedestrian signals, bike lanes, and signage, which limits accessibility and ease of navigation for visitors, especially those with mobility challenges.

7. Likelihood to Recommend for Older Relatives or Children

- **Likelihood:** Somewhat Likely

The complex's recreational focus makes it suitable for younger visitors and families, but improvements in accessibility, seating, and signage would enhance its appeal to a broader age group.

8. Opportunities for Improvement

Accessible Playground Addition: Adding an accessible playground would make the complex more inclusive for young families and children of all abilities, expanding the park's family-friendly offerings.

Enhanced Intergenerational Event Space: The complex's spacious layout could host intergenerational events, such as family sports days, outdoor movie nights, and community gatherings, making it a versatile venue for all ages.

Upgrade Existing Gazebo and Pavilion: The existing small gazebo and pavilion areas could be enhanced to include accessible features. Installing accessible picnic tables within and around the pavilion would create inclusive gathering spaces where all visitors can participate comfortably.

Improved Seating and Picnic Areas: Additional benches with back support and armrests, as well as accessible picnic tables near high-use areas, would increase comfort for older adults and families. Enhancing these social spaces would make the complex more welcoming for visitors of all ages and abilities.

9. Challenges Observed

Aged Facilities and Seating: The complex has older buildings and worn benches with no armrests, which reduces comfort, particularly for older adults. Updated areas for seating and concessions would improve accessibility and comfort.

Limited Accessibility Across Complex: Wheelchair and walker accessibility is limited, affecting visitors' ability to move between different areas. Pathways to all main facilities and fields would enhance usability for people with mobility challenges.

Inadequate Signage and Wayfinding: The complex lacks clear directional signage, making it difficult for visitors to navigate, particularly for first-time users. Improved wayfinding signage would greatly aid accessibility and visitor experience.

Insufficient Restroom Facilities: There is only one restroom, rated as fair to poor, limiting convenience during high-traffic events. Expanding or upgrading restroom facilities would better meet visitor needs, especially for families and older adults.

Parking Accessibility: Limited accessibility from the different parking lots to other areas of the park makes navigation challenging for those with mobility issues.

Lack of Weather Shelters: The park currently has only one pavilion and one small out-building with a weather-protective structure, limiting its usability during inclement weather or extreme sun exposure.

Additional Recommendations

1. Accessibility Enhancements

Pathway Improvements: Add accessible pathways throughout the complex to improve mobility for visitors using wheelchairs, walkers, or strollers. Consider installing graded, slip-resistant surfaces leading to popular areas such as sports fields, seating, and restrooms.

Parking Accessibility: Increase the number of accessible parking spaces near main entrances, along with signage to designated accessible routes. A drop-off area for families and individuals with mobility challenges would facilitate entry.

2. Seating and Shelter

Additional Seating: Install durable benches with backrests and armrests along walkways and near sports fields. This would provide resting spots for older adults and other visitors needing supportive seating.

Weather Shelters and Shade: Build small pavilions or shade structures to provide shelter from sun and rain, creating a more comfortable environment for visitors and spectators.

3. Signage and Wayfinding

Clear Wayfinding Signage: Install signage at the main entrances and along pathways to guide visitors to restrooms, sports fields, accessible routes, and spectator areas.

Directional Signs for Accessibility: Use universally recognized symbols to indicate accessible areas and key amenities, ensuring ease of navigation for all visitors.

4. Lighting and Safety Features

Improved Lighting: Upgrade the lighting around walkways and parking areas for better visibility during evening hours. Adding energy-efficient, solar-powered lights could enhance nighttime safety while reducing operational costs.

Traffic Calming Features: Add speed bumps or other traffic-calming measures around the complex to ensure safe crossings, especially near entrances and parking lots.

5. Restroom and Amenities Improvements

Restroom Accessibility: Improve the number of restroom facilities to include additional stalls and accessible features, such as handrails and discreet disposal bins for sharps and incontinence products.

Drinking Fountains and Hydration Stations: Install drinking fountains and hydration stations near high-traffic areas. Ensure these are wheelchair-accessible and well-maintained for regular use.

