WANTED

Dedicated, unbiased individuals who care about local election integrity are needed for the 2026-2028 election cycle for the Town of Breed. Training is provided and will include but is not limited to operating the voting tabulator, election day procedures, proper handling of absentee ballots, registering new electors, curbside voting, filling out inspector's statements, post-election procedures and reporting, and any updates or alerts to voting protocols as determined by the Wisconsin Elections Commission.

Election workers are compensated $15/hour for working election day and training. Polls open at 7:00am and wrap up anywhere between 9-10:00pm. Election days usually have split shifts. A potluck dinner is usually arranged between workers with extras provided. It is a very good opportunity to serve your community, get to know your neighbors, and make new friends.

Any interested town residents please contact the Town Clerk by email at clerk@townofbreed.wi.gov or phone/text 920-590-1338.

Please respond by December 8th, 2025. The list of potential election workers must be voted on for approval at the December 9th, 2025 board meeting. Thank you!

Kristen Telford

Town of Breed Clerk
