CALUMET COUNTY, WISCONSIN

**Minutes of Plan Commission Meeting
September 15, 2025**

CALL TO
ORDER

The meeting was called to order at 6:05 p.m. at the Town Hall. Plan Commission Secretary Popp confirmed meeting notice.

APPROVAL OF
AGENDA/MINUTES

A motion was made and seconded with unanimous approval of today's agenda and the minutes of the July 15, 2025 meeting.

EDEN STONE
JEFFERSON ROAD
CUP

A representative of Eden Stone was present to explain Eden Stone's renewal application for the Jefferson Road Quarry. Eden Stone is requesting no changes to the terms of the permit. Water sampling for the quarry has been completed, and Anita has the current certificate of insurance. There was brief discussion about blasting operations in which it was revealed that there was blasting perhaps once or twice this year. There was also discussion regarding the retaining pond and quarterly sampling of water leaving the quarry. Eden Stone will provide additional information to the Commission regarding the plan for reclamation of this quarry.

Following discussion, a motion was made and seconded with unanimous approval to renew the Conditional Use Permit for a term of three years on the same conditions that exist in the current permit.

EDEN STONE
COLUMBUS QUARRY
CUP

Eden Stone then presented its request for renewal of its Conditional Use Permit for the Columbus quarry. Eden Stone reported that it has no plans of operating at this quarry for the upcoming years. There are water issues at the quarry that would have to be resolved before any quarrying activity could take place. Eden Stone is looking for no changes to the permit and reported that the quarry will sit idle likely for the entirety of the renewal permit term. Eden did confirm that, under the terms of the CUP, if it were to begin operations it would first come before the Town to discuss it.

Following discussion, a motion was made and seconded with unanimous approval to renew the existing Conditional use Permit for a three-year term on the existing terms and conditions.

OTHER BUSINESS

Secretary Popp reported that she has received all water sampling results and certificates of insurance from the quarry operators.

ADJOURNMENT

There being no further business coming before the Plan Commission, a motion was made and seconded with unanimous approval to adjourn.

Respectfully submitted,