6. Programming and Community Engagement

Intergenerational Activities: Introduce events and programs that appeal to different age groups, such as family-friendly sports days, youth clinics, and adult leagues. This approach would foster community connection and inclusivity.

Community Gathering Spaces: Consider adding a small gazebo or picnic area as a designated social space for families and groups, which could also serve as a meeting point for various community events.

7. Aesthetic and Maintenance Enhancements

Landscaping and Visual Appeal: Refresh the landscaping around the complex with native plants and trees to provide shade and visual appeal. Regular maintenance of these areas would contribute to a more inviting environment.

Upgrade Seating: Replace worn benches with newer, more comfortable, accessible seating options to increase overall comfort and usability.

8. Technology Integration

Public Wi-Fi Access: Install public Wi-Fi throughout the park to enhance visitor experience, allowing access to event information, social media engagement, or remote work options.

Solar-Powered Digital Signage: Add digital signage powered by solar energy to provide updates on events, park rules, and accessible routes. This would ensure real-time communication with visitors, especially during peak seasons or events.

Conclusion

The Sister Bay Sports Complex is a valuable recreational asset, but targeted improvements in accessibility, connectivity, seating, signage, and programming would enhance its usability and inclusiveness. Implementing these changes would help the complex serve as a welcoming and accessible space for community members of all ages, creating a destination that promotes health, engagement, and social connection.

Report for Sister Bay: Waterfront Park Public Space Audit

Date: October 19, 2024

Location: Waterfront Park, Sister Bay, WI

Conducted by: Do Good Door County

1. Description of the Location

Waterfront Park is an expansive beachside public space located at the intersection of Mill Street and Highway 42/57, with scenic views of Lake Michigan. This park offers a mix of passive recreation areas, including a pavilion, tree-lined pathways, landscaped benches overlooking the water, a small playground, and beach front. It serves as a tranquil destination for residents and visitors seeking to relax and enjoy nature, making it ideal for community events, social gatherings, and individual reflection.

2. Surrounding Area

Waterfront Park is situated in a mixed-use area in downtown Sister Bay, close to local businesses, a post office, municipal buildings, resorts, and private residences. Its central location near other popular destinations makes it a convenient and accessible recreational area for both locals and tourists.

3. Atmosphere and Feelings in the Space

- **Comfortable:** Strongly Agree
- **Playful:** Strongly Agree
- **Relaxed:** Strongly Agree
- **Safe:** Strongly Agree
- **Social:** Agree

Waterfront Park's environment, enhanced by benches facing the lake, tree-lined paths, and a variety of landscapes, promotes a relaxed, enjoyable space for individuals and small group gatherings.

4. Usage Patterns

The park experiences high use in the summer and sees less activity in other seasons, with limited use during winter. It is more active during daytime hours and primarily attracts young adults, adults aged 40-64, and fewer older adults and teens.

- **Spring:** Moderate use
- **Summer:** High use
- **Fall:** Moderate use
- **Winter:** Minimal use
- **Daytime:** Frequent
- **Nighttime:** Some, Limited

5. Evaluation of Features

- **Cleanliness:** Good
- **Drinking Fountains:** Good
- **Lighting:** Poor
- **Places to Be Physically Active:** Good
- **Places to Eat/Drink:** Good
- **Places to Sit:** Fair
- **Restrooms:** Good
- **Shelter from Weather:** None
- **Street Noise:** Fair
- **Trees and Landscaping:** Good

While Waterfront Park is generally well-maintained, it lacks adequate lighting and weather shelters, and the current seating options could be expanded to better accommodate older adults and those with mobility aids.

6. Connectivity

- **Walking:**
 - The streets in or adjacent to the location have sidewalks. - Agree
 - There are clear directional signs or visual cues to guide people to the space. - Disagree
 - There are pedestrian signals at intersections. - Disagree
 - The signals provide adequate crossing time for slower walkers. - Disagree
 - There are signals or design elements for blind/visually impaired pedestrians. - Disagree
 - Sidewalks and crossings are accessible for people using mobility aids (e.g., a wheelchair). - Agree
 - There are traffic calming features (e.g., speed bumps) in the area. - Agree
- **Cycling:**
 - There are designated bike lanes or trails connected to the space. - Disagree
 - There is a secure place to park your bike in the space. - Agree

7. Likelihood to Recommend for Older Relatives or Children

- **Likelihood:** Likely

The park's natural beauty and amenities make it inviting for older adults. However, improvements in accessibility, seating, and shelter would increase its inclusivity and usability for all ages.

