Kugel wants his opinion on record that quarterly payments should be withheld until the intermunicipal agreement is being followed.

Agenda Item 12c Garbage & Recycling: GFL has again asked for the Consent to Assignment, however the board is still reluctant to sign it due to the many complaints from residents that they are unhappy with the current garbage service. The town did not receive written notice until after the acquisition took place, which could be grounds to challenge the contract. *Motion by Hajewski to authorize the Chair to work with our attorney to draft a letter to GFL notifying them of a desire to terminate service with them, working with the attorney to make sure that all aspects of that are correct and legal so that we may take up service with John's Disposal Service of Whitewater.
