Status Updates

Public Comment

Dave Meyer - Part of Erin Prairie committee pushing back on 10-mile creek project. Project encompasses a vast amount of acres. Here to discuss ideas to prevent creep into Stanton. He'd like Stanton to oppose large scale solar project publicly. Committee's goal is to reach all of St Croix County. Hesselink mentioned that he has attended the county's meetings on this and has been told that the county doesn't want to spend the constituents money on this. Discussion ensued in that meeting. Hesselink does agree that Stanton should do something of the sort, perhaps writing a letter to our state representatives - Has concern about the timing staying updated. Discussion about the topic continued between the board and the committee from Erin Prairie. Erin Prairie will send over some items for Stanton to review and begin discussing potential actions.