8. Opportunities for Improvement

Enhanced Accessibility: Adding ramps and accessible pathways to reach additional seating areas and viewing spots.

Inclusive Play Areas: Introducing playground equipment suitable for all abilities.

Wayfinding Signage: Installing clear signage to guide visitors to accessible routes, scenic areas, and key park amenities.

9. Challenges Observed

Parking Accessibility: Limited accessibility from the parking lot and the cobblestone paths near the beach make navigation challenging for those with mobility issues.

Limited Signage: The absence of clear wayfinding signage restricts ease of movement, especially for those unfamiliar with the area or needing accessible routes.

Lack of Weather Shelters: The park currently has an area on only one side with a weather-protective structure, limiting its usability during inclement weather or extreme sun exposure.

Additional Recommendations

1. Accessibility Enhancements

Pathway Improvements: Install smooth, graded, accessible pathways throughout the park, particularly in areas leading to seating, viewing spots, and the pavilion. This would accommodate strollers, wheelchairs, and walkers and improve usability for visitors with mobility aids.

Parking Accessibility: Add designated, accessible parking spots close to the main park entrances, along with improved pathways from these parking areas to main park features. Incorporating signage for accessible routes and designated drop-off zones would facilitate better entry for those with mobility challenges.

2. Seating and Comfort

Additional Seating: Increase the number of benches, particularly along walkways and near scenic areas. Seating should include options with back support and armrests to accommodate older adults and visitors needing support.

Shaded and Weather-Protected Areas: Install shaded areas, either through canopies, or temporary structures like umbrellas, to provide shelter from sun and rain. This would encourage longer stays and year-round use.

Picnic Areas with Accessibility Features: Install accessible picnic tables with extended tops to allow easy access for wheelchairs, creating a more inclusive and social dining environment.

3. Signage and Wayfinding

Clear Wayfinding Signage: Install clear, visible signage throughout the park, especially at entrances and intersections, directing visitors to accessible routes, scenic areas, seating, restrooms, and drinking fountains.

Interactive Signage and Maps: Consider interactive or digital signage at the main entrance to provide real-time information on park features, accessible routes, and upcoming events. This would enhance visitor orientation and allow for quick, accessible navigation.

4. Lighting and Safety

Improved Lighting: Ensure even, pedestrian-scale lighting along pathways, parking areas, and around the pavilion to improve nighttime visibility and safety. Solar-powered lighting could provide an energy-efficient option that supports sustainable park operations.

Traffic Calming Measures: Introduce additional traffic-calming features, such as speed bumps or curb extensions near park entrances, to improve safety for pedestrians, especially those crossing streets to reach the park.

5. Restroom and Amenities Improvements

Accessible Restrooms: Retrofit restrooms to include discreet, accessible disposal bins for sharps and incontinence products.

Drinking Fountains and Hydration Stations: Install additional accessible drinking fountains or hydration stations near popular areas, ensuring they are wheelchair-friendly and well-maintained for year-round use.

6. Programming and Community Engagement

Year-Round Activities and Events: Develop a programming calendar that includes seasonal events, such as outdoor exercise, guided community walks, and intentional intergenerational events. These activities would boost year-round engagement and create opportunities for community connection.

Multigenerational Spaces: Designate spaces within the park for different age groups, including the play area for children, meeting space for teenagers, and quiet zones for older adults, to enhance inclusivity and provide variety.

7. Technology Integration

Public Wi-Fi Access: Install public Wi-Fi throughout the park to enhance visitor experience, allowing access to event information, social media engagement, or remote work options.

Solar-Powered Digital Signage: Add digital signage powered by solar energy to provide updates on events, park rules, and accessible routes. This would ensure real-time communication with visitors, especially during peak seasons or events.

