OLD BUSINESS

- Cologne Road: Olean reported that material was added to the south end of the road over the culverts to provide an 8-inch lift. The north end of the road also received material to create an 8-inch lift as well. The road is ready for blacktop.
- Paving Projects: No updates.
- South Terrace Courts: The amount of the donation from the township will cover the naming rights of a pickleball court.
- Gillogly Road: Prigge reported via email that Lumen said locates are scheduled for next Monday, July 7, and the work should be done by the end of next week.
- Lakes and Pines: Discussion on the grant parameters and limitations. Zmyslony wants to know how the township board would like the county to help with utilizing the grant, if anything. The board came to the agreement that time limitations have dictated no further movement with this. The township has already done two mailings, ads have been in the local papers and it has been posted on our website and at the town hall.

NEW BUSINESS

- None.

ROAD MAINTENANCE

- Road Clearing Work: Two different residents of Olsonville called the township to share their gratitude on the road clearing work that John Korienek completed. A resident on West Chub Lake Road contacted the township to offer thanks for the tree that was removed.
- Brook Hollow: 30 mph speed limit signs will be posted by Wolf.
- County Gravel Request: A county grader operator requested material be added to several roads, most of which have already had dust control applied so material should not be added. However, Sandwick is very rutted, so Olean put in a request for the county to blade and reassess.
- Nendick Road: Resident contacted Olean about inaccurate application of dust control. Kiminski will take care of the issue.
