To Whom It May Concern,

This letter is in regards to the New Hope Plan Commission and New Hope Town Board Meeting to be held July 21, 2025.

On the agenda is the re-zoning of parcel Number 026-24-1015-12.13 from A-1, Exclusive Agricultural to R-2 Single Family Residence, requested by Larry and Rhonda Fechter.

I would like The New Hope Plan Commission, The New Hope Town Board, and The Portage County Department of Planning and Zoning to deny Larry and Rhonda Fechter's request for this parcel to be rezoned from A-1 to R-2.

I strongly object to this request, because moving forward, in this fashion, would be opening the door for anyone to approach the town board with similar requests. Creating this ability will be an invitation and the town board will lose control of the lot size for any type of construction.

Please consider my comments and deny this zoning change request from Larry and Rhonda Fechter.

Sincerely,

Gordon Krogwold
An Adjacent Landowner.
