The members reviewed documents provided by the town regarding discontinuing Crab Apple Road. The documents included a copy from Oconto County Register of Deeds showing the original easement with Oconto County in 1978 to create Crab Apple Road. The deed states that if the roadway is discontinued it returns to the control of Oconto County. The upper most portion of the roadway falls on the parcel belonging to the YMCA of Green Bay, this portion would be returned to the YMCA. Two letters of approval from Oconto County and the YMCA were also reviewed. The commission concluded that discontinuing Crab Apple Road is not in conflict with the town's comprehensive plan. A motion was made by Dan Prouty to recommend the town board move forward with discontinuance of Crab Apple Road, seconded by Laurie Lucka, motion carried.

The members met with the town recycling center committee. The committee laid out the proposed improvements at the center. This includes the following examples.
Install a new sliding gate.
Remove the chain link fencing from the north, south, and west sides.
Relocate the shack to the northwest corner of the pavement.
Pave the area between the small shed and the large, paved area.
Install new gravel at the south end of the pavement and between the east fence and driveway for the metal recycling area.
ID cards and new signs.
The commission concluded that the improvements are not in conflict with the town's comprehensive plan. A motion was made by Laurie Lucka to recommend the town board move forward with the improvements, seconded by Dick Geneske, motion carried.