Conclusion

Waterfront Park offers a scenic, serene setting with a variety of amenities that can attract visitors year-round. By implementing the recommended improvements in accessibility, seating, wayfinding, lighting, and programming, the park can become a more inclusive, vibrant community space that caters to people of all ages and abilities. These enhancements would further establish Waterfront Park as a welcoming destination for relaxation, recreation, and social connection.

DISCUSSION/ACTION ITEMS

AGENDA ITEM NO. 5(h)
ESTABLISHMENT OF A
“VOLUNTEER DAY”
IN THE VILLAGE

STAFF REPORT – VOLUNTEER DAY

Date: January 6, 2025

To: Parks, Property & Streets Committee

From: Julie Schmelzer, Administrator

Re: New Program - Volunteer Day

This was proposed at the last meeting and placed on the agenda as requested.

DISCUSSION/ACTION ITEMS

AGENDA ITEM NO. 5(i)
**DEPARTMENT ANNUAL
REPORT**

PARKS & STREETS DEPARTMENT 2024 ANNUAL REPORT

Presented by Erik Linczmaier, Director

Dear Residents, Business and Guests of Sister Bay,

I would like to start this Annual Report off by highlighting one of the major achievements the Village of Sister Bay has accomplished this past year, and that is the reconstruction of the west side of Mill Road. I'd like to thank the people that helped make this project a reality: The Parks, Property & Streets Committee, Trustees, Village Administrator Julie Schmelzer, former Department of Public Works Director Dan Klansky, the engineering firm of Robert E. Lee, and Vinton Construction and their subcontractors. I could not be more pleased on how this project turned out. It was a joy to oversee this project and the reaction it generated from our residents and guests of Sister Bay. I'm looking forward to the years to come and seeing how our residents and guests utilize this brand-new infrastructure.

One of the most exciting projects we have been involved in is the new maintenance facility being built off Autumn Court. This project has been planned for years and we are thankful to the Committee, Board, and public support staff having a safe and adequately sized facility for us to work from. We envision great efficiencies with one more centrally located, easily accessed, energy efficient facility.

A couple more noteworthy projects that happened throughout the year were an addition to our Waterfront Park gazebo, the joint effort between the Village of Sister Bay and Liberty Grove to repave Country Lane, the installment of six stone pillars with solar lights located throughout Waterfront Park, a five-stall bike rack with repair station, the repair of a storm drain along N Bay Shore Dr., and an electrical upgrade in Gateway Park and at Waterfront Park. Other noteworthy projects included the installation of traffic signs, painting no parking areas and touching up curb painting, brushing ditches, and trimming vegetation around stop signs.

As we turn the page on the 2024 year and look ahead to 2025 and beyond, the department is looking forward to continuing its mission in making the Village of Sister Bay a safe, enjoyable place for everyone to experience.

On the following pages I will share some of the highlights from 2024.

Sincerely,
Erik Linczmaier, Director

West Mill Road Reconstruction Department Involvement

- Overall represented the village to ensure the project was completed per the plans approved by the Village Board of Trustees
- Received daily brief on the progress of the project
- Removed landscaping stones along brick parking lot
- Located irrigation system; repaired irrigation system after it was damaged
- Fixed infrastructure that was accidentally damaged during construction

WaterFront Park Gazebo Addition Department Involvement

- Worked with contractor on preliminary design
- Removed shingles and repaired damaged to original roof
- Unloaded building materials from delivery truck
- Located irrigation for foundation and sidewalk; repaired irrigation system after it was damaged
- Landscaped around structure after completion
- Overall management of the project and various contractors to ensure success

Stone Pillar Waterfront Park Department Involvement

- Located placement for pillars
- Landscaped around infrastructure after completion
- Installed solar lights

Bike Racks/Repair Station Waterfront Park Department Involvement

- Called in locate
- Removed pre-existing sod
- Bored Sono-tube holes for concrete footing
- Built a containment structure out of treated 5x5 treated lumber to hole in gravel
- Picked up and delivered gravel to location
- Laid out and spread gravel for bike rack
- Installed racks and repair station to concrete infrastructure

