AGENDA ITEM #8 – DISCUSS PARK RIDGE PROPOSED BURNING ORDINANCE AMENDMENT – The Stevens Point Fire Department was asked to look over and offer suggestions on our current burning ordinance in Park Ridge. The proposed ordinance states that residents must request a permit for open burning from the SPFD. This must be called into the SPFD with details of the day and time of the burn and if approved, the permit will be emailed to the resident. The permit has no cost. Ring fires are still permitted with some size restrictions. After some discussion and a more detailed explanation by Terrence Spinner from SPFD, the Board agreed to look this over and approve it at a later date with public notice and hearing.

AGENDA ITEM #9 – ROAD PROJECT UPDATE – Dan Knoeck spoke about the Hillcrest/Greenbriar North section of the road project. Survey work is scheduled to begin in the next week and continue for two or three weeks depending on the weather. Letters were sent to homeowners directly affected by the project describing the scope of the work, the schedule of the survey work, and asking them to point out any private items near the road right-of-way that may be in conflict, including sprinkler systems, invisible fences and any underground feature that they should be made aware of. Dan said he has already received a few emails from residents. Once the survey is done in mid-November, then they can begin base mapping which is for preliminary design work. The first major milestone is in January when the preliminary plans are completed. At that point, the plans would be reviewed with the Village to make any

adjustments and receive feedback. There would then be a public informational meeting in February 2025. Menzel asked about residents who will be participating in the Garden Walk in summer of 2025 and having access to their properties during construction. Dan said as that date approaches, they would try and make accommodations, if possible, for access. Menzel spoke about his continued research into funding for the improvement project.
