Resident, Robert Rockell of 16001 4th St. addressed the Board.

Mr. Rockell has stated the construction vehicles have destroyed the islands. He is asking to beautify the parks and islands throughout the town with nicer landscaping and irrigation. Also adding large bolder size rocks to the islands will help keep the vehicles from driving on them. He would like to see larger river rock instead of shell that just gets crushed into sand and washed away down our storm drains.

He would like to see some flowers or color, and when the dead oak trees are removed maybe replace with a GEIGER TREE.

He also states that Spectrum cable needs to be notified and told to come out to numerous areas of town and clean up their downed lines and rolled-up extra cables.

Chair Terracciano has asked for commissioner in charge of code enforcement to get

involved with spectrum.

Rock mentioned an infrastructure fee that is paid when new homes are built, where does that money go?

7. UNFINISHED BUSINESS

- a. Compare quotes for replacing the north-end of town park playground base from mulch to artificial turf, as well as sunshade for child's swing area.

 - Dave can re-stripe the basketball court.
 - The Park Board has about \$4,900 in funds left in the budget.
