New Business:

1. Entire Committee of the Whole

A. Discussion/possible action on the Rural Energy Startup Program grant. Patrick Diedrich presented. The company, Upper 90, looks at energy savings grants. They have recently worked with Edgerton, Evansville and Milton, they are located in Sun Prairie. This grant is through the PSC from the Office of Energy innovation. Grants help rural communities. Upper 90 would do an investment grade audit of our village. We apply for a \$20,000 grant which will pay for the audit and then if the village decides they want to do any of the projects from the audit list the Village can apply for another grant next year to do the projects. We pay up front project costs but will be reimbursed. The Village signs 1 contract with Upper 90 and they get other contractors, RFP's etc. for any of our projects and make sure they are completed properly. The Village should know this Nov. if we have gotten the grant or not. We can re-apply each year. Tucker/Smith motion to apply for the grant with Upper 90., Roll call vote: Ball, Wallace, Petruska, Smith, Deichl, Tucker, Gorseigner- aye. Motion carried.

B. Discussion/possible action on a quote from the Wisconsin Historical Society for an Archeological survey on the Marsh Road property. Approx. 17-18 acres need to be tilled in order for them to do the Pedestrian Study otherwise the Shovel test study is much more expensive. The Village Clerk will talk to Mr. Poulson and see if he can till it up, cut the hay, the Village might have to pay for any crop loss. Wallace/Ball motion to do the pedestrian survey in the amount of \$4,100 and contact Mr. Poulson for tilling and ask MSA why it wasn't included before and will they foot the bill. Roll call vote: Ball, Wallace, Petruska, Smith, Deichl, Tucker, Gorseegner- aye. Motion carried.