Country Lane Repaving Department Involvement

- Mapped out the per-existing yellow striped center lines for the new road
- Changed speed limit signs from 45mph to 35mph
- Installed additional curve ahead signs for roadway
- Coordinated with Northeast Asphalt to repair new roadway after it sustained damaged from a semi-truck accident

Gateway Park Electrical Upgrade Department Involvement

- Called in locate
- Gathered building materials
- Laid out conduit and pulled wiring through conduit
- Wired electrical outlets

Light Pole Upgrade Waterfront Park Department Involvement

- Village purchased used light poles from Piggly Wiggly; gathered lights from the Piggly Wiggly
- Disassembled light poles
- Cleaned and sanded them down; repainted them
- Poles installed by electrician

Storm Sewer Grate Repair Department Involvement

- Coordinated with DOT, Vinton Construction and Warning Lights to make the necessary repairs

Sister Bay Parks & Streets Department Mission Statement

Sister Bays Parks & Streets Department mission for year 2024, and every year, is to provide a safe environment with a high level of services to our residents and guests. The department prides itself on making sure if you live in Sister Bay, own a business, or are visiting Sister Bay, or simply pass through the village, or enter one of our facilities, that it will be clean and well maintained. We also take great pride in our work and enjoy serving this great community.

My staff and I would like to thank the public for the overwhelming compliments that we received on how clean our facilities were maintained throughout this last year. We are looking forward to 2025 and providing the same level of high services to you all.

Sister Bay Parks & Streets Department Vision

Our vision for 2024 was to keep building on efficiency and productivity throughout the year. The department has worked hard as a team to make sure that schedules, supplies, and equipment are being utilized to their full potential. We hope to continue that in 2025.

Efficiency Example: If you were to walk into one of our many utility closets you will find a toolbox. Inside that toolbox, staff now has everything they need to fix and repair that building's toilet and urinal infrastructure. Staff no longer need to waste time running back to the shop to find the right tools or parts to make a repair. To most, this seems minor, but to staff, finally having a tool kit makes a big difference – it saves time and money.

Sister Bay's Parks & Streets Department Values

The department values a high level of workmanship, teamwork, and respect to each other, our residents, and our guests. We value helping each other succeed throughout the year. Value is also not lost in assisting our residents and guests in any way that we can, to provide the greatest experience possible.

The Parks and Streets Department Accomplished Goals for 2024

Director Goals:

As Director of the Parks and Streets Department my goal for the 2024 year was to work with staff in communicating things out in the field that need attention. I have directed staff to take note of things that were wrong and to either take the time to correct the problem right away or to let me know about it, so that time could be scheduled to fix the issues. Staff responded well to this goal, staying vigilant as they worked to complete their day-to-day routines. As Director, I also looked to fine tune the department's efficiency; I was vigilant in staying one step ahead of staff in setting up the next project, or by keeping commonly used items stocked at the shop, or at any of our other locations throughout the village, so we could reduce travel time and staff down time. I have been pleased with the efficiency and effectiveness this department has demonstrated in accomplishing tasks throughout the year. I also continued to add to and fine tune the department's many standard operating procedures (SOP). This has been helpful in allowing me to take more of an administrative role without the standards of the product diminishing. Staff now can refer to an SOP and know exactly how to perform that given task.

Staff Goals:

- Working safely and effectively
- Slowing down and not rushing to get to the next task. Making what you are working on the best it can be.
- Staying vigilant when out in the field. Take note of what you see and communicate any issues that need to be addressed.
- Continue to gain experience with Village equipment as it pertains to operating and servicing.
- Have fun while you're working!

