

# EMERGENCY RESPONSE PUBLIC SAFETY SURVEY

The Woodlands Partnership of Northwest Massachusetts is embarking on a public safety services study of the 21-town region with the Edward J. Collins, Jr. Center for Public Management at the University of Massachusetts Boston.

Funded by the Massachusetts Executive Office of Energy and Environmental Affairs, the study is intended to provide towns with direction and support in receiving additional funds and identifying strategies, as well as inform state policy and procedure related to Payment-In-Lieu-of-Taxes (PILOT) and other currently inequitable programs.
