Agenda:

Brian Brown gave an update on the Town Garage Project. The State Inspector had several issues and they are being addressed. They are hoping to have temporary occupancy of the Town Garage next week. The stairway issue is still being worked on. There will be grading and landscaping work to be done and Cody will work on getting that done. It was decided to use straw and grass seed as part of that project.

Jeanne Blasberg and husband (John) explained the need for a holding tank and bathroom in their barn at Flynn Creek Farm. The Board made a motion by Paul Schaller, seconded by Cory Brown, made unanimous by Roger Hodel to

"approve a Crest 2000 Gallon M-HP Concrete Holding Tank and bathroom in the barn at Flynn Creek Farm, 1236 Fritz Road, Verona, WI 53593"

Public Input

Allen White brought up for discussion the need for signage on Diane Ave. and if anything had been done in that area. It was stated that this is an issue for Pam Dumphy and that she has been informed about it. Roger Hodel will try and contact her again. Also, that a Dane Co. speed study was done but no follow-up or results from study has materialized. Would like to have this addressed more at the June Board Meeting.

Paul Schaller made a motion to adjourn at 8:15 p.m., Cory Brown seconded, Roger Hodel approved.

Respectfully submitted by Jean Hodel, Deputy Clerk