DISCUSSION/ACTION ITEMS

AGENDA ITEM NO. 6
STAFF REPORT(S)

PARKS & STREETS DIRECTOR'S REPORT

Date: January 6, 2024

Board/Committee: Parks, Property & Streets Committee

Re: Monthly Report

Author: Erik Linczmaier, Director

1. Staff completed the Committee's request to remove the Sister Bay Vacation sign that was attached to the cold storage building and delivered it over to the Historical Society.
2. Staff has completed the assembly of the new log splitter.
3. Staff completed its cleanup for the Christkindlmarkt.
4. Staff continues to train and familiarize themselves with the Village sidewalk snow removal equipment.
5. Staff has continued to cut and brush along roadways and street signs.
6. Staff performed parking and safety duties for the fireworks show on New Year's Eve.
7. Update on the driveway access in front of Marina View condos: Steve from Vinton Construction provided an estimate on the approximate cost to turn the old driveway access into a traditional curb and gutter; cost is \$17,120.00. This estimate also includes the cost to fix a repair a storm water drain located near the daycare. I have reach out to him to see if he could provide separate estimates for both projects.
8. Update on the swim dock: Curtis from Somerset Marine provided an update on the swim dock. They are still waiting for the DNR to issue them a work permit.
9. Resident complaint: The owner of the Mill Rd Gallery reached out and wanted to talk about vehicles parking In front of his business blocking his driveway. He requested the Village supply him with three-foot-tall traffic cones so that they could be placed in the roadway when Mill Rd gets busy. Julie denied that request due to safety concerns, but said she would refer the matter to the Committee for discussion. I did tell the owner that I would be reaching out to the Sheriff's Department to see if parking tickets could be issued now that the Village has the proper signage in place for it. I have not been successful in arranging that meeting with the Sheriff's Department; in part I'm guessing because it is a low priority task for them, but I'll keep trying. I also talked with the owner about putting slanted yellow 'no parking strips' in his already existing yellow line that is in front of his parking lot; he liked that idea.

ADMINISTRATOR'S REPORT

Date: January 6, 2025

To: Parks, Property & Streets Committee

From: Julie Schmelzer, Administrator

Re: Monthly Report

Snowmobile Map

Jim Seaquist had no objection to the proposed route on the former Wiltse site, and therefore the 2024-2025 route is as reviewed and tentatively approved by the committee at the last meeting.

Crosswalk Art

Marie Kimball was scheduled to speak to us this month about the crosswalk art project we have been discussing. At the Finance Committee meeting this past month, that committee said that project could not be funded this year, so I cancelled Marie's session with us.

Municipal Reimbursement Funds

Every year we get 'municipal reimbursement funds' from Destination Door County. In 2024 we received \$51,814. The Finance Committee voted to spend those monies on the sewer and water lateral stub to the concession stand, landscaping along Mill Road West, and the remainder put in a municipal tree fund. A new reimbursement will be made in spring (March or April).

Road Planning

Erik and I met with Jennifer from Robert E. Lee to begin discussions on the reconstruction/repairs for the Mill Road Triangle. The original project estimate (put in the CIP last year) underestimated the cost of the project, so the project may be 'stretched' out longer than anticipated, but we won't know the actual estimated cost until the engineering is done. The tentative schedule is as follows:

- Survey – January/February 2025
- Public Involvement Meeting – Spring 2025
- Bid Package & Real Estate negotiations – Summer 2025
- Utility construction including storm sewer and WPS – Fall 2025
- Road construction – Spring 2026

We also discussed the possible extension of Canterbury east to Woodcrest. Urbanizing Canterbury Lane from STH 57 to Applewood would cost about \$1,148,000. The end of Canterbury, east to Woodcrest, which would be a new road, would cost \$2,142,000.

We also covered what it would cost to improve Applewood with curb and gutter, sidewalk, and lighting, and, install sewer and water in some areas. That street project would be \$1,384,000.

To extend Applewood east to Woodcrest, would cost \$3,849,000.

Trails

The concept plan for the STH 57 trail was completed in December. I am now working with the DOT on the best way to bid the project so the final engineering can occur. The design was paid for by the DC Medical Center; we received a grant from the DOT for part of the construction.

The concept plan for the STH 42 trail is partially complete. The first phase is done, but now the engineer is designing the elevated area. The design was paid for with a grant from Destination Door County's Community Investment Fund.

Village Hall & Concession Stand Design

Erik and I met with Mc Mahon to go through the plans for the remodel of the Village Hall and the restroom addition to the Concession Stand. They used lidar to scan the village hall to get a very accurate representation of the building. They had some good ideas on both projects, so we look forward to seeing their conceptual designs.
